**Love and Rage** Lama Rod Owens, 2020-06-16 A LOS ANGELES TIMES BESTSELLER In the face of systemic racism and state sanctioned violence how can we metabolize our anger into a force for liberation White supremacy in the United States has long necessitated that Black rage be suppressed repressed or denied often as a means of survival a literal matter of life and death In Love and Rage Lama Rod Owens coauthor of Radical Dharma shows how this unmetabolized anger and the grief hurt and transhistorical trauma beneath it needs to be explored respected and fully embodied to heal from heartbreak and walk the path of liberation This is not a book about bypassing anger to focus on happiness or a road map for using spirituality to transform the nature of rage into something else Instead it is one that offers a potent vision of anger that acknowledges and honors its power as a vehicle for radical social change and enduring spiritual transformation Love and Rage weaves the inimitable wisdom and lived experience of Lama Rod Owens with Buddhist philosophy practical meditation exercises mindfulness tantra pranayama ancestor practices energy work and classical yoga The result is a book that serves as both a balm and a blueprint for those seeking justice who can feel overwhelmed with anger and yet who refuse to relent It is a necessary text for these times

Vieux-Chauvet, 2010-03-30 The only English translation of a masterpiece The Nation a stunning trilogy of novellas about the soul crushing cost of life under a violent Haitian dictatorship featuring an introduction by Edwidge Danticat Originally published in 1968 Love Anger Madness virtually disappeared from circulation until its republication in France in 2005 Set in the barely fictionalized Haiti of Papa Doc Duvalier's repressive rule Marie Vieux Chauvet's writing was so powerful and so incendiary that she was forced to flee to the United States Yet Love Anger Madness endures Claire the narrator of Love is the eldest of three daughters who surrenders her dreams of marriage to run the household after her parents die Insecure about her dark skin she fantasizes about her middle sister's French husband while he has an affair with the youngest sister setting in motion a complicated family dynamic that echoes the growing chaos outside their home In Anger the police terrorize a middle class family by threatening to seize their land The father insinuates that their only hope of salvation lies with an unspeakable act his daughter Rose must prostitute herself which leads to all consuming guilt shame and rage And finally Madness paints a terrifying portrait of a Haitian village that has been ravaged by militants Ren a young poet is trapped in his family's house for days with no food and becomes obsessed with the souls of the dead that surround him

**Midpoint Love-Anger Simplified, 2nd Edition** Cotter Books, 2009-06 **Love & Light** Clayten Tylor, 2017-05-20 This book examines Swedenborg's spiritual experiences of Heaven and Hell from an esoteric perspective as a feeling the language of angels and spirits To perceive this spiritual feeling begins the regeneration process that develops an inner perception of celestial love as spiritual light When we can perceive love and light as a feeling as it expresses through our physical senses we can start to

affect our own psycho spiritual development to evolve from a sensual to a spiritual feeling of conjugal love As we examine love and light as a spiritual feeling through heaven and hell we too begin to experience a deeper spiritual awareness which can initiate a personal communication with the Divine as a Conjugal Love experience With creative self expression as our goal we can take regeneration into our own hands to speed up our own evolution while we transmute the forces that block the spiritual feeling of the Brotherhood of Mankind and thereby together manifest the feeling of Heaven on Earth *Jesus and the Reign of God* Choan-Seng Song,1993-01-01 Song s theology is a startling rebuke to Christologies centered either in historical critical searches or church doctrines For Song theology is the biography of God and God s reign is evident in stories of God s saving presence in Jesus The reign of God in Jesus becomes manifest through movements of people to be free from the shackles of the past to change the status quo of the present and to have a role to play in the arrival of the future

book draws on the teachings of the apostle Paul who wrote extensively about love in his letters to the early Christian communities Paul saw love as the most important of all virtues and the ultimate expression of God's nature He exhorted his readers to love one another deeply just as Christ loved them and gave himself up for them For Paul love was not an abstract concept it was a tangible reality that should be evident in the way believers treated each other The book also highlights the example of Christ who demonstrated the ultimate act of selflessness and love by sacrificing himself on the cross for the redemption of humanity Christ's life and teachings provide a model for how we should love others putting their needs above our own and seeking to serve rather than be served Ultimately the book's message is one of hope and encouragement It reminds us that no matter how broken our relationships may be there is always the potential for restoration and healing through the power of love By embracing the teachings of Paul and following the example of Christ we can build strong and healthy relationships that reflect God's love and bring joy and fulfillment to our lives

David Mace,1984      **The Foundations of Character** Alexander Faulkner Shand,1914 A scientific treatment should not diminish but increase the general interest taken in character To bring together the various aspects of the subject which in literature are treated in isolation from one another to lead up to a general conception of it to study the methods by which the knowledge of it may be increased in accuracy and extent these are to make approaches to a scientific treatment of character While I have had chiefly to confine myself to a study of the tendencies of the emotions and sentiments this has been throughout my aim This book then is a study of method Yet I do not claim that this method is essentially new It is in the main the hypothetical method of the sciences it has had to be adapted to the treatment of character that is all A complete science of mind would include a science of character The best approach to such a science is through the study of the primary emotions and their connected instincts This study is to be directed to an analysis of tendencies PsycINFO Database Record c 2005 APA all rights reserved
