Over The Abyss My Life In Soviet Special Operations:

Over the Abyss I. G. Starinov, 1995 THE ONLY ACCOUNT IN ENGLISH ABOUT LRRPs IN THE USSR Colonel I G Starinov who began as a mere private in the Red Army and went on to become Russia's top demolitions expert is a rare eyewitness to the entire history of the Soviet regime and one of the few to survive disagreeing with Stalin's military decisions From partisan operations in the Russian Civil War through training and fighting with Spanish guerrillas against Franco to using the first radio detonated mine to kill a German general Starinov narrates events never before revealed in the West Caught by accident right at the border when the Germans attacked in WWII Starinov went on to play a crucial role in the creation and training of a virtual partisan army By wreaking havoc with the German railroad supply lines these guerrillas were crucial to Soviet success at the front Now in his nineties Starinov survived warfare and even more terrifying political purges to provide this personal firsthand look of the some of the greatest dramas in history Special Operations and Strategy James D. Kiras, 2006-07-29 This book argues that the root of effective special operations lies in understanding the relationship between moral and material attrition this is achieved by examining both strategic theory and real life case studies **Endgame 1944** Jonathan Dimbleby, 2024-05-23 THE INSTANT SUNDAY TIMES BESTSELLER This book is his best yet Dimbleby's work is in a different league told with such skill and judgment Dominic Sandbrook Sunday Times A gripping and authoritative account of the year that sealed the fate of the Nazis from the bestselling historian June 1944 In Operation Bagration more than two million Red Army soldiers facing 500 000 German soldiers finally avenged their defeat in Operation Barbarossa in 1941 The same month saw the Allies triumph on the beaches of Normandy but despite the myths that remain it was the events on the Eastern Front that sealed Hitler's fate and destroyed Nazism In his new book bestselling historian Jonathan Dimbleby describes and analyses this momentous year covering the military political and diplomatic story in his evocative style Drawing on previously untranslated German Russian and Polish sources we see how sophisticated new forms of deception and ruthless Partisan warfare shifted the Soviets fortunes how their triumphs effectively gave Stalin authority to occupy Eastern Europe and how it was the events of 1944 that enabled Stalin to dictate the terms of the post war settlement laying the foundations for the Cold War Mr Dimbleby is a sure footed guide to the labyrinthine military operations along a front line that extended nearly 2 000 miles from the Baltic to the Black Sea Wall Street Journal Terrific a tour de force Sir Richard Evans Military history at its very best Keith Lowe Sunday Time Bestseller June 2024 Spetsnaz Mark Galeotti, 2015-06-20 When the shadowy notorious Spetsnaz were first formed they drew on a long Soviet tradition of elite behind the lines commando forces from World War II and even earlier Throughout the 1960s 70s they were instrumental both in projecting Soviet power in the Third World and in suppressing resistance within the Warsaw pact As a powerful but mysterious tool of a world superpower the Spetsnaz have inevitably become the focus of many tall tales in the West In this book a peerless authority on Russia's military Special Forces debunks several of these myths uncovering truths that are often even more

remarkable Now since the chaotic dissolution of the USSR and the two Chechen Wars Russian forces have seen increasing modernization involving them ever more in power projection counter insurgency and anti terrorism and the Spetsnaz have been deployed as a spearhead in virtually all of these operations This book offers a unique absorbing guide to the secrets of the Spetsnaz their most noteworthy missions and personalities but is also packed with details such as orders of battle equipment and operational doctrine Stalin's Agent Boris Volodarsky,2015 This is the true story behind General Alexander Orlov the man who never was now revealed in full for the first time Stalinist henchman Soviet spy celebrated defector to the West and central character in the greatest KGB deception ever *Operation Barbarossa* Jonathan Dimbleby,2021 Hitler s decision to invade Russia was the turning point of World War Two Begun in June 1941 by the time it was over in December of that year Operation Barbarossa involved the bloodiest fighting of World War Two and indeed any war in history Cataclysmic and horrific it unleashed a barbarism almost unmatched in history and all but guaranteed eventual German defeat Compelling and comprehensively sweeping this account of history s largest and most catastrophic military operation will become the standard **Killing the Enemy** Adam Leong Kok Wey,2015-09-28 During World War II the British formed a secret division the SOE or Special Operations Executive in order to support resistance organisations in occupied Europe It also engaged in targeted killing the assassination of enemy political and military leaders The unit is famous for equipping its agents with tools for use behind enemy lines such as folding motorbikes miniature submarines and suicide pills disguised as coat buttons But its activities are now also gaining attention as a forerunner to today s extra legal killings of wartime enemies in foreign territory for example through the use of unmanned drones Adam Leong s work evaluates the effectiveness of political assassination in wartime using four examples Heydrich s assassination in Prague Operation Anthropoid the daring kidnap of Major General Kreipe in Crete by Patrick Leigh Fermor the failed attempt to assassinate Rommel known as Operation Flipper and the American assassination of General Yamamoto *The KGB's Poison Factory* Boris Volodarsky,2013-11-30 A cracking good read and a chilling true story of Russia s assassination program begun more than a century ago and which continues today Tennent H Bagley former CIA chief of Soviet Bloc counterintelligence In late November 2006 Alexander Litvinenko a former lieutenant colonel of the Federal Security Service of the Russian Federation was ruthlessly assassinated in London by radiation poisoning The shocking murder was the most notorious crime committed by the Russian intelligence on foreign soil in more than three decades Here former Russian military intelligence officer and an international expert in special operations Boris Volodarsky who was consulted by the Metropolitan Police during the Litvinenko investigation offers readers a startling narrative of the Russian security services history of covert assassination by poisoning Beginning in 1917 with Lenin and his dreaded Cheka secret police Russian security services have committed killing after killing both in Russia and across the globe In *The KGB's Poison Factory* Volodarsky proves that the Litvinenko s poisoning supposedly ordered by Russian strongman Vladimir Putin is just one episode in a chain of murders going back

decades Some of these assassinations or attempted assassinations are already known others are revealed here for the first time With keen insight Volodarsky brings readers inside the assassinations of twenty individuals killed by order of the Kremlin in a revealing tell all that will fascinate students as well as general readers interested in international espionage

de España a fruto de la fusión del Partido Comunista Español conocido como el de los cien niños y del Partido Comunista Obrero Español. A lo largo del siglo de existencia que ahora cumple el comunismo español ha vivido etapas y situaciones muy diversas casi nunca fáciles. De hecho la mitad de ese período se corresponde con años de represión y clandestinidad. El nuevo partido sobrevivió a duras penas a una primera década de persecuciones, aislamiento y estéril voluntarismo. Maduró bajo la República prácticamente se refundió como gran partido nacional aferrado a las banderas del Frente Popular y llegó a ser la columna vertebral de la resistencia antifascista durante la Guerra Civil. Derrochó un heroísmo sin horizontes políticos claros durante el episodio guerrillero y se convirtió en el partido del antifranquismo en la tenaz y dilatada lucha por el restablecimiento de la democracia. Vivió la transición postfranquista entre la esperanza, el desencanto y el desgarró interno. Hubo de adaptarse a la crisis y desaparición del socialismo real en la Europa del Este y a los efectos corrosivos de la larga noche neoliberal manteniendo sus siglas y su identidad pero implicándose a la vez en proyectos políticos más amplios y renovando partes sustanciales de su vieja cultura política. Cometimos errores pero los cometimos luchando. decía Marcos. Ana de los comunistas un siglo de historia y de lucha que merece ser narrado y estudiado.

Barbarossa - Da Hitler tabte krigen Jonathan Dimbleby, 2021-11-17. En mesterlig fortælling om den største militære operation i historien og det mest afgørende slag i 2. Verdenskrig. Hitlers invasion af Sovjetunionen i juni 1941. Formålet med Operation Barbarossa var at udrydde sovjetisk kommunisme, likvidere jøderne og skabe lebensraum for det tyske herrefolk. Hvis det var lykkedes for Hitler at indtage Sovjetunionen, havde han haft Europas skibene i sine hænder, men i stedet førte operationen til tilintetgørelsen af Det Tredje Rige. I løbet af seks måneders krigsførelse blev intet mindre end seks millioner mennesker dræbt, sret eller registreret som savnede, mens soldater på begge sider begik hærejsende overgreb uden sammenligning i krigshistorien. Jonathan Dimbleby fortæller ikke kun om selve slaget, men også om det politiske og diplomatiske spil, der ledte til dette vendepunkt i krigen. Han giver levende beskrivelser af de almindelige mænd og kvinder, der kæmpede ved fronten eller kom i vejen for invasionen. Dimbleby trækker på helt nyt arkivmateriale, bl.a. fra hidtil lukkede russiske arkiver, hvor han beskriver hvordan Sovjetunionen delagde Hitlers chance for at realisere visionen om et tusindårsrige.
