The Building of Hong Kong Anthony Walker, Stephen M. Rowlinson, 1990-11-01 Hong Kong is one of the most spectacular cities in the world It has been built in a very short time Its builders have achieved remarkable results but their contribution had not been documented The Hong Kong Construction Association decided to correct this omission and commissioned this book to mark its 70th Anniversary Consequently the book concentrates on construction rather than design and highlights the main events in the evolution of the industry and its buildings up to the present day Therefore whilst reviewing historic projects and their builders it also covers the modern era from 1970-90 The major landmarks of Hong Kong's skyline are included but the less spectacular yet equally essential projects which contribute to Hong Kong's social fabric are not neglected The aim is to give flavor and feeling to the industry's contribution to this remarkable city state

Evanescent Isles Xu Xi, 2008-01-01 An unusual book of quirky essays some deeply personal Xu Xi writes from within of Hong Kong's vanishing culture and sensibility as it transforms itself into a space

that is 21st Century China She zooms in on her own life in the city on family friends and a professional history as both business executive and author on moments that offer wry observations of the shifting world around her She casts her eye on films pop stars public transportation and muses on the political without losing sight of the distinctly apolitical culture that evolved through a history as the former British colony and Chinese Special Administrative Region after the 1997 handover

The Compact Bedford Introduction to Literature Michael Meyer,D. Quentin Miller,2019-11-04 The Compact Bedford Introduction to Literature is a bestseller for a reason It brings literature to life for students helping to make them lifelong readers better writers and more critical thinkers in any path they choose Classic works drawn from many periods and cultures appear alongside a strong showing from today's authors There is plenty of support for students with critical reading and writing support helpful sample close readings writing assignments and student papers in up to date MLA style And because everyone

teaches and learns differently there are many options for working with the literature including case studies on individual works and themes that everyone can relate to In depth chapters on major authors including Flannery O Connor and Nathaniel Hawthorne take students deeper into their work and three chapters on the fiction of Dagoberto Gilb and the poetry of Billy Collins and Julia Alvarez created in collaboration with the authors themselves are one more way that the anthology showcases literature as a living changing art form
