## **Rethinking Holy Land A Study In Salvation Geography:**

**Rethinking Holy Land** Marlin Jeschke, 2005 The author's vision for possessing land is a fresh alternative to the historical pattern of conquest and displacement of terrorized populations Jeschke's careful reading of the biblical narrative offers a redeeming view for stewarding space on God's earth a way we might call salvation geography God's design in salvation history is for a quality of life that sanctifies the whole earth Joshua (Baker Commentary on the Old Testament: Historical Books) John Goldingay, 2023-04-18 John Goldingay is one of the most prolific and creative Old Testament scholars working today In this book he draws on the best of biblical scholarship as well as the Christian tradition to offer a substantive and useful commentary on Joshua The commentary is both critically engaged and sensitive to the theological contributions of the text Goldingay treats Joshua as an ancient Israelite document that speaks to twenty first century Christians He examines the text section by section offering a fresh translation textual notes paragraph level commentary and theological reflection and addresses important issues and problems that flow from the text and its discussion This volume the first in a new series on the Historical Books complements other Baker Commentary on the Old Testament series Pentateuch Wisdom and Psalms and Prophets Each series volume is grounded in rigorous scholarship but is useful for those who preach and teach The series editors are David G Firth Trinity College Bristol and Lissa M Wray Beal Wycliffe College University of Toronto **Mission from the Perspective of the Other** Tim Noble, 2018-08-30 Christian mission involves God the missionary and the other the recipient of mission This book argues for the centrality of this other in the practice of mission The other as child of God is presented not as an empty vessel waiting to be filled but as the one who draws near to the missionary Both are sent by God and together they enter into the journey towards God Drawing on Scripture contemporary missiology and phenomenology the book argues for the importance of this often neglected other and demonstrates through historical case studies involving Saint Ignatius of Loyola William Carey and Saint Innocent of Alaska that the recognition of the gift of the other has always been present in Christian mission and can continue to inspire Joshua Gordon H. Matties, 2012-05-02 In an age of fear and insecurity in which ethnic nationalism continues to give rise to conflict and war we dare not avoid critical engagement with biblical texts that have been used to justify colonialism conquest occupation and ethnic cleansing Building on the idea of Scripture as dialogue partner Matties advocates for the book of Joshua even as he engages in a difficult conversation with it In his commentary the twenty fifth volume in the Believers Church Bible Commentary series Matties calls for an openness to the unexpected in the book of Joshua He suggests that reading Joshua carefully will open windows into how and why we read Scripture at all **The Drama of a Rural Community's Life Cycle** S. Roy Kaufman, 2020-09-22 Rural communities depend on the health of the agrarian cultures that compose them These cultures grow out of the symbiotic relationship between a particular landscape and the human community that lives on and uses the land Agrarian cultures had their origin in the development of agriculture and gave birth to the civilizations and empires of history Based on the exercise of hierarchical

power characteristic of their nature empires and civilizations are always a threat to the welfare of their agrarian cultures that by nature tend to be local relational reciprocal and ecological This is the story of the three Anabaptist agrarian cultures Swiss German Low German and Hutterian of the Freeman South Dakota rural community and their sojourn within the empires of civilization through the centuries More specifically this is the story of their birth growth maturation and death or rebirth in the particular landscape of the Great Plains to which they came from Russia in the 1870s Here we see the agrarian cultures struggle to adapt to the new environment of the Great Plains and to maintain their unique identity while living within American society This is the drama of a rural community's life cycle *Learning from the Least* Andrew F.

Bush, 2013-12-03 With the majority of the world's Christians now living in the non Western world Christian mission has become a global movement The mission of Western Christianity now faces the challenge of laying aside the preeminence and privilege it has long enjoyed in global Christian mission and embracing a new role of servanthood in weakness alongside its sisters and brothers from Asia South America and Africa Such a transformation in historic patterns in mission requires not just new strategies and techniques but a renewal of its spirituality How can the spirituality of Western mission be renewed By learning from those non Western Christians whose lives on the margins reveal anew the One who emptied himself of the prerogatives of glory on the cross to serve humanity out of utter weakness *Learning from the Least* invites you to a journey among Palestinian Christians to meet radical peacemakers who are making courageous decisions to reconcile with those who are customarily reckoned as enemies Their radical servanthood out of weakness is a prophetic challenge to Western Christians a call to lay aside the prerogatives of power and wealth to question triumphal theologies and to discover again the vulnerability of the way of the cross **Isaiah** Ivan D. Friesen, 2009-06-30

Ivan Friesen explores how the interpretation of the book of Isaiah is carried out and lived out today in faith communities where the Bible is the bedrock of faith and life Such an interpretation combines the concerns of pastoral care with the distress and uncertainty of prophetic action The commentary groups the sixty six chapters of Isaiah into six distinct but continuous parts Each part may be explored as one might explore the room of a house The furnishings themes in each room are different but the decor structure of the house combines to lend to the book an overall unity of purpose The architecture of the book as a whole has distinct features that include words of judgment as well as words of promise announcing a new day dawning In this new day dawning there are strong elements of a messianic hope **From Land to Lands, from Eden to the Renewed Earth** Munther

Isaac, 2015-10-14 The land is an important theme in the Bible It is a theme through which the whole biblical history found in the Old and New Testaments can be studied and analyzed Looking at the land in the Bible from its beginnings in the garden of Eden this publication approaches the theme from three distinct perspectives holiness the covenant and the kingdom Through careful analysis the author recognises that the land has been universalized in Christ as anticipated in the Old Testament and as a result promotes a missional theology of the land that underlines the social and territorial dimensions of

redemption      2007 European Heritage Tour Lois Ann Mast, Join the July 2007 European Heritage Tour led by Lemar and Lois Ann Mast in this illustrated journal Tour participants visited their ancestral towns in Germany Switzerland France Belgium and the Netherlands as well as many Anabaptist historical sites to learn more of their European history      *Healing God's Earth* S. Roy Kaufman, 2013-08-02 Rural communities and traditional cultures throughout North America and around the world are being systematically dismantled by the forces of urban civilization It is no new phenomenon For over four millennia the powers of urban civilization have been playing God oppressing people and exploiting the earth This long history has brought us to the brink of disaster in the current economic ecological and energy crises confronting the dominant global culture This book reads the Bible through the lenses of rural communities The Bible has something to say about the origin and character of urban civilization and the dynamic of its relationship to rural communities Both Israel in the Old Testament and Jesus in the New Testament were engaged in the formation of rural communities of faith living as alternatives to the dominant cultures of the urban civilizations in which they lived It turns out that local face to face communities both rural and urban along with traditional cultures of all stripes are God's chosen instruments for the subversive nonviolent disarming of urban civilization and the healing of God's earth      **Peace and Faith** Cary Nelson, Michael C. Gizzi, 2021-10-26 PEACE AND FAITH Christian Churches and the Israeli Palestinian Conflict composed of new essays is the first collection to bring together writers from different faith communities to discuss the Boycott Divestment and Sanctions movement's impact on one of the more fractious topics addressed by Christian denominations the Israeli Palestinian conflict In so doing it builds on interfaith projects under way for decades Theology and politics intermingle in debates taking place in local churches Christian NGOs and national church meetings that define official policy The debates revive and reframe the most basic values of Christianity and the questions church members seek to resolve How do Christians today hew to the principles Jesus articulated How can justice be pursued in the context of competing national narratives and historical understandings What bearing do or should centuries of Christian violence against Jews and Muslims have on contemporary theology and ethics Is it ethical or even possible to set aside millennia of Christian anti-Semitism in judging Israel's conduct What Christian values should be honored in pursuing Jesus's mission of reconciliation today How may the pursuit of truth be corrupted by passionate social witness Can advocacy cross the line into hatred These are among the critical questions this collection poses and attempts to address      **Psalms** James H. Waltner, 2006-10-16 The influence of Psalms is immense both in terms of the worship of God's people and in the spiritual experience of countless individuals James H. Waltner aims to help readers find their way through Psalms encounter God and be led into obedience and praise      **Jesus, Deliver Us** Willard M. Swartley, 2019-06-04 Deliver us from the evil one is the heart's cry from the Lord's Prayer Evil wears many faces in our modern world This book connects the Lord's Prayer to troubles of our times be it attacks from Satan the wars around the world the scourge of racism or the mass shootings of our time The subtitle of the book identifies the scope This book blends both deliverance from demonic bondage

and witness to the powers in relation to political policies and government While the book aims to be a biblical theology on these topics it seeks also to address the praxis how these evils are confronted through healing deliverance ministries and what people of God say and do in witness to the powers The two streams of response to evil are really one as a faithful response to the saving work of the Lord God Almighty through Jesus Christ's victory over Satan sin evil and death Love your enemy confronts evil with power to transform The Mennonite Quarterly Review ,2007 What is Palestine-Israel? Sonia K. Weaver,2007 The combined name Palestine Israel only hints at the deep fissures dividing this land This book presents some of the questions Mennonite workers in Palestine regularly receive from supporters in Canada the United States and beyond along with straightforward answers While the book grew out of the experience of Mennonite Central Committee MCC a relief development and peacebuilding agency of Mennonite and Brethren in Christ churches in Canada and the United States it also pays attention to the work of other Mennonite mission and peacebuilding agencies in the country
