J. Sokol,Mary Sokol,2003-12-08 This interdisciplinary study combines legal historical and literary approaches to the practice and theory of marriage in Shakespeare's time It uses the history of English law and the history of the contexts of law to study a wide range of Shakespeare's plays and poems The authors approach the legal history of marriage as part of cultural history The household was viewed as the basic unit of Elizabethan society but many aspects of marriage were controversial and the law relating to marriage was uncertain and confusing leading to bitter disagreements over the proper modes for marriage choice and conduct The authors point out numerous instances within Shakespeare's plays of the conflict over status gender relations property religious belief and individual autonomy versus community control By achieving a better understanding of these issues the book illuminates both Shakespeare's work and his age      *The Art of Love Poetry* Erik Irving Gray,2018 The first study to offer an integral theory of love poetry examining why it is that poetry even more than other arts is so consistently associated with romantic love      **A Cognitive Approach to John Donne's Songs and Sonnets** M. *Subversive Family* Ferdinand Mount,2010-06-15 British politician and writer Ferdinand Mount challenges contemporary beliefs about society and family including the history of divorce childcare and the concept of the nuclear family In *Subversive Family* politician and writer Ferdinand Mount argues that society is shaped by a series of powerful revolutionary movements the leaders of which whether they be political ideologues theologians feudal lords or feminist writers have done their utmost to render the family a subordinate instrument of their purpose but that in spite of it all the family endures Mount maintains that many widely held contemporary beliefs about the family are based on a willful misreading of the evidence among the myths are that arranged marriages were the norm until this century that child care is a modern innovation that in earlier societies children were treated as expendable objects that the nuclear family is not a 20th century invention and that romantic love never existed before the troubador poets glorified adultery Divorce he contends is no great novelty either he shows that in many times and places it has been almost as easy to obtain as it is today Far from diminishing the general desire and respect for family life Mount contends that the provision for divorce has been popularly regarded as an integral part of any sensible system of family law This study should jolt the reader into a re assessment of one of the most familiar and ancient institutions and encourage greater consideration for policies today that support the family

distinguished contributors including scholars from the US Canada Britain and Australia the volume is a wide ranging account of this vital era of poetry and of its importance for the way we continue to write love and live today **Women, the Book, and the Godly** Lesley Janette Smith, Jane H.
