The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood In The Bond of Love Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics dispelling misconceptions

and elucidating its truth with grace and clarity As he demonstrates far from being a set of arbitrary rules that constrain human freedom this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ

Love and Sexuality in Social Theory Emiliano Bevilacqua, Mariano Longo, Michael Hviid Jacobsen, 2024-11-27 *Love and Sexuality in Social Theory* considers the role that love and sexuality play in private and public life Drawing on both classical and contemporary social theory this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love With attention to the consequences that passions and desires have both on morals and behaviour it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone De Beauvoir through the work of Erving Goffman and ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions

Robertson, 2018-09-05 Parker Pillsbury one of the most important and least examined antislavery activists of the nineteenth century was a man of intense contradictions Was he a disruptive eccentric who lashed out at authority proclaiming Lincoln the worst president in the nation's history or a sensitive visionary committed to social justice In the first full length biography of this remarkable American Stacey M Robertson depicts a man who became a leading voice in the antebellum period Crisscrossing the North for twenty five years Pillsbury denounced slavery to all who would listen In his travels he often endured the violent rage of mob opposition but he also received the passionate support of fellow advocates Robertson's vivid portrayal of this itinerant agitator revises standard views of the antislavery movement by highlighting the interplay between activists such as Pillsbury and the national leadership which they often challenged She also reveals how Pillsbury one of the nation's first male feminists struggled to reject the notion of male dominance in his political philosophy public activism and personal

relationships The biography of a man devoted to justice and equality this book places his motivations and experiences in the context of nineteenth century social reform but never strays far from Pillsbury himself His voice irascible and fiery whimsical and compassionate offers a vivid reminder that history is the story of individual lives Youth Sexuality in the Context of HIV/AIDS in South Africa Karl Peltzer, Supa Pengpid, Teresa-Ann B. Mashego, 2006 Dowsett 2003 notes that by far the vast majority of non biomedical research on HIV AIDS has been behavioural research usually by survey methods counting people s sex acts partners preferences places times and reasons for sex and assessing levels of risk for HIV infection revealing the dominance of seeing sex largely as behaviours **Don't Call It Love** Patrick Carnes, 2013-12-18 Dr Patrick Carnes is a creative pioneering and courageous human being His books are changing the lives of thousands I lost three marriages all because of affairs I became suicidal because of multiple intense involvements I spent money on sex when I needed it for children s clothes I lost promotion opportunities and a special scholarship because my co workers found out about my sex life Every day they face the possibility of destruction risking their families fiances jobs dignity and health They come from all walks of life ministers physicians therapists politicians executives blue collar workers Most were abused as children sexually physically or emotionally and saw addictive behavior in their early lives Most grapple with other addictions as well but their fiercest battle is with the most astounding prevalent secret disorder in America sexual addiction Here is a ground breaking work by the nation s leading professional expert on sexual addiction based on the candid testimony of more than one thousand recovering sexual addicts in the first major scientific study of the disorder This essential volume includes not only the revealing findings of Dr Carne s research with recovering addicts but also advice from the addicts and co addicts themselves as they work to overcome their compulsive behavior Positive hopeful and practical Don t Call It Love is a landmark book that helps us better understand all addictions their causes and the difficult path to recovery **Who Told You that You Were Naked?** Beverly Dale, 2024-10-15 A devotional for self image and self love In this collection of meditations and reflections Rev Beverly Dale critiques the theology and culture of shame that negatively impact so many lives She offers an alternative theology rooted in embracing who we are as sexual beings Both self help guide and theological and cultural criticism this volume will appeal to anyone interested in practical applicable engagement with the intersection between theology and sexuality The End of Love Eva Illouz, 2021-09-15 Western culture has endlessly represented the ways in which love miraculously erupts in people s lives the mythical moment in which one knows someone is destined for us the feverish waiting for a phone call or an email the thrill that runs down our spine at the mere thought of him or her Yet a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love where we fall out of love when the one who kept us awake at night now leaves us indifferent or when we hurry away from those who excited us a few months or even a few hours before In *The End of Love* Eva Illouz documents the multifarious ways in which relationships end She argues that if modern love was once marked by the freedom to enter sexual and emotional

bonds according to one's will and choice contemporary love has now become characterized by practices of non choice the freedom to withdraw from relationships Illouz dubs this process by which relationships fade evaporate dissolve and break down unloving While sociology has classically focused on the formation of social bonds The End of Love makes a powerful case for studying why and how social bonds collapse and dissolve Particularly striking is the role that capitalism plays in practices of non choice and unloving The unmaking of social bonds she argues is connected to contemporary capitalism which is characterized by practices of non commitment and non choice practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties Unloving and non choice have in turn a profound impact on society and economics as they explain why people may be having fewer children increasingly living alone and having less sex The End of Love presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism Contrary to Love Patrick Carnes,1994-04-19

Contrary to Love Patrick Carnes,1994-04-19 **New Philosophies of Sex and Love** Sarah LaChance Adams,Christopher M. Davidson,Caroline R. Lundquist,2016-11-30 Our amorous and erotic experiences do not simply bring us pleasure they shape our very identities our ways of relating to ourselves each other and our shared world This volume challenges some of our most prevalent assumptions relating to identity the body monogamy libido sexual identity seduction fidelity orgasm and more In twelve original and philosophically thought provoking essays the authors reflect on the broader meanings of love and sex what their shifting historical meanings entail for us in the present how they are constrained by social conventions the ambiguous juxtaposition of agency and passivity that they reveal how they shape and are formed by political institutions the opportunities they present to resist the confines of gender and sexual orientation how cultural artefacts can become incorporated into the body and how love and sex both form and justify our ethical world views Ideal for students both in philosophy and gender studies this highly readable book takes us to the very heart of two of the most important dimensions of human experience and meaning making to the seductive and alluring confusing and frustrating realms of love and sex **The Poetics of Intimacy and the Problem of Sexual Abstinence** Michael J. Hartwig,2009 This bold work asks whether traditional Christian sexual morality with its emphasis on sexual abstinence outside of heterosexual marriage is harmful Appealing to sociological studies anthropological theories and contemporary theological ethics Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced married couples gay men and lesbians single adults and people with mental and developmental disabilities He concludes that mandated long term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful but compromises many features of Christian morality The Love-Shy Survival Guide Talmer Shockley,2009-05-15 Love shyness is a condition which causes a phobia of romantic and sexual situations This book is designed to help Love Shys overcome this fear and to meet date and maintain romantic relationships A self confessed Love

Shy Shockley explores the condition its links with Asperger s Syndrome and how it differs from normal shyness Human Sexuality in the Catholic Tradition Kieran Scott,Harold Daly Horell,2007 Contemporary culture provides conflicting and confusing messages about the meaning and purpose of human sexuality and often sex education that is offered often does not promote a mature integrated understanding of sexuality Human Sexuality in the Catholic Tradition meets the great need for pastoral guidance in addressing moral issues of sexuality in both the Church and broader culture today Kieran Scott and Harold Horell explore with other leading scholars how to draw from the best Christian faith traditions to renew our understanding of sexuality explore the integration of our sexuality and our spirituality and develop life affirming and life sustaining ways of approaching contemporary sexual issues This book explores sexuality from spiritual psychological moral and ministerial perspectives and addresses specific issues such as sex and marriage celibacy homosexuality and cohabitation
