a critical intervention into debates about journalism and the crisis in local news Interrogating the history and current practice of court coverage in the UK the author argues for its importance as a central feature of both open justice and public interest reporting The book challenges narratives of a decline in the perceived quality of local media Yet it also highlights a reliance on major local press companies facing acute financial challenges meaning court reporting faces a potentially precarious future The book critically examines coverage of the courts in the context of financial crises which have diminished both newspapers and the criminal justice system How the norms of court journalism emerged and evolved are put under scrutiny and the book then considers how court reporting is practiced today including the use of cameras and social media as well as remote hearings during and since the pandemic The author takes us inside a major murder trial and explores why court reporting remains worth preserving and enhancing Offering recommendations which could help to maintain and extend coverage of the courts this volume will interest students and scholars of journalism mass communication media studies media law and communication studies

Covering the Courts Robert W. Snyder, Robert Giles, 2011-12-31 *Covering the Courts* shows how writers and journalists deal with present day major trials such as those involving Timothy McVeigh and O J Simpson The volume features such outstanding contributors as Linda Deutsch and Fred Graham and provides an in depth look at the performance of the court in an age of heightened participation by reporters camera operators social scientists major moguls of network radio and television and advocates of special causes The volume does far more than discuss specific cases Indeed it is a major tool in the study of the new relationships between a free press and a fair trial Interestingly a consensus is described in which the parties involved in efforts to balance freedom of the press and the right to a fair trial are moving in tandem In this regard sensitive issues ranging from the universality of law to the particularity of racial religious and gender claims are explored with great candor The volume also turns the intellectual discourse to its major players the members of the press the lawyers and the judiciary Has there been a shift from reporting functions to entertainment values Does television and live presentation shift the burden from the contents of a case to the photogenic and star quality of players What excites and intrigues the public serious disturbances to the peace and mass mayhem such as the Oklahoma bombings or sexual adventures of entertainment and sports figures The findings are sometimes disturbing but the reading is never dull This book will be of interest to journalists lawyers and the interested general public This volume is the latest in the Transaction Media Studies Series edited by Everette E Dennis dean of the school of communication at Fordham University The volume itself is edited by Robert Giles the editor and Robert W Snyder the managing editor of Media Studies Journal The original contributions were initially presented at The Freedom Forum and its Media Studies Center

Murder, Courts, and the Press Peter E. Kane, 1992 When murder is the crime the clash in the courts is likely to be between two constitutionally enshrined rights freedom of speech and the right to a fair trial Peter E Kane shows what happened in seven famous court cases when First Amendment rights concerning freedom of speech conflicted with Sixth Amendment rights concerning fair trial He reports the circumstances of each crime the court proceedings and the conduct of the press in the trials of Sam Sheppard Charles Manson and his followers John Paul Stevenson Claus von B low and Arthur Shawcross and the cases involving the Kellie family and the Wayne Clapp murders Kane s narrative and analytical approach illuminates legal principles and shows the roles of actual human beings underlying the abstractions of court opinions In this revised and expanded edition Kane considers two new topics stemming from recent court cases cameras in the courtroom and a code of ethics for crime reporting Kane explores the issue of cameras through the famous Claus von B low retrial which featured live television broadcasts regarding a journalistic code Kane examines the massive pretrial reporting of the serial murders of Arthur Shawcross Kane notes that sensational crime stories serve the interests of many people the public wants to read them journalists want to write them because they can make a reporter s fortune and reputation and editors and publishers want to sell papers The sensational crime story serves everyone s purpose except that of the accused In addition to exploring journalistic ethics and the proper procedures for trial judges in guaranteeing a fair trial these cases also provide an introduction to the operation of the courts in criminal justice The trial court is the arena in which the conflicts between a free press and a fair trial are played out Kane writes This play is described here as are the subsequent evaluations of that play by the appellate courts Thus the legal process is considered from its beginning with the original crime to the final resolution of the case in the United States Supreme Court

requirement of openness Furthermore the conflicting constitutional rights being the right to a fair trial and the right to freedom of expression are interrogated in the quest to new media broadcasting The book features a legal comparison between the jurisprudence of South Africa the United States of America and Britain in the domain of new media court reporting In conclusion principles of therapeutic jurisprudence are considered as live broadcasting of criminal trials may provide therapeutic outcomes for the victim the accused and the broader society This book serves as an indispensable resource for those navigating the intersection between the use of new media in court reporting and the constitutional imperatives being open justice and fundamental rights Scholars in the fields of Law of Criminal Procedure Media Law and Constitutional Law will gain fresh insights into these topical issues
