Overcoming Fear Between Christians And Jews:

Overcoming Fear Between Jews and Christians James H. Charlesworth, Frank X. Blisard, Jerry L. Gorham, 1993 In this volume a distinguished group of Christian and Jewish scholars including Hugh Anderson Eugene J Fisher Martin Hengel Roland E Murphy Doron Mendels Alan F Segal and Elie Wiesel explore the ancient fear between Christians and Jews from historical sociological theological and personal perspectives **Irreconcilable Differences? A Learning Resource For Jews And Christians** David Sandmel, Rosann M. Catalano, Christopher M. Leighton, 2018-03-08 Written by Jewish and Christian educators for use by college and adult learners this volume explores eight basic questions that lie at the core of both traditions and that can serve as a bridge for understanding Among the questions are Do Jews and Christians worship the same God Do Jews and Christians read the Bible the same way What is the place of the land of Israel for Jews and Christians Are the irreconcilable differences between Christians and Jews a blessing a curse or both Each chapter includes discussion questions

Crossing Boundaries in Early Judaism and Christianity Kimberley Stratton, Andrea Lieber, 2016-10-11 This volume celebrates the scholarship of Alan Segal During his prolific career Alan published ground breaking studies that shifted scholarly conversations about Christianity rabbinic Judaism Hellenism and Gnosticism Like the subjects of his research Alan crossed many boundaries He understood that religions do not operate in academically defined silos but in complex societies populated by complicated human beings Alan's work engaged with a variety of social scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result

Christianity In Jewish Terms Tikva Frymer-kensky, David Novak, Peter Ochs, David Sandmel, Michael Singer, 2008-08-01 Over the past few decades there has been a dramatic and unprecedented shift in Jewish Christian relations including signs of a new improved Christian attitude towards Jews Christianity in Jewish Terms is a Jewish theological response to the profound changes that have taken place in Christian thought The book is divided into ten chapters each of which features a main essay written by a Jewish scholar that explores the meaning of a set of Christian beliefs Following the essay are responses from a second Jewish scholar and a Christian scholar Designed to generate new conversations within the American Jewish community and between the Jewish and Christian communities Christianity in Jewish Terms lays the foundation for better understanding It was named a Choice Outstanding Academic Book of 2001 **Anti-Judaism and the Gospels** William R. Farmer, 1999-07-01 When and under what circumstances did the Gospel texts begin to serve anti Jewish ends Can it be said accurately and fairly that the evangelists were anti Jewish Are there tendencies in the Gospels that were originally intended by the evangelists to injure the Jewish people or their religion or to work against the interests of the Jewish people and or their religion These and other issues were addressed in a three year research project that culminated in a fall 1996

convocation at which five major research papers were presented with two respondents to each paper The papers and responses are now made available for the first time in this volume Major presentations include Anti Judaism and the Gospel of Matthew Amy Jill Levine Anti Judaism and the Gospel of Luke Daryl D Schmidt Anti Judaism and the Gospel of John David Regensberger Something Greater than the Temple Robert Louis Wilken Anti Judaism in the Critical Study of the Gospels Joseph B Tyson Reflections on Anti Judaism in the New Testament and in Christianity E P Sanders This book succeeds in giving a comprehensive view of the problem it addresses and the papers are clear forthright presentations that will help the reader see what the issues were when the Gospels were written and what they still are E P Sanders Duke University William R Farmer is Professor of New Testament at the University of Dallas and co editor of Jesus and the Suffering Servant Isaiah 53 and Christian Origins Trinity 1998 John and Judaism R. Alan Culpepper, Paul N. Anderson, 2017-10-23 A window into early Judaism and Christianity The Gospel of John was written during the period of the emergence of Christianity and its separation from Judaism and bears witness to their contested relationship This volume contains eighteen cutting edge essays written by an international group of scholars who interpret for students and general readers what the book tells us about first century Judaism the separation of the church from Judaism and how John s anti Jewish references are being interpreted today Features A debate over the process that led to the separation of the church from Judaism and John s place in that process A review of recent interpretations of John s anti Jewish references An assessment of the current status of Jewish Christian relations **Fundamental Theology** Heinrich Fries, 1996 Renowned theologian Heinrich Fries offers what is both a traditionally structured treatment of the basic issues of fundamental theology as they have been modified by Vatican II and a study of the major ethical religious and cultural issues of the late twentieth century *Anti-Judaism and the Gospel of John* Mirosław Stanisław Wróbel, 2023-12-04 In the light of the research undertaken in this book the author concludes that the so called anti Jewish texts in Johannine Gospel are not directed against the Jews being an ethnic or religious community The object of the polemic and attacks is not the entire Jewish nation across the span of all the ages but a group of the Jewish leaders or opponents to Jesus in the First Century AD Looking through the prism of the aposynagoga polemic one can notice that the state of tension between the Johannine community and the rabbinic Judaism is inter Jewish not anti Jewish in character The source of the polemical language of the Fourth Gospel is the Christological discussion in the historical and sociological context the Messianic confession the excommunication from the Synagogue the presence of Samaritans in the Johannine community the struggle for the preservation of the identity **The Gospel and Letters of John, Volume 1** Urban C. von Wahlde, 2010-11-22 Urban von Wahlde s radically new three volume commentary on the Gospel and Letters of John is the most detailed study of the composition of the Johannine literature ever put forth by an American scholar Nearly all of the problems confronted by those who study John have to do with the literary strata of the Gospel of John and their relation to the composition of the Letters of John With an archaeologist s precision and engaging a whole range of scholarly

contributions in this area von Wahlde digs down to the foundations and exposes three distinct literary strata in the development of the Johannine tradition Volume 1 gives detailed evidence identifying and listing the criteria for each stratum Volumes 2 and 3 apply those criteria to the Gospel and Letters of John respectively New Readings in John Johannes Nissen, Sigfred Pedersen, 2004-10-27 This collection offers new studies on classical and modern problems in relation to the Fourth Gospel There are essays on John and the Synoptics and on John and the Qumran Scrolls Other essays present new literary approaches such as the question of the implied reader biblical imagery and irony and sectarianism Central theological issues are discussed including the problem of anti Judaism the interpretation of the death of Jesus the concept of mission the relation between community and ethics and the understanding of God in the Johannine writings *Roots of Theological Anti-Semitism (paperback)* Anders Gerdmar, 2008-12-31 As Adolf Hitler strategised his way to power he knew that it was necessary to gain the support of theology and the Church This study begins two hundred years earlier however looking at roots of theological anti Semitism and how Jews and Judaism were constructed positively and negatively in the biblical interpretation of German Protestant theology Following the two main streams of German theology the salvation historical and the Enlightenment oriented traditions it examines leading exegetes from the 1750s to the 1950s and explores how theology legitimises or delegitimises oppression of Jews in part through still prevailing paradigms This is the first comprehensive analysis of its kind and the result of the analysis of the interplay between biblical exegesis and attitudes to Jews and Judaism is a fascinating and often frightening portrait of theology as a servant of power Christology and Scripture Andrew Lincoln, Angus Paddison, 2008-03-20 In Christology and Scripture leading biblical scholars and theologians explore the relation of theological thought to the reading of Scripture The focus is on three inter related issues The first is how theologians appropriately read Scripture around Christ and what contribution if any historical criticism makes to this endeavour The second is that of the person and work of Christ in relation to Scripture In interaction with specific texts contributors engage with the related questions of who Christ is and how his benefits are communicated This leads on to the final issue of responsiveness to our current context of reading and contributors reflect on how Christological models relate to contemporary cultural and political concerns **Women, the Family, and Policy** Esther Ngan-ling Chow, Catherine White Berheide, 1994-06-07 The authors highlight how structural circumstances in countries with various degrees of industrialization are associated with specific policies The analyses of women s experiences reveal the variety of ways in which private patriarchy in families combines with public patriarchy in economies and states to create a system of domination which subordinates women The authors detail how gender is constructed under specific political economic and cultural circumstances and seek to understand how state policies with differing sensitivities to women s issues have produced mixed outcomes for women and their families in the process of economic development **The Irrevocable Call of God** Richard H. Bell, 2005 Richard Bell examines the impact of Paul s life changing experience before Damascus on his

theological understanding of Israel The book considers the development of Paul s view concerning the election and salvation of Israel paying special attention to 1 Thessalonians Galatians and Romans The author examines Paul s critique of Israel s religion in the light of traditional protestant approaches and the new perspective The work concludes by considering some contemporary issues relating to Israel in the light of Paul s theology BOOK JACKET **Anti-Judaism and the Fourth**
