Love In Literature Studies In Symbolic Expression:

Love in Literature Wallace Fowlie, 1948 *Modernism and the Theatre of the Baroque* Kate Armond, 2018-12-31
Redrawing the conventional map of Victorian Poetics **A History of Gay Literature** Gregory Woods, 1998-01-01 Account of male gay literature across cultures and languages and from ancient times to the present It traces writing by and about homosexual men from ancient Greece and Rome through the Middle Ages and Renaissance to the twentieth century gay literary explosion It includes writers of wide ranging literary status from high cultural icons like Virgil Dante Marlowe Shakespeare and Proust to popular novelists like Clive Barker and Dashiell Hammett and of various locations from Mishima s Tokyo and Abu Nuwas s Baghdad to David Leavitt s New York It also deals with representations of male male love by writers who were not themselves homosexual or bisexual men *The Verbal Empires of Simon Vestdijk and James Joyce* E.M. Beekman, 2022-07-25 **Improper Modernism** Daniela Caselli, 2016-12-05 In her compelling reexamination of Djuna Barnes s work Daniela Caselli raises timely questions about Barnes biography and feminist criticism identity and authority and modernist canon formation Through close readings of Barnes s manuscripts correspondence critically acclaimed and little known texts Caselli tackles one of the central unacknowledged issues in Barnes intertextuality She shows how throughout Barnes s corpus the repetition of texts by other authors from Blake to Middleton and by Barnes herself forces us to rethink the relationship between authority and gender and the reasons for her marginal place within modernism All her texts linked as they are by correspondences and permutations wage a war against the common sense of the straight mind Caselli begins by analyzing how literary criticism has shaped our perceptions of Barnes showing how the various personae assigned to Barnes are challenged when the right questions are posed Why is Barnes such a famous author when many of her texts remain unread even by critics Why has criticism reduced Barnes s work to biographical speculations How can Barnes s hybrid eccentric and unconventional corpus be read as part of literary modernism when it often seems to sever itself from it How can an oeuvre reject the labels of feminist and lesbian literature whilst nevertheless holding at its centre the relationships between language sexuality and the real How can Barnes s work help us to rethink the relation between simplicity and difficulty within literary modernism Caselli concludes by arguing that Barnes s complex and bewildering work is committed to a high modernist notion of art as a supremely difficult undertaking whilst refusing to conform to standards of modernist acceptability *American Poetry: The Modernist Ideal* Clive Bloom, Brian Docherty, 1995-09-12 Tracing its origins back to Walt Whitman the Modernist tradition in American poetry is driven by the same concern to engage with the world in revolutionary terms inspired by the concept of democracy vital to the American dream But this tradition is not confined to a few writers at the beginning of the century instead it has been an enduring force extending from coast to coast and of varying hues Imagist Objectivist Beat International in flavour but shaped by the language and conditions of America this poetry continues to speak to us today This collection of specially commissioned essays brings together leading scholars and

critics to define the American Modernist canon providing a range of perspectives helpful to all those interested in this fascinating poetry *Love as Passion* Niklas Luhmann,1998 Originally published Cambridge Mass Harvard University Press 1986 **Whitman's Queer Children** Catherine A. Davies,2012-04-19 The first full length study to explore the idea of a gay epic in American poetry **Claude Debussy and the Poets** Arthur Wenk,1976-01-01 Paul Dukas wrote about Debussy that the strongest influence he experienced was that of the poets not that of the musicians This book undertakes to demonstrate that thesis by studying Debussy's settings of songs by Banville Verlaine Baudelaire Mallarmé and Debussy himself A particular insight may be gained in the comparison of six poems by Verlaine set to music by both Fauré and Debussy The book includes a poetic musical analysis of Debussy's Prelude to the Afternoon of a Faun based on the poem by Mallarmé

Gedichte, franz Claire Gaudiani,1981 *French News* ,1963 **Mothers, Madams, and "lady-like" Men** Elizabeth Richardson Viti,1994 **Articulate Flesh** Gregory Woods,1987-01-01 Arguing that homosexual poetry is part of the mainstream of poetic writing not a distinct and differentiated category within it Gregory Woods provides a fastidious study of homosexual poetry in the twentieth century that emphasizes the homo erotic themes in the works of D H Lawrence Hart Crane W H Auden Allen Ginsberg and Thom Gunn Woods's controlled and elegant study demonstrates that a critic who ignores the sexual orientation of a poet particularly a love poet risks overlooking the significance of the poetry itself

Henry Miller Lawrence J. Shifreen,1979 No descriptive material is available for this title Symbolism and Modern Literature Wallace Fowlie,1978 **Fancy's Craft** Cheryl Plumb,1986 This study places Djuna Barnes's early work in the context of symbolist ideas and practices It presents Barnes not only as a woman writer but also as an American writer especially in her attention to the search for identity and to the conflict between individual values and those of society

Comparative Cultural Studies and Latin America Sophia A. McClennen,Earl E.
