Selection From the Poetry of Robert Burns Lois G. Hufford, 2015-06-25 Excerpt from Selection From the Poetry of Robert Burns With Notes Introduction and Glossary Although especially intended for secondary schools it is hoped that this volume of selections from the poetry of Burns may commend itself to a wider circle of students No attempt has been made to show all the phases of Burns's genius the effort rather has been to show him at his best It is through such of his poems as are included in this volume that his powerful influence in restoring to English poetry a higher standard and a purer taste than had prevailed in the earlier part of the eighteenth century is best seen The notes aim to give as far as possible the circumstances attending the composition of each poem They are based chiefly upon authorized Edinburgh editions of the poet and upon the interpretation of friendly critics Such words as are not given in the glossary will be found in the notes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www](http://www.forgottenbooks.com)
