President Of Good And Evil The Ethics Of George W Bush

Peter Singer

President Of Good And Evil The Ethics Of George W Bush:

The President of Good and Evil Peter Singer, 2004 President Bush talks constantly about ethics and values They underpin all his public pronouncements whether he is declaring war on the axis of evil or announcing tax cuts This book is an attempt to hold his policies and actions as a president up to an ethical standard including his own **The President of Good and Evil** Peter Singer, 2004 This book is an attempt to hold the policies of George W Bush and his actions as president up to an ethical standard including his own But it goes beyond that it is also a study in a distinctively American ethic for there are many features of this ethic that are not widely held elsewhere in the developed world *The President of Good & Evil* Peter Singer, 2007 President George W Bush is the President of Good and Evil the man who more than any other United States president in living memory talks constantly about ethics about values about good and evil This book is an attempt to hold the policies of George W Bush and his actions as president up to an ethical standard including his own But it goes beyond that It is also a study in a distinctively American ethic for there are many features of his ethic that are not widely held elsewhere in the developed world There are also of course many Americans who do not share them Some will question whether Bush is sincere in his ethical pronouncements While Singer highlights some flagrant inconsistencies between what he has said and what he has done the book is not an exposé of the real Bush beneath the public pronouncements The President of Good Evil is Singer's attempt to hold the world's most prominent moralist accountable **The President of Good & Evil** Peter Singer, 2015-04-14 From the author of *Animal Liberation* an examination of the chasm between the words and actions of George W Bush who claimed the moral high ground more than any president in recent US history During his time in public office George W Bush framed a striking number of his major policies and initiatives with the concepts of good and evil From his christening of the axis of evil to the wars in the Middle East to his condemnation of stem cell research Bush consistently deployed moral language in discussions of the day's major issues But to what degree could his moral philosophy be considered coherent In *The President of Good Evil* Peter Singer offers an eye opening analysis of the ethical outlook of America's forty third president This ebook features an illustrated biography of Peter Singer including rare photos from the author's personal collection **Peter Singer Under Fire** Jeffrey A. Schaler, 2011-09-30 One of the leading ethical thinkers of the modern age Peter Singer has repeatedly been embroiled in controversy Protesters in Germany closed down his lectures mistakenly thinking he was advocating Nazi views on eugenics Conservative publisher Steve Forbes withdrew generous donations to Princeton after Singer was appointed professor of bioethics His belief that infanticide is sometimes morally justified has appalled people from all walks of life Peter Singer Under Fire gives a platform to his critics on many contentious issues Leaders of the disability rights group Not Dead Yet attack Singer's views on disability and euthanasia Economists criticize the effectiveness of his ideas for solving global poverty Philosophers expose problems in Singer's theory of utilitarianism and ethicists refute his position on abortion Singer's engaging Intellectual Autobiography explains how he

came by his controversial views while detailed replies to each critic reveal further surprising aspects of his unique outlook

The American Imperial Gothic Johan Höglund, 2016-03-16 The imagination of the early twenty first century is catastrophic with Hollywood blockbusters novels computer games popular music art and even political speeches all depicting a world consumed by vampires zombies meteors aliens from outer space disease crazed terrorists and mad scientists These frequently gothic descriptions of the apocalypse not only commodify fear itself they articulate and even help produce imperialism Building on and often retelling the British imperial gothic of the late nineteenth century the American imperial gothic is obsessed with race gender degeneration and invasion with the destruction of society the collapse of modernity and the disintegration of capitalism Drawing on a rich array of texts from a long history of the gothic this book contends that the doom faced by the world in popular culture is related to the current global instability renegotiation of worldwide power and the American bid for hegemony that goes back to the beginning of the Republic and which have given shape to the first decade of the millennium From the frontier gothic of Charles Brockden Brown s Edgar Huntly to the apocalyptic torture porn of Eli Roth s Hostel the American imperial gothic dramatises the desires and anxieties of empire Revealing the ways in which images of destruction and social upheaval both query the violence with which the US has asserted itself locally and globally and feed the longing for stable imperial structures this book will be of interest to scholars and students of popular culture cultural and media studies literary and visual studies and sociology

The Polarized Presidency of George W. Bush George C Edwards III, Desmond King, 2007-05-24 This collection examines the foreign and domestic policies of President George W Bush s administration The analysis begins with an account of how highly polarized in terms of public opinion and electoral patterns this presidency has proved to be in a chapter by the editors This is followed by chapters on the use of unilateral executive powers by Louis Fisher and William Howell and pre rogative powers by Richard Pious Because the policy choices of the Bush presidency have had such fundamental effects both in domestic policy and in US foreign policy three contributors Thomas Langston John Burke James Pfiffner then address the processes of decision making especially in respect to the war against Iraq How the administration governs by a recurring process of campaigning is examined in chapters on public opinion and war by Gary Jacobson the promotional presidency by Larry Jacobs mobilizing congressional support for war by Scott Blinder and the White House communications system by Martha Kumar Finally the way in which the Bush White House relates to congress and the process of building congressional coalitions to enact laws is the subject of chapters on executive style of this administration by Charles O Jones and the failure to reform social security by Fiona Ross It will be essential reading for anyone wishing to understand one of the most controversial administrations in recent years

The Moral Rhetoric of American Presidents Colleen J. Shogan, 2007-09-17 Although sometimes decried by pundits George W Bush s use of moral and religious rhetoric is far from unique in the American presidency Throughout history and across party boundaries presidents have used such appeals with varying degrees of political success The Moral Rhetoric of American

Presidents astutely analyzes the president's role as the nation's moral spokesman Armed with quantitative methods from political science and the qualitative case study approach prevalent in rhetorical studies Colleen J Shogan demonstrates that moral and religious rhetoric is not simply a reflection of individual character or an expression of American civil religion but a strategic tool presidents can use to enhance their constitutional authority To determine how the use of moral rhetoric has changed over time Shogan employs content analysis of the inaugural and annual addresses of all the presidents from George Washington through George W Bush This quantitative evidence shows that while presidents of both parties have used moral and religious arguments the frequency has fluctuated considerably and the language has become increasingly detached from relevant policy arguments Shogan explores the political effects of the rhetorical choices presidents make through nine historical cases Presidents Washington Jefferson Madison Buchanan Lincoln Theodore Roosevelt Kennedy Lyndon Johnson and Carter She shows that presidents who adapt their rhetoric to the political conditions at hand enhance their constitutional authority while presidents who ignore political constraints suffer adverse political consequences The case studies allow Shogan to highlight the specific political circumstances that encourage or discourage the use of moral rhetoric Shogan concludes with an analysis of several dilemmas of governance instigated by George W Bush's persistent devotion to moral and religious argumentation **Christian America and the Kingdom of God** Richard T. Hughes, Christina

Littlefield, 2025-03-11 The myth of a Christian America fuels a powerful political force sure of its moral superiority and intent on implementing a Christian nationalist agenda Richard T Hughes and Christina Littlefield draw on discussions of civil religion and forms of nationalism to explore the complex legal and cultural arguments for a Christian America The authors also provide an in depth examination of the Bible's words on the chosen nation and kingdom of God that Christian nationalists quote to support the idea of the US as a Christian nation A timely new edition of the acclaimed work *Christian America and the Kingdom of God* spotlights how the centuries long pursuit of a Christian America has bred an aggressive white Christian nationalism that twists faith unleashes unchristian behavior and threatens the nation Perspectives on the

Legacy of George W. Bush Michael Orlov Grossman, Ronald Eric Matthews Jr., 2008-12-18 Opinions of the Presidency of George W Bush and his perceived legacy seem to exist only at the extremes From the contentious outcome of the 2000 election to the attacks on September 11 to the ongoing War in Iraq and Afghanistan to the efforts to transform major domestic policies and culminating with the financial crisis of 2008 it is little wonder that the name George W Bush tends not to evoke lukewarm opinion During his time in office Bush obtained the highest approval ratings of any sitting president but also the lowest Scholars and other observers of the Bush Presidency have been similarly divided Across the board the presidency of George W Bush raises questions that invite challenges to political scientists scholarly questions of significant general interest The authors in this volume begin the process of addressing some of these questions with essays that cover an array of issues related to his presidency and the legacy it leaves This collection of essays presented at the Mount Union

College Symposium on the Legacy of George W Bush seeks to provide some balance offering some initial assessments of the consequences of this controversial president and his eventful tenure in office
