Loseff,V. Polukhina,1999-06-23 This is an imaginative work of literary criticism Thirteen scholars have selected a wide variety of Joseph Brodsky s poems written between 1970 and 1994 for detailed discussion in the context of his whole output The choice of poems reflects Brodsky s diversity of themes and devices Together they offer a perspective on one of the most original and profound modern poets This collection should fulfil the often expressed need for a comprehensive approach to the study of Brodsky s poetry which is linguistically as well as intellectually demanding *God of Desire* Catherine Benton,2006-06-01 Presents Kamadeva the Hindu god of desire in tales art and ritual Also covers Kamadeva s appearance in Buddhist lore *Authentic Cosmopolitanism* Russell J. Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian **Love**
