Sexuality David J. Garrow, 2015-07-07 Pulitzer Prize winning author David J Garrow s stirring and essential history of the politics of abortion and America s battle for the right to choose In 1973 the Supreme Court handed down its landmark Roe v Wade decision legalizing abortion and more than forty years later the issue continues to spark controversy and divisiveness But behind this historic legal case lie the battles women fought to establish their rights to use contraceptives and choose to have an abortion Liberty and Sexuality traces these political and legal struggles in the decades leading up to Roe v Wade including the momentous 1965 Supreme Court ruling in Griswold v Connecticut that established a constitutional right to privacy Garrow personalizes the struggles by detailing the vital contributions made by dozens of crusaders who tirelessly paved the way This expansive and substantial work also addresses the threats to sexual privacy and the legality of abortion that have risen since Roe v Wade With abortion still a contentious subject on the national political landscape Liberty and Sexuality is not just a historical account of the right to choose but an indispensable read about preserving a freedom that continues to divide America **Abortion in the Age of Unreason** Warren M. Hern, 2024-09-30 This vivid account by a

nationally prominent doctor reports the daily challenges of offering and receiving abortion services in a volatile political and social atmosphere In stories from the front lines from protecting patients and staff from protesters attacks to the dangers to women of restricted access to abortion services and the pertinent findings of his remote research in Latin America Hern s book is strikingly detailed just as it exposes the needs of women and the U S national interest Dr Hern an abortion specialist researcher scholar and highly visible public advocate shows how abortion saves women s lives given the many risks that arise during pregnancy remarkably more than most people realize He points to political and national solutions to reverse a reawakened crisis that now threatens democracy Throughout the book Dr Hern shows how the current emergency was largely created by political actors who have exploited and distorted the abortion issue to increase and consolidate their power A vital component of women s health care the crisis over abortion is not new Yet the reversal of Roe v Wade and the steady accumulation of power by America s right wing has put the issue at a level of urgency and national prominence not seen since the days before legalization Women s need for safe abortion services will continue as the struggle to secure their rights intensifies This book is about that struggle during what has evolved over the last 50 years to an Age of Unreason
