experience of burnout and her witnessing of burnout among her colleagues and clients In her own journey to self care Hazel kept journals of her experiences and noticed a pattern in what worked She started using some of these principles in her work as she began to see a parallel process with many of her clients and colleagues For example most of her clients were women most high achievers had great careers but secretly harboured passions that they were not pursuing The drive to succeed led to increased stress and burnout as well as questioning their identity and purpose in life What was becoming clearer with each client was that their story was mirroring her own story Hazel too had been on the hamster wheel for many years trying to achieve success She reached a point in her life where she no longer knew who she was She had become lost confused scared Hazel had no professionals to emulate in her family Her parents their parents and the generations before had completed only basic elementary schooling Her determination to do well coupled with expectations from others led her to push herself to get to the top as quickly as she could She had to beat all odds to become the first one in her family to go to secondary school to university to become a professional As newborns we come into the world as pure beings However by the age of seven years we are influenced by those around us and our beliefs systems are formed We are programmed for success based on who we are what we have or what we do and what others think of us However over time we start to recognise that this is not enough The more we strive the more we become dissatisfied A familiar story from clients is I feel lost I have no purpose or I feel stuck I don't know who I am anymore With the help of Hazel's Seven Step Journey model clients are able to facilitate a transformation to help regain purpose and a sense of self The model uses the metaphor of a journey the book asks the reader to take a voyage through their lives offering tools to gain clarity and find better solutions This journey is illustrated with client stories to demonstrate how the model helped them to transform and to give hope to the reader for their own metamorphosis At a time when so many are experiencing overwork overwhelm and overthinking Bringing your Heart to Work A Seven Step Journey to Mental Health and Wellbeing is the ideal book to quieten the noise and recapture you are and who you want to be

The Mother I Hated to Love Joel J. Chery, 2007-09 Since her early childhood Angie McHall noticed that there was something different about her life although she was surrounded by a father and a mother figure there was really no one in the house to call mom and dad Angie was fortunate

enough to have in her life her nanny Liz Santiago This was the woman who ended up giving her unconditional love and affection and who would become the only mother she ever had As Angie grew older she realized that she was the only person in that household of a different skin color She would later discover that the couple with whom she had learned to share her space was in fact her natural parents who had chosen to treat her as a perfect stranger because they did not have much in common with her Angie was lost she was engulfed in a mystery that she simply could not comprehend She was mesmerized by what she considered to be the strange circumstances of her existence How did Angie happen to be black when the people responsible for her birth were white She was determined to find the answer to that question if there were one to be found Upon her insistence her nanny decided that she could no longer remain indifferent to her cries so she promised Angie that she would do all she could to help find the truth that was kept hidden from her all of her life Liz meant what she said She was about to make good on her promise The night before she was to travel to Florida where Angie was attending school for a face to face meeting during which she would reveal to Angie the mystery of Angie s life she went to bed never to wake up again Angie s hope was dashed The only person on whom she counted to solve her life s mystery was gone But was Liz s untimely death really an accident of nature or part of a Machiavellian plan engineered by an invisible hand to keep Angie and perhaps her parents from finding the truth *Borrowed Love Poems* John Yau, 2002-03-26 More information to be announced soon on this forthcoming title from Penguin USA
