

# the Presence of the Future

George Eldon Ladd  
A Revised and  
Updated Version of  
'Jesus and  
the Kingdom'

*"The most comprehensive modern treatment of New Testament eschatology. The author exhibits a genuine understanding of currents of thought opposite to his own thinking, and he deals with remarkable fairness even with the views he rejects."*  
—Otto A. Piper, Princeton Theological Seminary

**The Apocalyptic Paul** Jamie Davies,2022-05-09 The Apocalyptic Paul is rapidly becoming one of the most influential contemporary approaches to the apostle s letters and one which has generated its share of controversy Critiques of the movement have come from all sides Pauline specialists scholars of Jewish and Christian apocalyptic literature and systematic theologians have all raised critical questions Meanwhile many have found it a hard conversation to enter not least because of the contested nature of its key terms and convictions Non specialists can find it difficult to sift through these arguments and to become familiar with the history of this movement its most important contemporary voices and its key claims In the first part of this book New Testament scholar Jamie Davies offers a retrospective introduction to the conversation charting its development from the turn of the twentieth century to the present surveying the contemporary situation In the second part Davies explores a more prospective account of the challenges and questions that are likely to energize discussion in the future before offering some contributions to the

apocalyptic reading of Paul through an interdisciplinary conversation between the fields of New Testament scholarship Second Temple Jewish apocalypticism and Christian systematic theology *Paul and the Hope of Glory* Constantine R. Campbell, 2020-11-24 A Unique Study of Pauline Eschatology that Is Both Exegetical and Theological One of the trajectories coming out of Constantine Campbell's award winning book *Paul and Union with Christ* is the significance of eschatology for the apostle Along with union with Christ eschatology is a feature of Paul's thinking that affects virtually everything else While union with Christ is the webbing that joins Paul's thought together eschatology provides the shape of his thought and thus gives shape to his teaching about justification resurrection the cross ethics and so forth There is considerable debate however about Paul's eschatology asking whether he is a covenant or an apocalyptic theologian In *Paul and the Hope of Glory* Campbell conducts a thorough exegetical study of the relevant elements of Paul's eschatological language metaphors and images including parousia the last day inheritance hope and others He examines each passage in context aiming to build inductively an overall sense of Paul's thinking The results of this exegetical study then feed into a theological study that demonstrates the integration of Paul's eschatological thought into his overall theological framework The study is comprised of three parts The first part introduces the key issues both exegetical and theological and sets the parameters and methodology of the book It also offers an historical survey of the scholarly work produced on Paul's eschatology through the twentieth century to the present day The second part contains the detailed exegetical analysis with chapters on each important Pauline phrase metaphor and image related to eschatology The third part turns its attention to theological synthesis It recapitulates relevant conclusions from the evidence adduced in part two and launches into theological discussion engaging current issues and debates This volume combines high level scholarship and a concern for practical application of a topic currently debated in the academy and the church More than a monograph this book is a helpful reference tool for students scholars and pastors to consult its treatment of any particular instance of any phrase or metaphor that relates to eschatology in Paul's thinking *The Bible and the Pursuit of Happiness* Brent A. Strawn, 2012-11-15 Scholars of the social sciences have devoted more and more attention of late to the concept of human happiness mainly from sociological and psychological perspectives This volume which includes essays from scholars of the New Testament the Old Testament systematic theology practical theology and counseling psychology poses a new and exciting question what is happiness according to the Bible Informed by developments in positive psychology *The Bible and the Pursuit of Happiness* explores representations of happiness throughout the Bible and demonstrates the ways in which these representations affect both religious and secular understandings of happiness In addition to the twelve essays the book contains a framing introduction and epilogue as well as an appendix of all the terms used in reference to happiness in the Bible The resulting volume the first of its kind is a highly useful and remarkably comprehensive resource for the study of happiness in the Bible and beyond **The End of Theology** Jason S. Sexton , Paul Weston , 2016-10-01 Missiologists and theologians do not often

talk to each other which has resulted in increased ignorance of each other's questions and concerns about how to do theology in ways that effectively serve the Church's mission. Under the auspices of the Tyndale Fellowship Christian Doctrine study group, a colloquium of distinguished scholars and practitioners recently gathered at the University of Cambridge. This volume arising out of that symposium begins conversations that have been waiting to happen. Each participant brings a particular perspective to questions about the nature of theology and how it is most meaningfully constructed so as to offer a truly interdisciplinary perspective on theology and mission. It highlights perspectives of contextual theology and systematic theology as well as missiology and mission studies, world Christianity and historical inquiry, biblical studies and missional hermeneutics, ethnography, pastoral practice and social justice. It also pays keen attention to matters on the ground with a profound desire to relate questions of evangelical identity, including ministry practice and mission, to the wider tradition. In short, this volume sets out to model the kind of engagement required by both Church and Academy to do theology for mission.
