Love Freedom And Aloneness A New Vision Of Relating:

Love, Freedom, and Aloneness Osho, 2002-12-13 Why it is that people who are happy being alone have the best chance to have good relationships with others

India My Love Osho, 2002-01-23 India is not just a geography or history It is not only a nation a country a mere piece of land It is something more it is a metaphor poetry something invisible but very tangible It is vibrating with certain energy fields that no other country can claim For almost ten thousand years thousands of people have reached to the ultimate explosion of consciousness Their vibration is still alive their impact is in the very air you just need a certain perceptivity a certain capacity to receive the invisible that surrounds this strange land It is strange because it has renounced everything for a single search the search for the truth In these pages we are treated to a spellbinding vision of what Osho calls the real India the India that has given birth to enlightened mystics and master musicians to the inspired poetry of the Upanishads and the breathtaking architecture of the Taj Mahal We travel through the landscape of India's golden past with Alexander the Great and meet the strange people he met along the way We are given a front row seat in the proceedings of the legendary court of the Moghul Emperor Akbar and an insider's view of the assemblies of Gautama the Buddha and his disciples In the process we discover just what it is about India that has made it a magnet for seekers for centuries and the importance of India's unique contribution to our human search for truth

Yoga Osho, 2002-12-06 Drawing from yoga's original teachings Osho clarifies the mind body relationship and reveals yoga to be not only a set of physical exercises but what he calls a science of the soul

between God and creatures one in which humans are often the least edifying contributors. They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live. *Joining Creation's Praise*, a major statement by a leading Christian ethicist, shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living. Human beings are made to embody Christ's image in the world, not as dominators but as conduits of divine life. In this comprehensive yet clear volume of theological ethics, Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world. Informed by theological rigor and careful exegesis, the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion, life with God, knowledge and wisdom, dominion, Sabbath, vocation, economics, human dignity, our relationship with the rest of creation, sexuality, marriage, family, sin, death, and politics.
