Johnston, 1984-08-01 A J B Johnston establishes the secular and religious contexts of life in Louisbourg and then traces the mixed fortunes of the three religious groups that served the French stronghold of Louisbourg during the eighteenth century These were the Recollets of Brittany who acted as parish priests and chaplains the Brothers of Charity of Saint John of God who operated the King's Hospital and the Sisters of the Congregation of Notre Dame who conducted the local school for girls Drawing on the extensive material in the Archives of the Fortress of Louisbourg he notes the groups remarkable persistence in the face of personnel shortages financial burdens and conflicts with secular authorities and rival religious bodies Not the least of their problems was the profound parsimony of the Louisbourgeois who declined to build a parish church or pay a compulsory tithe Yet despite this independent stance religion was at the centre of family and community life in Louisbourg as the author demonstrates in a chapter devoted to the faith morality and popular beliefs of the town's inhabitants The colourful military history of Louisbourg has been the subject of numerous books and articles and the economy of the Fortress has received close attention in recent years This first comprehensive study of the religious aspects of life in this outpost of France's overseas empire contributes substantially to the social as well as the

brilliant yet tragically flawed man      **The First Global War** William Nester, 2000-02-28 By 1756 the wilderness war for control of North America that erupted two years earlier between France and England had expanded into a global struggle among all of Europe's Great Powers Its land and sea battles raged across the North American continent engulfed Europe and India and stretched from the Atlantic to the Mediterranean Indian and Pacific waters The new conflict now commonly known as the Seven Years War of 1756-1763 was a direct continuation of the last French and Indian War This study explores the North American campaigns in relation to events elsewhere in the world from the ministries of Whitehall and Versailles to the land and sea battles in Europe Africa South Asia and the Caribbean Few wars have had a more decisive effect on international relations and national development The French and Indian War resulted in France's expulsion from almost all of the Western Hemisphere except for some tiny islands in the Caribbean and St Lawrence Britain emerged as the world's dominant sea power and would remain so for two centuries Finally within a generation or two the vast debts incurred by Whitehall and Versailles in waging this war would help to stimulate revolutions in America and France that would forever change world history      **The Outlook**, 1915      *The American Historical Review* John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1921 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research      *Capé Breton at 200* Kenneth Joseph Donovan, 1985      *General Richard Montgomery and the American Revolution* Hal T. Shelton, 1996-03 Chronicles the life and military of a neglected hero of the American Revolution General Richard Montgomery Brave humane and generous still he was only a brave humane and generous rebel curse on his virtues they've undone this country Member of British Parliament Lord North upon hearing of General Richard Montgomery's death in battle against the British At 3 a.m. on December 31, 1775 a band of desperate men stumbled through a raging Canadian blizzard toward Quebec The doggedness of this ragtag militia consisting largely of men whose short-term enlistments were to expire within the next 24 hours was due to the exhortations of their leader Arriving at Quebec before dawn the troop stormed two unmanned barriers only to be met by a British ambush at the third Amid a withering hail of cannon grapeshot the patriot leader at the forefront of the assault crumpled to the ground General Richard Montgomery was dead at the age of 37 Montgomery who captured St John and Montreal in the same fortnight in 1775 who upon his death was eulogized in British Parliament by Burke Chatham and Barr and after whom 16 American counties have been named has to date been a neglected hero Written in engaging accessible prose General Richard Montgomery and the American Revolution chronicles Montgomery's life and military career definitively correcting this historical oversight once and for all      **The Atlantic Region to Confederation** Phillip Buckner, John G. Reid, 2017-06-22 Nearly thirty years ago W S MacNutt published the first general history of the Atlantic provinces before Confederation An outstanding scholarly achievement that history inspired much of the enormous growth of research and writing on Atlantic Canada in the succeeding decades Now a new effort is

required to convey the state of our knowledge in the 1990s Many of the themes important to today s historians notably those relating to social class gender and ethnicity have been fully developed only since 1970 Important advances have been made in our understanding of regional economic developments and their implications for social cultural and political life This book is intended to fill the need for an up to date overview of emerging regional themes and issues Each of the sixteen chapters written by a distinguished scholar covers a specific chronological period and has been carefully integrated into the whole The history begins with the evolution of Native cultures and the impact of the arrival of Europeans on those cultures and continues to the formation of Confederation The goal has been to provide a synthesis that not only incorporates the most recent scholarship but is accessible to the general reader The book re assesses many old themes from a new perspective and seeks to broaden the focus of regional history to include those groups whom the traditional historiography ignored or marginalized
