## **Rethinking Globalizations From Corporate Transnationalism To Local Interventions:**

*Rethinking Globalization(S)* NA NA,2016-04-30 Contributors from diverse disciplinary ideological and theoretical perspectives examine the multiple aspects and dimensions of globalization By employing a variety of methodological approaches the authors provide insights into the role of numerous agents in furthering the process and project of present and future globalization s as manifested in economic political and cultural domains Furthermore they address the impacts of globalization in nation states emancipatory feminist and environmental movements and migrant communities as well as identify their participation in and opposition to the phenomena of globalization      **The Revival of Civil Society** Michael G. Schechter,2016-07-27 What is meant by the concept of civil society Why do some equate it with liberal democracy while others think it simply a guise for a market economy Who benefits from globalization and who loses out Can civil society prosper in an era of globalization Can global civil society restrain some of the negative consequences of economic globalization Through a series of unique case studies and theoretical inquiries this volume provides a set of concrete answers to questions such as these      **The Emergent Global Information Policy Regime** S. Braman,2004-01-20 There is a struggle over governance of the global information network among national governments and international organizations corporations and NGOs elites and civil society The outcome will determine how we communicate the extent of our civil liberties and human rights the profitability of e commerce and the richness of cultural expression This collection looks at the processes by which the global information policy regime is being formed themselves in conflict as a foundation for understanding its emergent features      **Understanding World Order and Structural Change** H. Abrahamsson,2015-12-22 Hans Abrahamsson assesses the current world order and structural change within an historical framework He analyzes the interaction of Pax American and the Bretton Woods system in the postwar period and its impact specifically on the development of Southern Africa The author also proposed an analytical model and a methodological framework for the study of the international political economy and its global and local implications Finally he addresses the circumstances behind the current opportunity for global change and the social forces and political action required in order to seize it      **Theories of New Regionalism** F. Söderbaum,T. Shaw,2003-11-11 Theories of New Regionalism represents the first systematic attempt to bring together leading theories of new regionalism Major theorists from around the world develop their own distinctive theoretical perspectives spanning new regionalism world order approaches along with regional governance liberal institutionalism neoclassical development regionalism to regional security complex theory RSCT and the region building approach      Immigration and Work Jody Agius Vallejo,2015-04-01 This volume investigates how larger structural inequalities in sending and receiving nations immigrant entry policies group characteristics and micro level processes such as discrimination and access to ethnic networks shapes labor market outcomes workplace experiences and patterns of integration among immigrants and their descendants      Global Restructuring and the Power of Labour Bill

Dunn,2004-05-28 Bill Dunn considers and contests accounts of globalization and post Fordism that see structural economic change in the late Twentieth century as having fundamentally worsened the conditions and weakened the potential of labour Including a comparative survey of restructuring in four major industries automobiles construction microelectronics and finance the book suggests the timing of change and its complex and contradictory nature undermine structural explanations of labour s situation It redirects attention towards labour s political defeats and own institutional shortcomings **World Democratic Federalism** M. Frankman,2004-03-31 Myron J Frankman provides an interrelated set of initiatives whose components are consistent with the logic of both the process of globalization and the emerging properties of our time Sustainability democratization equal opportunity diversity and peace He brings together the case for global public finance a single world currency and a planet wide citizen s income all within the context of democratic federalism extending from the local to the global *Valuation of Intangible Assets in Global Operations* Farok J. Contractor,2001-03-30 The valuation of intangible assets has become a central issue in the practice of management When companies undertake alliances or licensing agreements effect mergers sell or purchase brands or evaluate R D projects a key issue is how each party puts a financial value on the intangible contribution Valuations also have a tax implication particularly in transnational operations The contributors including academics from five nations and expert practitioners from leading accounting and consulting companies cover intellectual property strategy of global firms valuation of human capital and valuation techniques for the transfer or sale of brands licenses and other intangible assets In addition the contributors address the special needs of the software and pharmaceutical sectors in separate chapters This book includes tools metrics and models that are of interest to academics as well as global executives Recommended for valuation experts scholars international tax specialists executives especially those involved in alliance negotiations brand equity mergers and acquisitions divestitures and intellectual property management and officials in such supranational institutions as the EU OECD UNCTAD WTO IMF and World Bank **Power in Contemporary Politics** Henri Goverde,Philip G Cerny,Mark Haugaard,Howard H Lentner,2000-07-12 This major book provides an up to date and state of the art overview of the contemporary theory and practice of the most central concept in political science power The concept of political power is introduced within a three part framework contemporary theories of power applications of power processes and practices and the implications of modern power flows across the globe today The book explores the many structures of power in the contemporary world from theories of its construction and use to its operation in policy networks and its wider exercise at different levels in the political process from the local to the global Amongst the many themes explored are the reproduction and the legitimization of power the dynamics of resistance and coercion the concepts of private and public power and the impact of globalization processes and subsequent shifting power arrangements Combining diverse perspectives and different tools of analysis this book represents the most comprehensive treatment of political power published in the last fifteen years It will be essential reading for academics and students alike

across political science international studies and political sociology      **The Curious Feminist** Cynthia Enloe, 2004-12-15 In this collection of lively essays Cynthia Enloe makes better sense of globalization and international politics by taking a deep and personal look into the daily realities in a range of women's lives She proposes a distinctively feminist curiosity that begins with taking women seriously especially during this era of unprecedented American influence This means listening carefully digging deep challenging assumptions and welcoming surprises Listening to women in Asian sneaker factories Enloe reveals enables us to bring down to earth the often abstract discussions of the global economy Paying close attention to Iraqi women's organizing efforts under military occupation exposes the false global promises made by officials Enloe also turns the beam of her inquiry inward In a series of four candid interviews and a new set of autobiographical pieces she reflects on the gradual development of her own feminist curiosity Describing her wartime suburban girlhood and her years at Berkeley she maps the everyday obstacles placed on the path to feminist consciousness and suggests how those obstacles can be identified and overcome The Curious Feminist shows how taking women seriously also challenges the common assumption that masculinities are trivial factors in today's international affairs Enloe explores the workings of masculinity inside organizations as diverse as the American military a Serbian militia the UN and Oxfam A feminist curiosity finds all women worth thinking about Enloe claims She suggests that we pay thoughtful attention to women who appear complicit in violence or in the oppression of others or too cozily wrapped up in their relative privilege to inspire praise or compassion Enloe's vitality passion and incisive wit illuminate each essay The Curious Feminist is an original and timely invitation to look at global politics in an entirely different way      [The Blackwell Companion to Social Inequalities](#) Mary Romero, Eric Margolis, 2008-04-15 The Blackwell Companion to Social Inequalities is a first rate collection of social science scholarship on inequalities emphasizing race ethnicity class gender sexuality age and nationality Highlights themes that represent the scope and range of theoretical orientations contemporary emphases and emerging topics in the field of social inequalities Gives special attention to debates in the field developing trends and directions and interdisciplinary influences in the study of social inequalities Includes an editorial introduction and suggestions for further reading      [Multiculturalism in a Global Society](#) Peter Kivisto, 2008-04-30 Multiculturalism in Global Society explores the concepts and debates surrounding the complex modern phenomenon of multiculturalism and its varied effects on the advanced industrial nations of the world With remarkable clarity and concision it focuses on the interrelated ties of ethnicity race and nationalism in a world where globalizing processes have made such ties increasingly important in economic political and cultural terms Students and scholars looking for the most up to date approach to understanding multiculturalism in a global perspective will find this to be an engaging penetrating and illuminating text      **New Regionalism in the Global Political Economy** Shaun Breslin, Christopher W. Hughes, Nicola Phillips, Ben Rosamond, 2002-08-22 Featuring a notable list of international contributors this book presents a systematic and stimulating discussion on regionalism covering topical issues such as recent

financial crises enlargement within EU and the post Lome regionalism of Africa      Historical Dictionary of International Organizations Michael G. Schechter, 2009-11-09 One of the most pervasive phenomena that distinguish the early 21st century is the prevalence of international organizations IOs There are IOs in virtually every sector political economic trade social educational scientific defense and so forth Some IOs are restricted to clearly defined activities and closely controlled by their members others just grow and grow moving into new sections and becoming more powerful in some ways than their members The second edition of Historical Dictionary of International Organizations provides a comprehensive overview of the major international organizations both intergovernmental and international intergovernmental of the 20th and 21st centuries While the emphasis is on organizations that continue to operate today important organizations that have ceased to exist are also included This reference includes a chronology an introductory essay and over 700 cross referenced dictionary entries on the organizations significant leaders pioneers founders and members      The World in the Long Twentieth Century Edward Ross Dickinson, 2018-01-12 The biological transformation of modern times The foundations of the modern global economy Reorganizing the global economy Localization and globalization The great explosion New world dis order High modernity Revolt and refusal Transformative modernity Democracy and capitalism triumphant      **Strange Power** Thomas Lawton, James Rosenau, Amy Verdun, 2018-02-06 This title was first published in 2000 Focusing on the contribution of Susan Strange to the study of international political economy this collection forms a unique perspective on the global economy whilst providing tools for the reader to better understand that economic system The book examines Susan Strange's structural power theories whilst adding the perspective of the contributor The combination of approaches and experience provides a multifaceted analysis of international relations and international political economy      **The Israeli Diaspora** Steven J. Gold, 2005-06-29 In this fascinating study based on extensive field work in the major Israeli communities of New York Los Angeles London Paris and Sydney Steven J Gold looks at their reasons for leaving existing links abroad political and economic dissatisfaction at home and in the case of the Sephardim or Israelis of non European origin often a feeling of being treated as second class citizens the tensions compromises and satisfactions involved in their relations with Israelis who have not left and with the Jewish and non Jewish communities in the countries in which they settle In a final chapter he talks to those who after years as emigrants have made the decision to return The end result is a major contribution to the study not just of the Israeli diaspora but also to our wider understanding of migration and transnational identity Winner of the 2003 Thomas and Znaniecki Award American Sociological Association International Migration Section      **Transnational Mobilities in Action Sport Cultures** H. Thorpe, 2014-05-30 This book contributes to recent debates in transnationalism mobilities and migration studies by offering the first in depth sociological examination of the global phenomenon of action sports and the transnational networks and connections being established within and across local contexts around the world      **Adapting the United Nations to a Post-Modern Era** W. Knight, 2001-03-28 This volume addresses the central theme

of adjusting the United Nations system in light of firstly the broadening definition of security secondly a perceived shift from modernity to post modernity and finally the contemporary debate about reform adaptation and institutional learning in multilateral institutions during transnational periods The UN has not been successful in learning appropriate lessons that could facilitate requisite changes to its structure and operations Thus the authors in this study focus on the lessons learned from the organizations recent performance in collective security preventative diplomacy preventative deployment peacekeeping peacemaking peace maintenance and international legal environmental and trade regulation
