Holbrook, 2012-01-25 *Music Movies Meanings and Markets* focuses on macromarketing related aspects of film music in general and on the cinemusical role of ambi diegetic jazz in particular. The book examines other work on music in motion pictures which has dealt primarily with the traditional distinction between nondiegetic film music (background music that comes from off screen and is not audible to the film's characters) to further the dramatic development of plot, character, or other themes, and diegetic music (source music produced on screen and/or that is audible to the film's characters) adding to the realism of the mise en scene without contributing much to other dramatic meanings. This book defines, describes, and illustrates another hitherto neglected type of film music: ambi diegetic film music which appears on screen but which contributes to the dramatic development of plot, character, and other themes. Consistent with an interest in macromarketing, such ambi diegetic film music serves as a kind of product placement suitable for commercialization via the cross promotion of soundtrack albums, for example, and plays a role in product design. It also provides one type of symbolic consumer behavior that indicates choices made by film characters when playing, singing, listening, or dancing in ways that reveal their personalities or convey other cinemusical meanings. Morris Holbrook argues that ambi diegetic film music sheds light on various social issues such as the age-old tension between art and entertainment as it applies to the contrast between creative integrity and commercialization. *Music Movies Meanings and Markets* explores the ways in which ambi diegetic jazz contributes to the development of dramatic meanings in various films, many of which address the art versus commerce theme as a central concern.

Crypt 33: Adela Gregory, Milo Speriglio, 2012-07-01. The shocking truth behind the death of an American icon and the conspiracies that kept it secret for decades in the best autopsy of Marilyn Monroe. Cyril H. Wecht, MD, JD. In her tragically short life, Marilyn Monroe embodied American womanhood, innocence, and lust, both as a Hollywood star and in the shadows of her tormented soul. But when she was found naked and dead on the morning of August 5, 1962, she became the subject of a mystery that has perplexed the world for generations. Was her death an accident, suicide, or murder? In *Crypt 33*, two Los Angeles private investigators recount the startling evidence that may solve the case once and for all, finally revealing the truth about Monroe's affairs with JFK and Robert Kennedy, the identity of the friend who allowed Monroe's killers into her home, evidence of the deadly drugs and how they were administered to the starlet, the rumors of an assassination plot masterminded by the Cosa Nostra and high-ranking government officials, the tangled web of wiretaps in Monroe's home, and what happened to the audio tape recording of her murder. Now at last, the truth of Monroe's shocking death can be told in a book that makes the hardest case yet that Marilyn was the victim of foul play. Kirkus Reviews: Well and sympathetically told. Speriglio and Gregory are fluent, convincing writers. Publishers Weekly: **Starstruck in the Promised**
