understanding of place and context *The Geometry of Urban Layouts* Mahbub Rashid,2016-06-16 This book presents a compendium of the urban layout maps of 2 mile square downtown areas of more than one hundred cities in developed and developing countries all drawn at the same scale using high resolution satellite images of Google Maps The book also presents analytic studies using metric geometrical topological or network and fractal measures of these maps These analytic studies identify ordinaries extremes similarities and differences in these maps investigate the scaling properties of these maps and develop precise descriptive categories types and indicators for multidimensional comparative studies of these maps The findings of these studies indicate that many geometric relations of the urban layouts of downtown areas follow regular patterns that despite social economic and cultural differences among cities the geometric measures of downtown areas in cities of developed and developing countries do not show significant differences and that the geometric possibilities of urban layouts are vastly greater than those that have been realized so far in our cities **The Delaware Valley in the Early Republic** Gabrielle M. Lanier,2005-01-18 Gabrielle M Lanier challenges prevailing characterizations of the region as culturally monolithic and reassesses its role in the formation of a distinctly American identity through the history geography and architecture of three of the valley s diverse cultural landscapes Through narratives of individual lives aggregate data from tax rolls and censuses archival research and close analysis of the built vernacular environment Lanier examines the unique ethnic class and religious constitution of each subregion as well as its racial diversity political orientation economic organization and cultural imprint on the landscape Jacket **The New England Village** Joseph S. Wood,2002-09-24 New England colonists Wood argues brought with them a cultural predisposition toward dispersed settlements within agricultural spaces called towns and villages Rarely compact in form these communities did however encourage individual landholding By the early nineteenth century town centers where meetinghouses stood began to develop into the center villages we recognize today Just as rural New England began its economic decline Wood shows romantics associated these proto urban places with idealized colonial village communities as the source of both village form and commercial success **Abolitionism and American Law** John R. McKivigan,1999 This volume s essays reveal that the abolitionists impact on United States law and the Constitution did not end with the Civil War The immediate postwar Reconstruction amendments were both rooted in the radically anti positivistic natural rights philosophy long espoused by the radical political abolitionists Implementing protection for black civil rights however proved much more difficult Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1 David Y Miller,2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century It contains over 10 000 entries with the principal sections organizing works by the political geographical frameworks of the enslavers **The First Mapping of America** Alex Johnson,2017-08-23 The First Mapping of America tells the story of the General Survey At the heart of the story lie the remarkable maps and the men who made them the commanding and highly professional Samuel Holland Surveyor General in

the North and the brilliant but mercurial William Gerard De Brahm Surveyor General in the South Battling both physical and political obstacles Holland and De Brahm sought to establish their place in the firmament of the British hierarchy Yet the reality in which they had to operate was largely controlled from afar by Crown administrators in London and the colonies and by wealthy speculators whose approval or opposition could make or break the best laid plans as they sought to use the Survey for their own ends
