The overcrowded barracoon and other articles V. S. Naipaul, 1969 *The Overcrowded Barracoon* V S Naipaul, 1984-05-01 *The Overcrowded Barracoon, and Other Articles* Vidiadhar Surajprasad Naipaul, 1972 V. S. Naipaul, *Man and Writer* Gillian Dooley, 2017-02-01 An introduction to the uncompromising artistic vision of the internationally acclaimed writer A survey of the life and work of the 2001 Nobel Laureate for Literature V S Naipaul *Man and Writer* introduces readers to the writer widely viewed as a curmudgeonly novelist who finds special satisfaction in overturning the vogue presuppositions of his peers Gillian Dooley takes an expansive look at Naipaul's literary career from *Miguel Street* to *Magic Seeds* From readings of his fiction nonfiction travel books and volumes of letters she elucidates the connections between Naipaul's personal experiences as a Hindu Indian from Trinidad living an expatriate life and the precise euphonious prose with which he is synonymous Dooley assesses each of Naipaul's major publications in light of his stated intentions and beliefs and she traces the development of his writing style over a forty year career Devoting separate chapters to three of his chief works *A House for Mr Biswas* *In a Free State* and *The Enigma of Arrival* she analyzes their critical reception and the primacy of Naipaul's specific narrative style and voice Dooley emphasizes that it is above all Naipaul's refusal to compromise his vision in order to flatter or appease that has made him a controversial writer At the same time she sees the integrity with which he reports his subjective response to the world as essential to the lasting success of his work

V. S. Naipaul: Displacement and Autobiography Judith Levy, 2015-08-20 Originally published in 1995 V S Naipaul a Trinidadian of Indian descent living in the West has written in many forms Through an analysis of five works by Naipaul written in different modes and periods of his life this study posits a relationship between a cultural condition and a choice of genre and narrative or more specifically between cultural displacement and the writing of autobiography Examining an aspect of Naipaul's development as a post colonial writer this book is of interest in exploring the way that concepts of self determine the writing of texts It considers deflected autobiographies genre boundaries quests for origin and expression and Lacanian psychoanalytic theory *Naipaul's Truth* Lillian Feder, 2001 Lillian feder illustrates how Naipaul has emerged as one of the world's greatest and most controversial living writers Authority and Authorship in V.S. Naipaul I.

Coovadia, 2009-06-22 This book traces the ways in which problems of imaginative authority and authorship structure the fiction and non fiction of V S Naipaul and resonate in postcolonial literature Imraan Coovadia argues that the post colonial societies Naipaul studies in novels such as *A Bend in the River* and *Guerillas* are defined by the fragility of their authority Coovadia demonstrates through close reading how Naipaul born in Trinidad to an Indian family and resident of the United Kingdom asserts his imaginative authority over many different situations across the globe through a complex literary rhetoric

The Resilience of Democracy Peter Burnell, Peter Calvert, 2022-09-27 This volume brings together studies of the small number of previously established states that have retained and or restored democracy despite in many cases formidable

economic social or political challenges It seeks to establish common themes whether or not they appear to fit a grand casual theory It is after all the very adaptability of democratic systems that characterises their persistence durability and resilience

The Sum of No Equation Sabine Freyling,2008 Starting with the social and psychological side of the person Naipaul one can summarise some reasonably simple discoveries that can be extracted from both his autobiographical pieces and his seemingly fictional books published within a period of more than fifty years Naipaul suggested that the way to approach the author is not through finding out as much as possible about the man and one could easily argue that the idea shall simply be used in conversion One can learn more about the person when taking into account all that has been produced by the author who is part of the person By this means one can extract valuable information about both person and author and thus can easily uncover some mysteries that have been established by the author person to conceal the reality behind a fixed idea that has always played a significant role in Naipaul s life Having studied English Naipaul was aware of all the tools available and of the aims of literary critics and seems to have challenged these established routes for his own sake and to serve his purpose

Gandhi's Autobiographical Construction of Selfhood Clara Neary,2023-03-15 This book addresses the topics of autobiography self representation and status as a writer in Mahatma Gandhi s autobiographical work *The Story of My Experiments with Truth* 1927 1929 Gandhi remains an elusive figure despite the volumes of literature written on him in the seven decades since his assassination Scholars and biographers alike agree that no work on his life has portrayed him in totality Desai 2009 and although arguably the most popular figure of the first half of the twentieth century and one of the most eminent luminaries of our time Gandhi the individual remains as much an enigma as a person of endless fascination Murrell 2008 Yet there has been relatively little scholarly engagement with Gandhi s autobiography and published output has largely been concerned with mining the text for its biographical details with little concern for how Gandhi represents himself The author addresses this gap in the literature while also considering Gandhi as a writer This book provides a close reading of the linguistic structure of the text with particular focus upon Gandhi s self representation drawing on a cognitive stylistic framework for analysing linguistic representations of selfhood Emmott 2002 It will be of interest to stylisticians cognitive linguists discourse analysts and scholars in related fields such as Indian literature and postcolonial studies *A History of Indian Literature in English* Arvind Krishna Mehrotra,2003 Annotation This volume surveys 200 years of Indian literature in English Written by Indian scholars and critics many of the 24 contributions examine the work of individual authors such as Rabindranath Tagore R K Narayan and Salman Rushdie Others consider a particular genre such as post independence poetry or drama The volume is illustrated with b w photographs of writers along with drawings and popular prints Annotation c 2003 Book News Inc Portland OR booknews com *The Writer and the World* V. S. Naipaul,2012-03-15 For forty years V S Naipaul has been traveling and through his writing creating one of the most wide ranging and sustained meditations on our world Now for the first time his finest shorter pieces of reflection and reportage nearly all of them heretofore out of print are

collected in one volume With an abiding faith in the redemptive power of modernity balanced by a sense of wonder about the past Naipaul has explored an astonishing variety of societies and peoples through the many sided prism of his own experience Whether writing about the Muslim invasions of India Mobutu s mad reign in Zaire or the New York mayoral elections he has demonstrated again and again that no one has a shrewder intuition of the ways in which power works of the universal relation of the exploiter and the exploited And no one has put forth a more consistently eloquent defense of the dignity of the individual and the value of civilization Infused with a deeply felt humanism The Writer and the World attests powerfully not only to Naipaul s status as the great English prose stylist of our time but also to his keen often prophetic understanding

Postcolonial Nostalgias Dennis Walder,2010-11-17 This book offers an original and informed critique of a widespread yet often misunderstood condition nostalgia a pervasive human emotion connecting people across national and historical as well as personal boundaries Often seen as merely escapist nostalgia also offers solace and self understanding for those displaced by the larger movements of our time Walder analyses the writings of some of those entangled in the aftermath of empire tracing the hidden connections underlying their yearnings for a common identity and a homeland and their struggles to recover their histories Through a series of comparative reflections upon the representation in literary and related cultural forms of memory he shows how admitting the past into the present through nostalgia enables former colonial or diasporic subjects to gain a deeper understanding of the networks of power within which they are caught in the modern world and beyond which it may yet be possible to move Considering authors as varied as V S Naipaul J G Ballard Doris Lessing W G Sebald and Chimamanda Ngozi Adichie as well as versions of Bushman song Walder pursues the often wayward ambiguous paths of nostalgia as it has been represented beyond but also within Europe so as to identify some of those processes of communal and individual experience that constitute the present and by implication the future

Vidiadhar Surajprasad Naipaul Fawzia Mustafa,1995-09-07 This introductory study offers a critical overview of the major works of V S Naipaul from 1950 to the present day Professor Mustafa s main concern is with literary issues but historical political and cultural questions are also addressed with comparative references to other postcolonial works Paradoxically a major segment of Naipaul s non western pro decolonisation readership seized on negative elements in his thinking while Western reaction to his ideas and themes led to set notions about Third World society Thus his work has always been the object of radically divergent views dependent on the perspective of the reader In examining this issue Mustafa introduces general debates about postcolonial literary production and its contemporary interrogation of narrative techniques language gender race and canon formulation

[The First Naipaul World Epics](#) ,2021-07-31 The plethora of commentary from highly respected voices in a broad cross section of academic disciplines which V S Naipaul s death on 11 August 2018 elicited ranged so widely both cognitively and emotionally that if a student of literature unfamiliar with the Naipaulian era read it all they would have failed to make sense of the divergences Allegations included that he was a cruel man a scarred man the darkest dungeons of

colonialism incarnate self punishing self loathing world loathing full of nastiness and fury a ventriloquist for the nastiest clichés European colonialism had devised to rule the world with arrogance and confidence and so on On the other hand writers referred to Naipaul as a brilliant writer's writer one who holds a mirror of imagination unto society to capture a certain view of reality and one who has turned the genre of the travelogue into an art form Debates aside many of us appreciate the value of Naipaul's writing to the deepest possible comprehension of the imperial impulse and the myriad reasons it manifested as colonialism The First Naipaul World Epics is the first in a series of critical collections that aim to demonstrate this value At the same time the series seeks to help the new student through the quagmire of divergent opinions his personality and writing have generated

Understanding Verbal Art Jonathan Webster, 2014-09-22 This book applies linguistic analysis to the poetry of Emeritus Professor Edwin Thumboo a Singaporean poet and leading figure in Commonwealth literature The work explores how the poet combines grammar and metaphor to make meaning making the reader aware of the linguistic resources developed by Thumboo as the basis for his unique technique The author approaches the poems from a functional linguistic perspective investigating the multiple layers of meaning and metaphor which go into producing these highly textured grammatically intricate works of verbal art The approach is based on Systematic Functional Theory which assists with investigating how the poet uses language grammar to craft his text in a playful way that reflects a love of the language The multilingual and multicultural experiences of the poet are seen to have contributed to his uniquely creative use of language This work demonstrates how Systematic Functional Theory with its emphasis on exploring the semogenic meaning making power of language provides the handle we need to better understand poetic works as intentional acts of meaning The verbal art of Edwin Thumboo illustrates Barthes' point that Bits of code formulae rhythmic models fragments of social languages etc pass into the text and are redistributed within it for there is always language before and around the text With a focus on meaning this functional analysis of poetry offers an insightful look at the linguistic basis of Edwin Thumboo's poetic technique The

work will appeal to scholars with an interest in linguistic analysis and poetry from the Commonwealth and new literatures and it is also well suited to support courses on literary stylistics or text linguistics

V.S. Naipaul, Caribbean Writing, and Caribbean Thought William Ghosh, 2020-11-12 V S Naipaul was one of the most influential and controversial writers of the twentieth century His writings on colonialism and its aftermath on migration and landscape and on cultural loss and creativity were both admired and criticised by a wide global audience But what of his relationship to the region of his birth Born in Trinidad of Indian ancestry and spending his professional life in England Naipaul could be dismissive of his Caribbean background He presented himself as a citizen of nowhere or else of the globalized postcolonial world However this obscures his intense competition fierce disagreements and close collaboration with other Caribbean intellectuals both as a schoolchild in colonial Trinidad and as an internationally celebrated author V S Naipaul Caribbean Writing and Caribbean Thought looks again at Naipaul s relationship with his birthplace It shows that that the decolonising Caribbean was the crucible in which Naipaul s style and outlook were formed Moreover understanding Naipaul s place in the history of the region s politics and letters sheds new light on the work of celebrated contemporaries Derek Walcott and Kamau Brathwaite George Lamming and Maryse Condé Elsa Goveia and Eric Williams Sylvia Wynter and C L R James Literary criticism intellectual biography and an essay in the history of ideas this book offers a new account of Caribbean thought in the decades after independence It reveals a literary culture of creative vibrancy in an era of unprecedented change

Textual Traffic S. Shankar, 2001-04-19 In *Textual Traffic* S Shankar clarifies notions of modernity and postmodernity by lucidly examining their relationship to colonialism In the process he challenges current emphases in cultural criticism through an exploration of what it means to regard the text as an economy and carries out a detailed scrutiny of travel narratives as a genre Paying particular attention to representations of Africa and India Shankar tracks the historical contours of a colonial modernity in a wide variety of travel narratives African American and postcolonial canonical and filmic drawn from different periods of the twentieth century Included are explorations of Joseph Conrad s *Heart of Darkness* Zora Neale Hurston s *Mules and Men* Richard Wright s *Black Power* V S Naipaul s *India* trilogy and Stephen Spielberg s *Indiana Jones and the Temple of Doom*

London Calling Rob Nixon, 1992 V S Naipaul stands as the most lionized literary mediator between First and Third World experience and is ordinarily viewed as possessing a unique authority on the subject of cross cultural relations in the post colonial era In contesting this orthodox reading of his work Nixon argues that Naipaul is more than simply an unduly influential writer He has become a regressive Western institution articulating a set of values that perpetuates political interests and representational modes that have their origin in the high imperial age Nixon uses Naipaul s travel writing to probe the core theoretical issues raised by cross cultural representation along metropolitan periphery lines With reference to economic theories of dependency he critiques the vision popularized by Naipaul of the post colonial world as divided between mimic and parasitic Third World nations on the one hand and on the other the benignly creative societies of the West
