## **P P Rubens Painting Oilsketches Drawings:**

Drawn by the Brush Peter C. Sutton, Peter Paul Rubens, Marjorie E. Wieseman, Nico van Hout, 2004-01-01 Oil sketches by Peter Paul Rubens created at speed and in the heat of invention with a colorful loaded brush convey all the spontaneity of the great Flemish painter's creative process. This ravishing book draws from both private and public collections to present in full color 40 of Rubens's oil sketches. Viewers will find in these informal paintings an enchanting intimacy and gain a new appreciation of Rubens's capacity for invention and improvisation and of his special genius for dramatic design and coloristic brilliance. The book investigates the role of the oil sketch in Rubens's work, the development of the artist's themes and narratives in his multiple sketches and the history of the appreciation of his oil sketches. It also explores some of the unique aspects of his techniques and materials. By revealing the oil sketches as the most direct record of Rubens's creative process, the book presents him as the greatest and most fluent practitioner of this vibrant and vital medium. **Peter Paul Rubens,**

**a Touch of Brilliance** Peter Paul Rubens, 2003 Two celebrated and complementary collections of Rubens sketches in the Courtauld Institute of Art in London and The State Hermitage Museum St Petersburg are brought together to form the basis of this study of the artist's work. Often regarded as one of the most compelling and remarkable aspects of the artist's work, Rubens oil sketches reveal the genesis of many of his most important commissions. This book published to coincide with a major exhibition at the Hermitage Rooms Courtauld Institute of Art focuses on Rubens projects where the Hermitage and Courtauld holdings are exceptionally rich, including the ceiling of the Banqueting House at Whitehall and the now lost ceiling of the Jesuit church in Antwerp. By bringing together preparatory material from a number of major commissions, this book aims to provide a concentrated account of the role of the oil sketch in Rubens work.
