Material Approaches to Roman Magic Adam Parker, Stuart McKie, 2018-04-30 This second volume in the new TRAC Themes in Roman Archaeology series seeks to push the research agendas of materiality and lived experience further into the study of Roman magic a field that has until recently lacked object focused analysis Building on the pioneering studies in Boschung and Bremmer s 2015 Materiality of Magic the editors of the present volume have collected contributions that showcase the value of richly detailed context specific explorations of the magical practices of the Roman world By concentrating primarily on the Imperial period and the western provinces the various contributions demonstrate very clearly the exceptional range of influences and possibilities open to individuals who sought to use magical rituals to affect their lives in these specific contexts something that would have been largely impossible in earlier periods of antiquity Contributions are presented from a range of museum professionals commercial archaeologists university academics and postgraduate students making a compelling case for strengthening lines of communication between these related areas of expertise

Roman Rule and Jewish Life Hannah M. Cotton, 2022-03-07 Hannah M Cotton s collected papers focus on questions which have fascinated her for over four decades the concrete relationships between law language administration and everyday life in Judaea and Nabataea in particular and in the Roman world as a whole Many of the papers especially those devoted to the Judean Desert documents of the 2nd century CE have been widely cited Others having appeared in less accessible publications may not have received the attention they deserve On the whole rather than addressing the grand narratives of world or national history they look at the texture of life seeking to provide tentative answers to historical questions and interpretations by paying fine attention to the details of literary and especially documentary evidence Taken together they illuminate fundamental often legal questions concerning daily life and the exercise of Roman rule and administration in the early imperial period and especially their impact on life as it was lived in the province and the period where Roman and

Jewish history fatefully intersected The volume includes a complete bibliography of her publications **Ascetics, Society, and the Desert** James E. Goehring,1999-05-01 Through rigorous examination of papyrological documentary sources archaeology and traditional literary sources James Goehring gradually forces a new direction in understanding the evolution of monasticism He ably transforms these sources into a clear narrative thereby infusing the history of Egyptian monasticism with renewed energy **Becoming Byzantine** Αριέττα Παπακωνσταντίνου,Alice-Mary Maffry Talbot,2009 Becoming Byzantine Children and Childhood in Byzantium presents detailed information about children s lives and provides a basis for further study This collection of eight articles covers matters relevant to daily life such as the definition of children in Byzantine law procreation death breastfeeding patterns and material culture *The Culture and Social Institutions of Ancient Iran* Muhammad A. Dandamaev,Vladimir G. Lukonin,2004-11-11 The authors look in detail at the highly developed social institutions of the Achaemenid Empire Exploring Multilingualism and Multiscriptism in Written Artefacts Szilvia Sövegjártó,Márton Vér,2024-05-06 This book explores multilingualism and multiscriptism in a great variety of writing cultures offering an in depth analysis of how diverse languages and scripts seamlessly intertwine within written artefacts Insights into scribal practices are particularly illuminating in that respect especially when exploring artefacts originating from multicultural communities and regions where distinct writing traditions intersect The influence of multilingualism and multiscriptism on these writing cultures becomes evident with essays spanning various domains from the mundane aspects of everyday life to the realms of scholarship and political propaganda Scholars often relegate these phenomena despite being frequently encountered to the status of exceptions compared to the more prevalent monolingualism and monoscriptism However in daring to challenge this viewpoint this book emphasises the profound significance and relevance of multilingualism and multiscriptism in shaping the development of languages cultures and societies across Asia Africa and Europe It caters to a diverse readership keen on delving into the intricacies of these phenomena within this rich tapestry of writing cultures *A Grammar of New Testament Greek* James Hope Moulton,Wilbert Francis Howard,Nigel Turner,2000-11-09 Praise for A Grammar of New Testament Greek The most comprehensive account of the language of the New Testament ever produced by British scholars The Expository Times **Greek Literature: Greek literature in the Hellenistic period** Gregory Nagy,2001 **Petitions, Litigation, and Social Control in Roman Egypt** Benjamin Kelly,2011-10-13 Through the analysis of legal documents surviving on papyrus such as petitions reports of court proceedings and letters this book examines the contribution that petitioning and litigation made to the maintenance of the social order in Roman Egypt between 30 BC and AD 284 and focuses on how the legal system achieved its formal goals **A Grammar of New Testament Greek: Prolegomena. 3d ed., with corrections and additions. [1908, repr.] 1930** James Hope Moulton,1908 A Commentary on Ovid's Metamorphoses: Volume 1, General Introduction and Books 1-6 Alessandro Barchiesi,Gianpiero Rosati,2024-02-01 Comprising fifteen books and over two hundred and fifty myths Ovid s Metamorphoses

is one of the longest extant Latin poems from the ancient world and one of the most influential works in Western culture It is an epic on desire and transgression that became a gateway to the entire world of pagan mythology and visual imagination This the first complete commentary in English covers all aspects of the text from textual interpretation to poetics imagination and ideology and will be useful as a teaching aid and an orientation for those who are interested in the text and its reception Historically the poem s audience includes readers interested in opera and ballet psychology and sexuality myth and painting feminism and posthumanism vegetarianism and metempsychosis to name just a few outside the area of Classical Studies

Perspectives on New Testament Textual Criticism, Volume 2 Eldon Jay Epp,2020-11-30 Eldon Jay Epp s second volume of collected essays consists of articles previously published during 2006-2017 All treat aspects of the New Testament textual criticism but focus on historical and methodological issues relevant to constructing the earliest attainable text of New Testament writings More specific emphasis falls upon the nature of textual transmission and the text critical process and heavily on the criteria employed in establishing that earliest available text Moreover textual grouping is examined at length and prominent is the current approach to textual variants not approved for the constructed text for they have stories to tell regarding theological ethical and real life issues as the early Christian churches sought to work out their own status practices and destiny
