Rethinking Haiti:

The Idea of Haiti Millery Polyné, 2013-05-17 After Haiti was struck by a devastating earthquake on January 12 2010 aid workers and offers of support poured in from around the world Tellingly though news reports on the catastrophe and relief efforts frequently included a pejorative description of the country that outsiders were determined to rebuild the troubled island nation a nation plagued by political violence There was much talk of inventing a new Haiti which would presumably mimic Western modes of development and thus mitigate political instability and crisis As contributors to this wide ranging book reveal Haiti has long been marginalized as an embodiment of alterity as the other and the idea of a new Haiti is actually nothing new An investigation of the notion of newness through the lenses of history and literature urban planning religion and governance The Idea of Haiti illuminates the politics and the narratives of Haiti's past and present The essays which grow from original research and in depth interviews examine how race class and national development inform the policies that envision re-creating the country Together the contributors address important questions How will the present narratives of deviance affect international relief and rebuilding efforts What do Haitians themselves think about Haiti old and new What are the potential complications and weakness of aid strategies during these trying times And what do we mean by crisis in Haiti Contributors Yveline Alexis Rutgers U Wein Weibert Arthus State U of Haiti Greg Beckett Bowdoin College Alex Dupuy Wesleyan U Harley F Etienne U of Michigan Robert Fatton Jr U of Virginia Sibylle Fischer New York U Elizabeth McAlister Wesleyan U Nick Nesbitt Princeton U Karen Richman U of Notre Dame Mark Schuller York College CUNY Patrick Sylvain Brown U velyne Trouillot State U of Haiti Tatiana Wah Columbia U Rethinking Haiti Junior Dastine, Amonnon Louis, 2005-10 Rethinking Haiti is intended to serve as wake up call for all Haitians worldwide to work toward a self governing Haiti What Haitians want is very simple they want a better government but Haiti needs better Haitians to form a better government Haiti is a country for the rich but Haiti will not prosper unless we make it a country for all Haitians Haiti stands on great accomplishments of our ancestors and Haiti will advance with each idea of over 10 million Haitians worldwide Please join the movement and share your Ideas www.RethinkingHaiti.com *Rethinking Haiti* Junior Dastine, Amonnon Louis, 2005-10-11 *The Idea of Haiti* Millery Polyné, 2013 This volume critically examines the politics of Haiti's past its facts and fables and how these narratives illuminate our understanding of the domestic and transnational structures in place that have contributed to Haitian underdevelopment a persistent image of deviance and also cultural survival in the 20th and 21st centuries Moreover the book examines the challenges and benefits of strategic recovery operations during the post earthquake period in Haiti Reclaiming Haiti's Futures Darlène Elizabeth Dubuisson, 2025 Haiti was once a beacon of Black liberatory futures but now it is often depicted as a place with no future where emigration is the only way out for most of its population But Reclaiming Haiti's Futures tells a different story It is a story about two generations of Haitian scholars who returned home after particular crises to partake in social change The first generation

called jenerasyon 86 were intellectuals who fled Haiti during the Duvalier dictatorship 1957-1986. They returned after the regime fell to participate in the democratic transition through their political leadership and activism. The younger generation dubbed the jenn dokt returned after the 2010 earthquake to partake in national reconstruction through public higher education reform. An ethnography of the future, the book explores how these returned scholars resisted coloniality's fractures and displacements by working toward and creating inhabitability or future-oriented places of belonging through improvisation, rasanblaj assembly, and radical imagination. By centering on Haiti and the Caribbean, the book offers insights not just into the Haitian experience but also into how fractures have come to typify more aspects of life globally and what we might do about it.

Haiti since 1804 Alex Dupuy, 2024-01-06. Leading scholar Alex Dupuy investigates themes of class, power, and gender in Haiti in the capitalist world economy from independence and indemnity to the US occupation and current crisis after the assassination of President Moïse. This book provides new perspectives on Haiti's political economy since independence and demystifies major forces that shape Haiti today. In addition to the controversial indemnity, Dupuy looks at how the United States supplanted France as the major power occupying Haiti from 1915-34 and influenced Haiti's economic and political development. Its policies and those imposed by international financial institutions transformed Haiti into the supplier of the lowest paid labor, particularly in export assembly industries comprised mostly of women. In the present day, criminal gangs have plunged Haiti into an unprecedented political, economic, and security crisis since the assassination of Moïse, and Prime Minister Ariel Henry has called for foreign intervention to restore order.

Rethinking the Haitian Revolution Alex Dupuy, 2019-03-18. In this important book, leading scholar Alex Dupuy provides a critical reinterpretation of the Haitian Revolution and its aftermath. Dupuy evaluates the French colonial context of Saint Domingue and then Haiti, the achievements and limitations of the revolution, and the divisions in the Haitian ruling class that blocked meaningful economic and political development. He reconsiders the link between slavery and modern capitalism, refutes the argument that Hegel derived his master-slave dialectic from the Haitian Revolution, analyzes the consequences of new class and color divisions after independence, and convincingly explains why Haiti chose to pay an indemnity to France in return for its recognition of Haiti's independence. In his sophisticated analysis of race, class, and slavery, Dupuy provides a robust theoretical framework for conceptualizing and understanding these major themes.

'I Want to Disturb My Neighbour' Verene Shepherd, 2007. This collection of 21 papers selected from presentations internationally reflect the depth and focus of Professor Shepherd's work over the past ten years in the areas of conquest and colonialization, slavery and anti-slavery, post-slavery society, the project of decolonization, and the role of gender.
