Retief And The Rascals:

Retief and the Rascals Keith Laumer, 2016-02-29 Terran diplomat and interplanetary troubleshooter Jame Retief must stop the belligerent five eyed Groaci from invading the beleaguered planet of Bloor which is already plagued by violence between rival gangs

Retief and the Warlords Keith Laumer, 2016-02-29 Across the galaxies against wrongdoers and rogues Only Retief the indomitable champion of the underdog and 27th century diplomacy can seal the peace between the battling earthlings and the lobster like aliens known as the Haterakans In constant peril the daring spacewarrior must join a pirate band cross the fatal boundaries of the Terran Defense League and take on his arch rivals Foulbrood and Bloodblister Facing certain torture double dealing and ruthless espionage he passes within inches of death But he must emerge victorious or the Hatracks will waste no time in executing their berserk plan to raise earthlings as a food supply

Galactic Odyssey Keith Laumer, 2016-02-29 Billy Danger had gone past hitting the skids now he was freezing to death in a blizzard So he took shelter in a corn silo that turned out to be a disguised alien starship and woke up light years from Earth

The House in November Keith Laumer, 2016-04-28 Invasion At first the U S army what was left of it thought it was battling a communist invasion The truth was much worse It wasn't until Jeff Mallory awoke one morning to find that all his fellow townsfolk had become sleep walking zombies and that a tower had been erected in the center of town a tower that seemed to stretch to the stars that the horrible truth began to unravel Earth had been invaded not by a race of alien conquerors but by a disease A disease with a brain

Time Trap Keith Laumer, 2016-03-24 ABE LINCOLN IN AFRICA He was seen and photographed in a Tunisian bazaar And an ancient Spanish galleon fully crewed with ancient Spaniards was taken in tow off Tampa by the Coast Guard and a few luckless people found themselves living the same day over and over and over Something was badly wrong with Time but Roger Tyson didn't know it until he met the lovely agent from elsewhere and started on a mad chase through the dimensions plagued by a motley bunch of temporal castaways and pursued hotly by Oob the Rhox

The Other Side of Time Keith Laumer, 2016-02-29 BLINDING LIGHT NOISE BEYOND SOUND A JOURNEY INTO NOTHINGNESS Imperial Intelligence Agent Brion Bayard was catapulted into nothingness by an unknown force and woke to find himself in a universe not his own Surrounded by hulking cannibalistic ape men who called themselves Hagroon Bayard was soon entrapped in a web of time lines He found himself running from the Hagroon into the arms of Dzok the educated monkey man of Xonijeel transported by Dzok to a universe where Napoleon the Fifth was in power and left there to the tender powers of the beautiful witch Olivia struggling with the bonds of a fictitious past always striving to regain his lost universe of Zero zero Stockholm so he could bring the warning which might save his world from sudden violent death

Judson's Eden Keith Laumer, 2016-02-29 When Marl Judson fleeing a rapacious government that wanted not just his fabulous wealth but his life crash landed on a uninhabited planet he thought he was marooned without hope of rescue so he prepared himself to live out his remaining years as best he could amidst the planet's weird hallucinogenic flora But head twisting flowers which Judson

learned to avoid were only part of the planet's weirdness it was possessed of some sort of field effect which made time play strange tricks temporal anomalies sometimes resulted in cause preceding effect and bizarre compressions and expansions of the normal pace of events In such an environment time had no meaning has Judson lived centuries alone or only decades Or is it years Or all of the above He doesn't quite know but when another ship crashes the strange time effects allowed him to conduct an experiment aimed at producing a perfect society a veritable Judson's Eden The Snake arrives in the form of the government that marooned him and the Snake wants Judson's Eden for itself *The World Shuffler* Keith

Laumer, 2016-02-29 TWAS BORING IN ARTESIA or so thought Sir Lafayette O Leary ex craftsman from Earth and now seemingly ex interdimensional swashbuckler extraordinaire as well His battles were all won his dragons all slain and life was just the same boring round of riches royal hunts and regatas Boring boring boring until he walked past the azalia Suddenly Artesia was gone and O Leary was trapped in Melange a world of giants and pirates karate chopping hags and electronic flying carpets a world where goons and harlots are the spitting images literally of his own aristocratic Artesian associates And because they think he's his double lots of his new friends want O Leary dead Unless he can get through the interdimensional gate and find the continuum path back home O Leary's life will never be boring again Just short **Back**

to the Time Trap Keith Laumer, 2016-03-24 A Wall Street trader leaves the bulls and bears and comes face to face with hungrier dinosaurs A Roaring 20s gangster gets roughed up by real cavemen A pioneer hitches up his covered wagon on the Oregon Trail and winds up in a modern shopping mall And Roger Tyson who thought the space time continuum had finally settled down to normal is flung helplessly from the distant past to the far future and back again Superbeings from the end of time are struggling for control of the universe with aliens from another galaxy And if a few random humans get caught in one of their time gates they don't much care So Roger and his friends find themselves facing everyone from the cast of the original Mutiny on the Bounty to real pirates of the Spanish Main in a wild quest to their own time and bring everything back to insanity as usual **Night of Delusions** Keith Laumer, 2016-03-24 It starts out as a weird but seemingly understandable

assignment bodyguarding a mad politician whose keepers have decided to let him escape as a sort of reality therapy But to understand the Senator Florin must enter the Machine and reality will never be the same From now on he's a Knight of

Delusions **The Monitors** Keith Laumer, 2016-02-29 Even after the set had been turned off the TV blared the announcement Citizens of Earth I am Teresh Jetterax It is my pleasure to announce to you that a new government has taken over the conduct of all public affairs And thus the US was in the hands of the Monitors the strangely polite yellow clad beings whose powers were such that they could render everyone helpless without shedding one drop of blood Who are they The Russians An alien race from another planet *Catastrophe Planet* Keith Laumer, 2016-04-28 The Earth was in shambles after the final quake had leveled the cities For Mal Irish the last hold on reality was the embossed gold coin he had taken from the pocket of the dead man the man who with his last breath had told him of mastodons buried in ice and men who

were not human Once in possession of the coin Mal found himself on a mysterious quest which led him to discover even stranger things the girl who spoke the language of another world the city under the ocean floor and the deadly little men who followed him He was in the power of something beyond his understanding and he meant to find out its source before it put him to its own unfathomable uses **Zone Yellow** Keith Laumer, 2016-02-29 Brion Bayard once of our own timeline and now Imperium Agent extraordinaire had been on some pretty dangerous missions before but never had he encountered so noxious a foe as the invading legions of giant plague ridden rats who walked like men spreading disease across the multiple universes of the Imperium Unless Bayard can travel to the original world of the long tailed invaders and stop the plague at its source the Earth of the Imperium and all the other Earths in all the universes will fall before the verminous hordes from a timeline that should never have existed in the first place The Ultimax Man Keith Laumer, 2016-02-29 In the next few days you will master the rules and techniques for every activity skill talent sport and art ever mastered by any human being anywhere You will be as expert at clipping flints as at architectural drawing You will be able to juggle walk a tightrope and add the numerals on the sides of passing freight cars as fast as any idiot savant You will absorb all the information in all the books the human race's entire heritage of knowledge This was only the beginning of the experiment that was to turn a petty thief into the most brilliant and powerful man ever to hold the earth in thrall This was only the first step on the path of conquest mapped out for THE ULTIMAX MAN **Rogue Bolo** Keith Laumer, 2016-03-24 From An Abbreviated History of the Bolo The first completely automated Bolo designed to operate normally without a man on board was the landmark XV Model M This model first commissioned in the twenty fifth century was widely used throughout the Eastern Arm during the Era of Expansion and remained in service on remote worlds for over two centuries acquiring many improvements in detail while remaining basically unchanged through increasing sophistication of circuitry and weapons vastly upgraded its effectiveness The always present through perhaps unlikely possibility of capture and use of a Bolo by an enemy was a constant source of anxiety to military leaders and in time gave rise to the next and final major advance in Bolo technology the self directing and quite incidentally self aware Mark XX Model B Bolo Tremendous The Mark XX was greeted with little enthusiasm by the High Command who now professed to believe that an unguided by operator Bolo would potentially be capable of running amok The Stars Must Wait Keith Laumer, 2016-03-24 Awakened from suspended animation aboard his exploration starship John Jackson is shocked to discover that the ship never left Earth and that he has slept a century after a world war Facing a nightmare wilderness inhabited by neo barbarians and sentient tanks Jackson is the only man who can bring the world to its senses **The Great Time Machine Hoax** Keith Laumer, 2016-03-24 Chester W Chester IV inherits a run down mansion and millions in back taxes In order to pay the taxes he initially decides to auction off the mansion and its contents but then he discovers a massive computer the Generalized Nonlinear Extrapolator or Genie that can bring any situation or time to life *The Infinite Cage* Keith Laumer, 2016-03-24 When he awakens in a skid row alley Adam knows nothing Not who he is nor

where he s from Money is a mystery So are women All he begins his new life with is a will to survive But he learns fast first how to get away then how not to have to In the beginning Adam wants to be friends with us Before he s through he just might run the human race off its feet **The Star Treasure** Keith Laumer,2016-02-29 HE HAD NOTHING TO DO WITH THE MURDER It was a set up but who was behind it and why did they want Ban Tarleton out of the United Planetary Navy Could it have been something to do with the innocent looking chunk of rock dug from an asteroid by Tarleton s best friend a discovery which caused him to be brutally killed The Navy was helpless under the orders of a greater power Yet even the Star Lords had a weakness If Tarleton could discover that secret he and the populace of the beleaguered world might find freedom once again Star Colony Keith Laumer,2016-03-24 Coming in fast and low the huge ship made planetfall Three years out from Terra the colony ship Omega had reached her destination and the crew began to off load the cargo and passengers Then the ship vanished Against the vast panorama of an unexplored universe Keith Laumer sets this first volume of the history of the world called Colmar mankind s first venture among the stars
