Take Two Aspirin and Call Me By My Pronouns Stanley Goldfarb MD, 2022-03-29 American healthcare is at risk as radical politics increasingly supplant proven methods for the admission and training of medical students These changes in medical education and practice threaten to dramatically alter the relationship between doctors and patients In the

aftermath of the death of George Floyd in 2020 medical schools across the country raced to adopt increased diversity mandates and anti racism training Based on the false charge that the healthcare system is biased against minority groups medical deans and trustees rushed to institute sweeping reforms that will dramatically reduce the quality of medical training and upend the traditional doctor patient relationship According to Dr Stanley Goldfarb a longtime medical researcher and educator with extensive clinical experience these changes coincide with already lowered standards such as grade inflation and demands for socially relevant curricula that have nothing to do with the care of actual patients In this coruscating lament for the decline of American medicine Goldfarb debunks the myth of a racist healthcare system and shows how elevating diversity above merit will produce substandard healthcare for all Americans regardless of race **Competitive Edge: An International Medical Graduate's Guide to Securing A Residency Position** Obieze Nwanna-Nzewunwa,2023-09-23 Dr Obieze Nwanna Nzewunwa is a US trained general surgeon and cardiothoracic surgery fellow with a Masters degree in Global Health Science University of California San Francisco and a medical degree from the University of Nigeria As an international Medical Graduate Dr Nwanna Nzewunwa understands the challenges faced by aspiring medical professionals firsthand Having successfully navigated the competitive USMLEs residency and fellowship MATCH processes himself he is dedicated to mentoring and guiding students and graduates on their own journeys His valuable insights and guidance make him a trusted resource for those seeking to secure their dream residencies and excel in the medical field With his book Competitive Edge Dr Nwanna Nzewunwa offers a comprehensive guide to help medical students and graduates succeed in the highly competitive residency application process Drawing from his own experiences and expertise he equips readers with the knowledge and tools necessary to navigate the complexities of the USMLEs residency applications and fellowship MATCH processes Driven by a genuine desire to see aspiring medical professionals thrive Dr Nwanna Nzewunwa s mentorship and guidance pave the way for success in the medical field **The Best 167 Medical Schools, 2016 Edition** Princeton Review,2015-10 The Princeton Review s The Best 167 Medical Schools gives you complete and up to date info about the best allopathic osteopathic and naturopathic schools in the U S Canada and Puerto Rico
