My Life in Search of Africa John Henrik Clarke, 1999 The author one of the foremost scholars on Africa fought to legitimise African history for more than 60 years This book finally uncovers the tumultuous life of this great figure Through a series of autobiographical essays Clarke looks back on his lifelong struggle to restore African history to its proper place in the context of world history *My Life in Search of Africa* John Henrik Clarke, 1994 *My Life as an African* Godfrey Mwakikagile, 2009-08-08 This is an autobiographical work covering a wide range of subjects including a number of major events relevant to Africa and the African diaspora **Ex Africa: the Ten Stages of My Life from the Niger Delta to Nashville, Tennessee** Mebenin Awipi, 2011-05-24 The book is about my experiences and observations at the various stages of my life including insightful commentary on race religion technology and politics in the USA and Nigeria *Looking for Love in Strange Places: A Memoir for My Stepdaughters* Diana Page, 2016-02-18 Back in 1968 Diana Page was going to graduate from the University of Michigan without much hope for marriage or a career She didn't have a boyfriend so a prospective husband was unlikely to materialize before the semester ended and a bachelor's in political science wasn't going to make her easily employable The solution Join the Peace Corps where she could help change the world and possibly meet a guy who shared her values Thus began Diana's adventures Her travels as a journalist and diplomat took her down the dangerous roads of Latin American history from the 1960s into the twenty first century With excerpts from diaries letters and news articles she weaves together a narrative of war and peace presidents and peasants but mostly of ordinary people who teach her about life She also runs into a few extraordinary people along the way Fidel Castro Isabel Peron Pele Jorge Luis Borges and Hilary Clinton among others *Looking for Love in Strange Places A Memoir for My Stepdaughters* is a hopeful humorous account of what happens when you seize the day without too many expectations for the future **My Life in Nevada Politics** Richard H. LIFE IN THE STRUGGLE FOR THE LIBERATION OF ZIMBABWE J M Mpofu, 2014-09-09 This is an elucidation of accumulation of personal experience within the context of socio cultural internalization in particular and the socio political environment in general that is intended to provide some insights into a plethora of ingredients that converged and crystallized into a catalytic impetus that socially transformed my generation from village boys to highly politicised freedom fighters during the 1960s to the 1970s in Rhodesia I have done this by tracing the footprints of my experience which show multiple stages and strands of cultural social political and physical determinants that landed themselves on my growth path starting from socialization in my parents home all the way through the local community traditions and schooling to active service for the freedom of my country at local and national levels Here the crucial elements that moulded my social being in a very profound way have been ventilated to show when and how I became able to distinguish antagonistic differences between justice and injustice at my very early age Proceeding from here I have brought out how I teamed up with others whose political outlook and aspirations were identical with mine as we all voluntarily joined anti colonial struggle starting from invisible low intensity activism in schools and towns up to risky adventures that finished up in armed struggle within a broad national perspective The narration further demonstrates the domesticity of the movements that championed liberation struggle as drivers were citizens who grew up in the rural villages and urban African Townships where they progressively became aware that they were born unlike their parents in a country under colonial administration In doing all this I had to spell out how my interaction with informative social vectors brought awareness on how my country Zimbabwe was colonized and governed by Europeans without the consent of the indigenous natives who showed their resentment to foreign rule by rebelling First Chimurenga within six years of colonization but failed only to succeed in the second rebellion Second Chimurenga after ninety years of racial domination Furthermore I believe I have laid bare how I became a civilian freedom fighter together with peers of my generation in the second rebellion where intolerable weight of oppression caused us to abandon nonviolent methods of struggle in favour of using arms of war to face a cobweb of security forces led by superb military machine of the colonial state wherein lay formidable challenges confronting rebelling citizens The armed struggle phase meant that fighters and their collaborators had to face those challenges in the theatre of operation Initially they exhibited more weaknesses than strengths and lost opportunities that were in the form of abundance of political support of masses of people in the country The overall process of the struggle exhibited strengths and costly weaknesses right from the civilian phase up to the armed struggle phase with or without my participation It was not until freedom fighters gained experience in planning and undertaking field operations that they became able to apply appropriate tactics that caused the struggle to gain sustainability in the theatre of operation More importantly the narration makes the point that the Rhodesian colonial system was presided over by European settler leaders who hardly recognized African citizens as entitled to participation in governance of the country with equal rights in social political economical and juridical spheres of societal

setting of two main races Exclusion of African from consensus on the act of Unilateral Declaration of Independence UDI by Ian Douglas Smith was a fundamental blunder that precipitated nationwide fury that lead to a civil war in which a deprived citizen fought against a privileged citizen who was indoctrinated with falsehood that his adversary freedom fighter was sponsored by foreign powers of a communist type while the latter rightly believed that he was fighting to free his country from racially imposed injustices of deprivation More importantly the narration lays emphasis on the creation of massive political structures throughout the country well below the radar of legality for the purpose of sustaining guerrilla warfare in the face of the super professional Rhodesian security forces In this connection the final phase of armed struggle demonstrated to all at home and abroad that freedom fighters became significantly effective because they were politically rooted in the oppressed population whence came their strength against superior military hard ware and a water tight counter insurgency strategy of the Rhodesian security forces Essentially it was that political strength not Communist powers or betrayal by the West which caused all stakeholders to become willing to come to a negotiating table at Lancaster House in Brittain in 1979 to settle the armed conflict decisively Africa Study Bible, NLT John Jusu,2017 The Africa Study Bible brings together 350 contributors from over 50 countries providing a unique African perspective It s an all in one course in biblical content theology history and culture with special attention to the African context Each feature was planned by African leaders to help readers grow strong in Jesus Christ by providing understanding and instruction on how to live a good and righteous life Publisher **The Story of My Life / История моей жизни** Махатма Карамчанд Ганди,2024-03-14 PDF A4 *Africa: What It Gave Me, What It Took from Me* Margarethe von Eckenbrecher,2015-05-28 *Africa What It Gave Me What It Took from Me* is a memoir of an extraordinary woman who as a newlywed travelled with her husband to German South West Africa a colony situated just above South African on the Atlantic coast Here they begin a farm in a quite remote area where they raise cattle sheep and goats and plant large gardens on the banks of the Omaruru River They build a comfortable home and welcome their first child As the von Eckenbrechers work hard to build their farm natives whose land has been appropriated by the colonial government are planning a revolt against colonial rule Insurrection begins and the von Eckenbrechers are in the midst of it all As the rebellion strengthens Frau von Eckenbrecher returns to Germany to wait out the insurrection Her husband eventually returns as well Frau von Eckenbrecher never feels completely at home again in Germany The von Eckenbrechers divorce and Frau von Eckenbrecher returns to South West Africa with her two sons Her former husband emigrates to Paraguay Frau von Eckenbrecher eventually takes a position in a German language school in Windhoek the capital city and rears her two sons there In her book she chronicles colonial life the natives of the colony how the Spanish Influenza pandemic raged in Namibia World War I in Africa German surrender and the South African occupation of German South West Africa and the eventual ceding of the colony to South Africa We bring the memoir to a close with an update of Frau von Eckenbrecher s later life and death and a short remembrance from one of her two grandsons *My Life*
