Seminars Of Jacques Lacan:

The Four Fundamental Concepts of Psycho-Analysis Jacques Lacan, 2018-05-08 The author's writings and especially the seminars for which he has become famous have provoked intense controversies in French analytic circles requiring as they do a radical reappraisal of the legacy bequeathed by Freud This volume is based on a year's seminar which is of particular importance because he was addressing a larger less specialist audience than ever before amongst whom he could not assume familiarity with his work For his listeners then and for his readers now he wanted to introduce a certain coherence into the major concepts on which psycho analysis is based namely the unconscious repetition the transference and the drive In re defining these four concepts he explores the question that as he puts it moves from Is psycho analysis a science to What is a science that includes psycho analysis

Transference 1960-61 that explore its theoretical and philosophical consequences in the clinic the classroom and society Including contributions from clinicians as well as scholars working in philosophy literature and culture studies the commentaries presented here represent a wide range of disciplinary perspectives on the concept of transference Some chapters closely follow the structure of the seminar's sessions while others take up thematic concerns or related sessions such as the commentary on sessions 19 to 22 which deal with Lacan's discussion of Claudel's Co fontaine trilogy This book is not a compendium to Lacan's seminar Instead it attempts to capture through shorter contributions a spectrum of voices debating deliberating and learning with Lacan's concept In doing so it can be seen to engage with transference conceptually in a manner that matches the spirit of Lacan's seminar itself The book will provide an invaluable new resource for Lacan scholars working across the fields of psychoanalytic theory clinical psychology philosophy and cultural studies

The Ethics of Psychoanalysis 1959-1960 Jacques Lacan, 2013-11-19 In his famous seminar on ethics Jacques Lacan uses this question as his departure point for a re-examination of Freud's work and the experience of psychoanalysis in relation to ethics Delving into the psychoanalyst's inevitable involvement with ethical questions Lacan clarifies many of his key concepts During the seminar he discusses the problem of sublimation the paradox of jouissance the essence of tragedy and the tragic dimension of analytical experience One of the most influential French intellectuals of this century Lacan is seen here at the height of his powers

Revolutionary and innovative Lacan s work lies at the epicenter of modern thought about otherness subjectivity sexual difference and enjoyment This new translation of Jacques Lacan s deliberation on psychoanalysis and contemporary social order offers welcome readable access to the brilliant author s seminal thinking on Freud Marx and Hegel patterns of social and sexual behavior and the nature and function of science and knowledge in the contemporary world **On Feminine Sexuality the Limits of**

Love and Knowledge Jacques Lacan,1999-11-23 In his psycholinguistic exploration of the relationship between the desire for love and the attainment of knowledge Jacques Lacan leads into an new way of interpreting the two most fundamental human drives **Desire and its Interpretation** Jacques Lacan,2021-03-22

What does Lacan show us He shows us that desire is not a biological function that it is not correlated with a natural object and that its object is fantasized Because of this desire is extravagant It cannot be grasped by those who might try to master it It plays tricks on them Yet if it is not recognized it produces symptoms In psychoanalysis the goal is to interpret that is to read the message regarding desire that is harbored within the symptom Although desire upsets us it also inspires us to invent artifices that can serve us as a compass An animal species has a single natural compass Human beings on the other hand have multiple compasses signifying montages and discourses They tell you what to do how to think how to enjoy and how to reproduce Yet each person s fantasy remains irreducible to shared ideals Up until recently all of our compasses no matter how varied pointed in the same direction toward the Father We considered the patriarch to be an anthropological invariant His decline accelerated owing to increasing equality the growth of capitalism and the ever greater domination of technology We have reached the end of the Father Age Another discourse is in the process of taking the former s place It champions innovation over tradition networks over hierarchies the draw of the future over the weight of the past femininity over virility Where there had previously been a fixed order transformational flows constantly push back any and all limits Freud was a product of the Father Age He did a great deal to save it The Catholic Church finally realized this Lacan followed the way paved by Freud but it led him to posit that the father is a symptom He demonstrates that here using Hamlet as an example What people have latched onto about Lacan s work his formalization of the Oedipus complex and his emphasis on the Name of the Father was merely his point of departure Seminar VI already revises this the Oedipus complex is not the only solution to desire it is

merely a normalized form thereof it is moreover a pathogenic form it does not exhaustively explain desire's course Hence the eulogy of perversion with which this seminar ends Lacan views perversion here as a rebellion against the identifications that assure the maintenance of social routines This Seminar predicted the revamping of formally established conformisms and even their explosion We have reached that point Lacan is talking about us ...or Worse Jacques Lacan, 2018-08-20 A chance meeting of a sewing machine and an umbrella The impossible face off between a whale and a polar bear One was devised by Lautr among the other punctuated by Freud Both are memorable Why so They certainly tickle something in us Lacan says what it is It's about man and woman There is neither accord nor harmony between man and woman There's no programme nothing has been predetermined every move is a shot in the dark which in modal logic is called contingency There's no way out of it Why is it so inexorable that is so necessary It really has to be reckoned that this stems from an impossibility Hence the theorem There is no sexual relation The formula has become famous In the place of what thereby punctures a hole in the real there is a plethora of luring and enchanting images and there are discourses that prescribe what this relation must be These discourses are mere semblance the artifice of which psychoanalysis has made apparent to all In the twenty first century this is beyond dispute Who still believes that marriage has a natural foundation Since it's a fact of culture one devotes oneself to inventing One cobbles together different constructions from whatever one can It may be better or worse There is Oneness At the heart of the present Seminar this aphorism which hitherto went unnoticed complements the there is no of sexual relation stating what there is It should be heard as One all alone Alone in jouissance which is fundamentally auto erotic and alone in significance outside any semantics Here begins Lacan's late teaching Everything he has already taught you is here and yet everything is new overhauled topsy turvy Lacan had taught the primacy of the Other in the order of truth and the order of desire Here he teaches the primacy of the One in its real dimension He rejects the Two of sexual relation and that of signifying articulation He rejects the Big Other the fulcrum of the dialectic of the subject disputing its existence which he consigns to fiction He depreciates desire and promotes jouissance He rejects Being which is mere semblance Henology the doctrine of the One here outclasses ontology the theory of Being What about the symbolic order Nothing more than the reiteration of the One in the real Hence the abandoning of graphs and topological surfaces in favour of knots made of rings of string each of which is an unlinked One Recall that Seminar XVIII sighed for a discourse that would not be semblance Well with Seminar XIX we have an attempt at a discourse that would take its point of departure in the real The radical thought of modern Individualism Jacques Alain Miller **Studying Lacan's Seminar VII** Carol Owens, 2023-11-24 Studying Lacan's Seminar VII offers a contemporary critically informed set of analyses of Lacan's ethics seminar and astute reflections about what Lacan's ethics offer to the field of psychoanalytic thought today The volume interrogates the seminar with fresh voices and situated curiosities and perspectives making for a compellingly exciting range of explorations of the crucial matters related to an ethics of psychoanalysis The chapters question and tease out the

paradoxes Lacan draws attention to in his seminar of 1959 1960 and in addition they offer radical engagements with the seminar in light of theories of racism inequality capitalism education and subjectivity The key elements in Lacan s seminar are explained debated and reconsidered with Antigone das Ding and the inevitable ne c der pas sur son d sir duly unpacked examined and ruminated upon Studying Lacan s Seminar VII will be of interest to psychoanalytic scholars and students of Lacanian psychoanalysis as well as psychoanalytic therapists and analysts It will also be of interest to scholars and students of politics philosophy and studies at the intersections of racism film feminism sociology gender and queer theory **The Major Literary Seminars of Jacques Lacan** SANTANU. BISWAS,2024-08-20 The Major Literary Seminars of Jacques Lacan considers the three key phases of Lacan s interest in literary topics Santanu Biswas first examines the seminars given between 1955 and 1961 in which Lacan spoke on Edgar Allan Poe s short story The Purloined Letter Hamlet Sophocles Antigone and Paul Claudel s The Co fontaine Trilogy and where literature is related to meaning This is followed by an exploration of Lacan s seminar on Lituraterre in 1971 in which Lacan elaborates on the different ways in which literature appeared to turn towards lituraterre Finally Biswas considers Lacan s 1975 1976 seminar on James Joyce who created literature out of litter and was concerned with jouissance rather than with meaning The Major Literary Seminars of Jacques Lacan will be of great interest to Lacanian psychoanalysts academics and students of Lacanian studies literature and psychoanalysis and other practitioners interested in the teachings of Lacan
