**Interfaces of Performance** Maria Chatzichristodoulou, Janis Jefferies, 2016-05-23 This collection of essays and interviews investigates current practices that expand our understanding and experience of performance through the use of state-of-the-art technologies. It brings together leading practitioners, writers, and curators who explore the intersections between theatre performance and digital technologies, challenging expectations and furthering discourse across the disciplines. As technologies become increasingly integrated into theatre and performance, *Interfaces of Performance* revisits key elements of performance practice in order to investigate emergent paradigms. To do this, five concepts integral to the core of all performance are foregrounded: namely, environments, bodies, audiences, politics of practice, and affect. The thematic structure of the volume has been designed to extend current discourse in the field that is often led by formalist analysis focusing on technology per se. The proposed approach intends to unpack conceptual elements of performance practice, investigating the strategic use of a diverse spectrum of technologies as a means to artistic ends. The focus is on the ideas, objectives, and concerns of the artists who integrate technologies into their work. In so doing, these inquisitive practitioners research new dramaturgies and methodologies in order to create innovative experiences for and encounters with their audiences.

**International Handbook of Love** Claude-Hélène Mayer, Elisabeth Vanderheiden, 2021-05-04 This handbook is the winner of the William B. Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research. This handbook includes state-of-the-art research on love in classical, modern, and postmodern perspectives. It expands on previous literature and explores topics around love from new cultural, intercultural, and transcultural approaches and across disciplines. It provides insights into various love concepts like romantic love, agape, and eros in their cultural embeddedness and their changes and developments in specific cultural contexts. It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation, globalisation, and the fourth industrial revolution. The handbook covers a vast range of topics in relation to love: aging, health, special needs, sexual preferences, spiritual practice, subcultures, family, and other relationships, and so on. The chapters look at love not only in terms of the universal concept and in private, intimate relationships but apply a broad concept of love which can also, for example, be referred to in postmodern workplaces. This volume is of interest to a wide readership including researchers, practitioners, and students of the social sciences, humanities, and behavioural sciences. In the 1970s through the 90s, I was told that globalization was homogenizing

cultures into a worldwide monoculture This volume as risky and profound as the many adventures of love across our multiplying cultures are proves otherwise The authors revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is But that s what love does It communicates what is offers what can be and pleads for what must be I know you ll enjoy this wonderful book as much as I do Jeffrey Ady Associate Professor retired Public Administration Program University of Hawaii at Manoa Founding Fellow International Academy for Intercultural Research The International Handbook of Love is far more than a traditional compendium It is a breath taking attempt to synthesize our anthropological and sociological knowledge on love It illuminates topics as diverse as Chinese love one night stands teen romance or love of leaders and many more This is a definitive reference in the field of love studies Eva Illouz author of The End of Love A sociology of Negative relationships Oxford University Press This is not a volume to be read in a single sitting though I almost did due to a protracted hospital stay nor is it romantic or inspirational reading though in some cases I had hoped for more narrative examples and case studies Rather it is a highly diverse scholarly effort a massive resource collection of research papers on love in a variety of contexts personal and professional settings and cultures The work is well referenced providing a large number of resources for deeper exploration We owe our thanks to the authors and editors of this handbook for work well done though that word in the title should not lead readers to suspect that enlightening as it is this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives Reviewed by Dr George F Simons on amazon com Please see Claude H l ne Mayer s interview related to the handbook in LeanHealth Talks published by Bernadette Bruckner <https://www.youtube.com/watch?v=yVNXA9sWuWo> Please see Claude H l ne Mayer s interview related to the handbook published In Iran News Daily <https://newspaper.irandaily.ir/nid/6941> pid 6 type 0
