Craigslist Confessional Helena Dea Bala, 2020-07-07 Touching The New York Times For fans of Humans of New York and PostSecret a collection of raw urgent and heartfelt stories shared anonymously Helena Dea Bala was an exhausted and isolated DC lobbyist suffocating under the weight of her student loan debt when she decided to split her lunch with a man who often panhandled near her office They chatted effortlessly as they ate there were no half truths or white lies and no fear of judgment Helena felt connected and unburdened in a way she hadn't in years Inspired she posted an ad on Craigslist

promising to listen anonymously and for free to whatever the speaker felt he or she couldn't tell anyone else. Emails from people desperate to connect flooded her inbox and she listened. Within months Helena quit her job, deferred her loans, and dove into listening full time. The forty-first person confessions in this book are vivid, intimate, and real; they range from devastating traumas to lost loves to reflections on hard choices. Some accounts are quotidian, like that of one increasingly estranged husband: "I want to feel that we're not just roommates, that we're not just waiting for the kids to grow up so that we can move on." Others are deeply disconcerting, like that of a sex addict employed by a religious organization, and several are heartening, like that of a mother who dares to hope that her daughter, born with life-threatening heart defects, will one day walk down the aisle. Sometimes you need to have the audacity to believe that it will all be okay, that it is okay to have the same kinds of dreams as everyone else. In its complex portrayal of the common human experience, *Craig's List Confessional* challenges us to explore the depths of our vulnerability and expand the borders of our empathy. **LGBTQ America Today** John Charles Hawley, 2008-11-30. Lesbian, gay, bisexual, transgender, and queer culture is a vibrant and rapidly evolving segment of the American mosaic. This book gives students and general readers a current guide to the people and issues at the forefront of contemporary LGBTQ America. Included are more than 600 alphabetically arranged entries on literature and the arts, associations and organizations, individuals, law and public policy concerns, health and relationships, sexual issues, and numerous other topics. Entries are written by distinguished authorities and cite works for further reading, and the encyclopedia closes with a selected general bibliography. Students in social studies, history, and literature classes will welcome this book's illumination of American cultural diversity. LGBTQ Americans have endured many struggles, and during the last decade, in particular, they have made tremendous contributions to our multicultural society. Drawing on the expertise of numerous expert contributors, this book gives students and general readers a current overview of contemporary LGBTQ American culture. Sweeping in scope, the encyclopedia looks at literature and the arts, associations and organizations, individuals, law and public policy concerns, health and relationships, sexual practices, and various other areas. Entries cite works for further reading, and the encyclopedia closes with a selected general bibliography. While extensive biographical entries give readers a sense of the lives of prominent lesbian, gay, bisexual, transgender, and queer Americans, the many topical entries provide full coverage of the challenges and contributions for which these people are known. The encyclopedia supports the social studies curriculum by helping students learn about cultural diversity, and it supports the literature curriculum by helping students learn about LGBTQ writers and their works.
