Book of Curious Information William S. Walsh, 1913 Cycles of Time and Meaning in the Mexican Books of Fate Elizabeth Hill Boone, 2007-02-01 In communities throughout precontact Mesoamerica calendar priests and diviners relied on pictographic almanacs to predict the fate of newborns to guide people in choosing marriage partners and auspicious wedding dates to know when to plant and harvest crops and to be successful in many of life's activities As the Spanish colonized Mesoamerica in the sixteenth century they made a determined effort to destroy these books in which the Aztec and neighboring peoples recorded their understanding of the invisible world of the sacred calendar and the cosmic forces and supernaturals that adhered to time Today only a few of these divinatory codices survive Visually complex esoteric and strikingly beautiful painted books such as the famous Codex Borgia and Codex Borbonicus still serve as portals into the ancient Mexican calendrical systems and the cycles of time and meaning they encode In this comprehensive study Elizabeth Hill Boone analyzes the entire extant corpus of Mexican divinatory codices and offers a masterful explanation of the genre as a whole She introduces the sacred divinatory calendar and the calendar priests and diviners who owned and used the books Boone then explains the graphic vocabulary of the calendar and its prophetic forces and describes the organizing principles that structure the codices She shows how they form almanacs that either offer general purpose guidance or focus topically on specific aspects of life such as birth marriage agriculture and rain travel and the forces of the planet Venus Boone also tackles two major areas of controversy the great narrative passage in the Codex Borgia which she freshly interprets as a cosmic narrative of creation and the disputed origins of the codices which she argues grew out of a single religious and divinatory system Lewisham public libraries. Goss, 1894 *Cecilia Valdés or El Angel* Cirilo Villaverde, 2005-09-29 Cecilia Valdés is arguably the most important novel of 19th century Cuba Originally published in New York City in 1882 Cirilo Villaverde's novel has fascinated readers inside and outside Cuba since the late 19th century In this new English translation a vast landscape emerges of the moral political and sexual depravity caused by slavery and colonialism Set in the Havana of the 1830s the novel introduces us to Cecilia a beautiful light skinned mulatta who is being pursued by the son of a Spanish slave trader named Leonardo Unbeknownst to the two they are the children of the same father Eventually Cecilia gives in to Leonardo's advances she becomes pregnant and gives birth to a baby girl When Leonardo who gets bored with Cecilia after a while agrees to marry a white upper class woman Cecilia vows revenge A mulatto friend and suitor of hers kills Leonardo and Cecilia is thrown into prison as an accessory to the crime For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean There are the elite social circles of European and New World Whites the rich culture of the free people of color the class to which Cecilia herself belonged and then the slaves divided among themselves between those who were born in Africa and those who were born in the New World and those who worked on the sugar
