Digital Preservation for Libraries, Archives, and Museums Edward M. Corrado, Heather Moulaison

Sandy, 2014-04-10 Digital Preservation in Libraries Archives and Museums represents a new approach to getting started with digital preservation that of what cultural heritage professionals need to know as they begin their work For administrators and practitioners alike the information in this book is presented readably focusing on management issues and best practices Although this book addresses technology it is not solely focused on technology After all technology changes and digital preservation is aimed for the long term This is not a how to book giving step by step processes for certain materials in a given kind of system Instead it addresses a broad group of resources that could be housed in any number of digital preservation systems Finally this book is about things not technology not how to not theory I wish I knew before I got started Digital preservation is concerned with the life cycle of the digital object in a robust and all inclusive way Many Europeans and some North Americans may refer to digital curation to mean the same thing taking digital preservation to be the very limited steps and processes needed to insure access over the long term The authors take digital preservation in the broadest sense of the term looking at all aspects of curating and preserving digital content for long term access The book is divided into four parts based on the Digital Preservation Triad Situating Digital Preservation Management Aspects Technology Aspects and Content Related Aspects The book includes a foreword by Michael Lesk eminent scholar and forerunner in digital librarianship and preservation The book features an appendix providing additional information and resources for digital preservationists Finally there is a glossary to support a clear understanding of the terms presented in the book Digital Preservation will answer questions that you might not have even known you had leading to more successful digital preservation initiatives
