

River Flow

As we move
towards the sea,
our face becomes green
from battling gravity as it pulls us
and knocks us down.

Slowly moving
towards the Atlantic,
the tide flows in us
like the river flows.

Every day as the sun rises
the night ends up replacing;
the last moon doesn't reappear.
Earth keeps spinning,
we keep flowing too
until the rivers and oceans
or earth waters are all dried.

Jones, 2005-09-07 Reading Rivers is the first book in a new series Roman Studies Interdisciplinary Approaches Author Prudence Jones examines rivers as a literary phenomenon particularly in the poetry of Vergil The point of such an investigation is twofold an examination of Vergil's poetry elucidates particularly clearly a point about rivers that their inclusion functions almost as a literary device and an examination of rivers makes a point about Vergil that rivers are essential to understanding the trajectory of his works in particular the structure of the Aeneid This study depends primarily on the close analysis of the poetry of Vergil and of other relevant authors In Part I Jones examines the Greco Roman understanding of the river in its primary symbolic roles cosmological ritual and ethnographical Part II analyzes the river as a literary device with particular attention to the works of Vergil and argues that descriptions of rivers in Roman poetry are in many cases a form of authorial comment on the progress or structure of a narrative Jones gives scholars in the classics and literary critics who focus specifically on Roman antiquity a special prism through which to view the works of Vergil as well as other significant authors This book is also for those working in the fields of cultural studies cultural geography and ancient philosophy Arun Deep's Self-Help To I.S.C. Classical Rhetoric and the German Poet Anna

Carrdus, 2017-12-02 This study relates theory to the details of poetic practice it presents Opitz Burger and Aichendorff as representatives of their times and demonstrates how they adapt the classical arts to their particular talents and beliefs All three poets are shown at work within a tradition flexible enough to persist even into the present The author shows how the influence of rhetoric on German poetry did not vanish in the mid 18th century as is widely supposed The firsts chapter briefly compares theoretical statements by Martin Opitz and the 20th century poet Peter Rußmörfer it uses the comparison to introduce two main arguments that classical rhetoric and poetics exert a persistent though constantly changing influence on the composition of German poetry and that the theoretical precepts and natural talent are mutually interdependent These arguments are developed through the examination of works by three German poets taken from periods of major literary change Opitz is representative of the Baroque Burger of the Sturm und Drang and Aichendorff of Romanticism Three main chapters reconstruct the working method of each poet applying his own theory and that of near contemporaries to detailed analysis of one or two of his poems This procedure illustrates how each poet adapts rhetorical and poetic traditions to his own personal talent and to the literary preoccupations of his time

the Handbook of British Romanticism will provide students with an introduction to Romantic literature in general and literary scholars with a discussion of innovative and groundbreaking theoretical developments **The Critical Poem** Thorpe Running,1996 In this book scholar Thorpe Running shows that a skeptical approach to both language and poetry places eight poets from three countries in Latin America within a strain of poetry prefigured by Stephane Mallarme Octavio Paz Jorge Luis Borges Roberto Juarroz Alejandra Pizarnik Alberto Girri Juan Luis Martinez Gonzalo Millan and David Huerta span three different generations In addition to their age and geographical differences their poetry bears no obvious similarities All eight however are poetas pensantes or thinking poets and underlying the work of these probing writers is the disturbing question Does language do what it is supposed to do The answer is negative for all these poets who see their poems as being made up of words that don t work BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
