Prescriber And Clinical Repertory Of Medicinal Herbs:

Prescriber and Clinical Repertory of Medicinal Herbs ... 2nd, Revised, Edition Frederick Harper SHOVE,1952

Prescriber and Clinical Repertory of Medicinal Herbs Frederick Harper-Shove,1952 **Prescriber and Clinical Repertory of Medical Herbs** F. Harper-Shove,1985 **The Earthwise Herbal Repertory** Matthew Wood,2016-10-11

Discover the healing applications of a wide variety of medicinal plants with this first comprehensive herbal repertory from an internationally known herbalist Expert herbalist Matthew Wood takes the guesswork out of the application of medicinal plants Here he provides an invaluable cross reference of constitutional types energetic categories and specific systems so herbalists can more easily identify the right remedies for a specific condition Unlike many reference books in which medicinal plants are defined simply by condition or disease name this book offers tools for differentiating between remedies and analyzing each case in a holistic fashion While this system of cross referencing is well known to homeopaths it is less frequently used by herbalists The Earthwise Herbal Repertory seeks to bridge the gap between different healing systems incorporating knowledge from ancient Greek and traditional Native American medicine nineteenth century botanical medicine homeopathy and modern biomedical research This definitive repertory proves useful for homeopaths and herbalists professionals and home practitioners alike **The Traditional Healer's Handbook** Ghulam Moinuddin Chishti,Hakim G.

M. Chishti,1991 This comprehensive guide to healing synthesizes the principles and practices of Hippocratic Chinese Ayurvedic and Persian medicine and includes the first English translation of one of the handbooks of Avicenna whose writings have been classics in herbal and dietetic medicine for more than 1 000 years Based on the philosophy that food is the best medicine Avicenna s canon provides simple and effective diagnostic techniques and therapies for maintaining health and strengthening the immune system Includes a botanical guide for the 100 most used healing herbs and recommended treatments for 400 conditions including diet and nutrition herbology and aromatherapy *Index-catalogue of the Library of the Surgeon-General's Office, United States Army National Library of Medicine (U.S.),1942* **Index-catalogue of the**

on Hahnemann Hahnemann s life pieced together from the works of Ameke and Dudgeon and punctuated by his letters which have appeared in journals newspapers and other sources **The New Materia Medica** Colin Griffith,2012-01-01 The New Materia Medica is a source book of information on some of the most exciting new crystal botanical and animal remedies now in use by practitioners of the Guild of Homeopaths These remedies proven through the practice of meditation and with a reputation for remarkable success are extraordinary for their depth of action reaching far into a patient s psyche and history Each entry gives a description of the original substance in its natural state and an outline of its medicinal and traditional uses along with crystal essence cures where applicable and explanations of the remedies affinities for the chakras and the

associated glands and organs All the remedies also include detailed information on their mental emotional and physical effects on the individual parts of the body Summarized case notes show clinical evidence of efficacy of these therapies and illustrate their day to day use *Medicinal Plants of the Pacific West* Michael Moore,2011-08-16 Michael Moore renowned herbalist teacher and author of several medicinal plant books presents a one of a kind guide to over three hundred species of plants geographically ranging from Baja California to Alaska This uniquely attractive book educates the reader to both native and introduced species within this region With over eighty line drawings forty four color photographs maps and a glossary this book contains clear and reliable information on identification and safe use of the plants appearance habitats collecting methods and storage therapeutic uses constituents and preparations potential toxicities and medical contraindications and tea making tincturing and salve making *REPERTORY EXPERT* Dr. SHANU SALIM M.D (Hom.),Dr. GINU. D. MOHAN M.D (Hom.),Dr. GENESIS. D M.D (Hom.),2020-09-21 We like to introduce before you a reference book for the subject of Homoeopathic Repertory Case Taking and Repertory named Repertory Expert first edition 2020 We recommend this book for both UG students as well as PG scholars with an intense expectation that this work will deliver a proper guidance in the journey to study about repertories and understand the philosophy linked with the subject During the course of Graduation Post graduation especially at the time of exams UG students PG scholars are compelled to depend more upon the original repertories than any other reference books The data given in such reference books are also sometimes incomplete where some of the important topics and repertories are not given and some of them needed corrections If we need to learn about a repertory in detail we should approach the original repertory But it is very difficult to refer each and every repertory within a short period and of course one should access the library for it or else we should keep all of them along with us to refer when necessary which is nearly impossible All the above reasons made us to think about this book which is a synthesis of all the unavoidable explanations concerned with the most important repertories and related topics This book collectively includes only the verified data concerned with the repertories directly taken from the source books All the essential information compiled in this single piece of work helps to save time and recruit more knowledge about the subject The main purpose of this book is to serve a definite knowledge to someone who needs a support for learning the subject Repertory This work is contented with more topics and their well elaborated explanations up to date than any other contemporary books available We have included review of more than 84 repertories including some of the rare known repertories The well known basic repertories as the name denotes are given with explanations regarding its chapters along with some of the important rubrics from different chapters being introduced Along with the repertory textbooks we have also included the modern techniques of repertorization the computer repertories a detailed description of more than 13 repertory softwares with its different interfaces and functions explained The contents are arranged in such a way that it makes the reader more comfortable to go through A uniform schema is followed in the second part of the book that deals with repertories which makes the approach

easy The data presented in this work are confirmed by verifying the source books of course according to accessibility to the original books As a tool for the students to get prepared for their exams and to go through the fundamental information regarding different repertories preliminary data of all the repertories that are scattered under different chapters have been aggregated and indexed under the title Repertories at a Glance that helps to fresh up the details at a glance We will be glad to see our expectations come true and this work becoming a reliable source of information for the UG students PG scholars as well as a companion for all the teaching staffs AUTHORS For orders Printed Form <https://qr.qr.io/page/link/qBWG9> Price Rs 950 Copy Contact us orderrepertoryexpert@gmail.com Note Dear readers The book is not available in the e book form
