Brand Love is not Enough Max Blackston, 2018-03-15 How would you feel about a bank that handled all of your financial needs efficiently but made you feel like a dummy? In a relationship between two people, what the other person thinks of you or what you believe they think of you exerts great influence on the quality of your relationship. The same is true for your relationship with brands. In this trailblazing book, Blackston extends his theory on consumer brand relationships introduced in the 1990s. He introduces a new construct called brand's attitude, which complements the idea of brand image and introduces a typology of consumer relationships that is richer and more varied than the familiar concept of brand love. This construct describes more fully the two-way street that exists between consumers and brands and fills a crucial gap in traditional branding literature in explaining consumers' brand purchasing and usage behavior. Drawing on numerous actual examples and cases from a variety of different industries and supported by 30 years of consumer data, *Brand Love is not Enough* should be on the shelf of any serious marketer or student of branding.

A Luxury of the Understanding Allan Hazlett, 2013-09 Allan Hazlett challenges the philosophical assumption of the value of true belief. He critiques the view that true belief is better for us than false belief and the view that truth is the aim of belief. An alternative picture is provided on which the fact that some people love truth is all there is to the value of true belief.

Love, Freedom, and Aloneness Osho, 2002-12-13

Osho, one of the greatest spiritual thinkers of the twentieth century, explores the connections between ourselves and others in *Love, Freedom, and Aloneness*. The Koan of Relationships: In today's world, freedom is our basic condition, and until we learn to live with that freedom and learn to live by ourselves and with ourselves, we are denying ourselves the possibility of finding love and happiness with someone else. Love can only happen through freedom and in conjunction with a deep respect for ourselves and the other. Is it possible to be alone and not lonely? Where are the boundaries that define lust versus love, and can lust ever grow into love? In *Love, Freedom, and Aloneness*, you will find unique, radical, and intelligent perspectives on these and other essential questions. In our post-ideological world, where old moralities are out of date, we have a golden opportunity to redefine and revitalize the very foundations of our lives. We have the chance to start afresh with ourselves, our relationships to others, and to find fulfillment and success for the individual and for society as a whole. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century, and by Sunday Mid Day India as one of the ten people along with Gandhi, Nehru, and Buddha who have changed the destiny of India. Since his death in 1990, the influence of
