River Of Dissolution Dh Lawrence English Romanticism:

River of Dissolution Colin Clarke, 2016-03-31 First published in 1969 This title concerns itself with the ambivalence of Lawrence's attitude towards corruption Clarke demonstrates that Lawrence's attitude to will and to sensational or disintegrative sex is much more equivocal than conceded At the same time this is a study of Lawrence's debt as a novelist to the English Romantic poets A tradition of metaphor is traced from the second half of the eighteenth century through the poetry of the major Romantics to the Decadents and so to Lawrence whose attitudes to mechanism and corruption are shown to be articulated above all through ambivalent images of dissolution and disintegration This title will be of interest to students of literature *River of dissolution* Colin C. Lawrence, Science and the Posthuman** J. Wallace,2005-06-28 Why was D H Lawrence preoccupied with the enigma of the human as thinking matter This first sustained study of Lawrence and science shows how posthuman conceptions of a material kinship between humans animals and machines can transform our understanding of Lawrence s work and of its complex relationship with scientific epistemologies Through detailed readings of evolutionary philosophy and of the new Bergsonism of Deleuze and others Wallace provides a radical reappraisal of Lawrence in terms of an antihumanist or posthumanist humanism Hardt and Negri **Lapsing Out** Donald Gutierrez,1980 This detailed text focuses on the major last writing of D H Lawrence from the perspective of death and rebirth His own sense of impending death combined with Lawrence s elaborate sense of figurative death results in ideas about mortality and immortality presented in various modes studied in this book *D.H. Lawrence's Australia* David Game,2016-03-09 The first full length account of D H Lawrence s rich engagement with a country he found both fascinating and frustrating D H Lawrence s *Australia* focuses on the philosophical anthropological and literary influences that informed the utopian and regenerative visions that characterise so much of Lawrence s work David Game gives particular attention to the four novels and one novella published between 1920 and 1925 what Game calls Lawrence s Australian period shedding new light on Lawrence s attitudes towards Australia in general and more specifically towards Australian Aborigines women and colonialism He revisits key aspects of Lawrence s development as a novelist and thinker including the influence of Darwin and Lawrence s rejection of eugenics Christianity psychoanalysis and science While Game concentrates on the Australian novels such as *Kangaroo* and *The Boy in the Bush* he also uncovers the Australian elements in a range of other works including Lawrence s last novel *Lady Chatterley s Lover* Lawrence lived in Australia for just three months but as Game shows it played a significant role in his quest for a way of life that would enable regeneration of the individual in the face of what Lawrence saw as the moral collapse of modern industrial civilisation after the outbreak of World War I *Cosmopolitan Love* Sijia Yao,2023-11-09 Love and the different manifestations of it is a common theme in literature around the world In *Cosmopolitan Love* Sijia Yao examines the writings of D H Lawrence a British writer whose literature focused primarily on interpersonal relationships in domestic settings and Eileen Chang a Chinese writer who migrated to the United States and explored Chinese heterosexual love in her writing While comparing the writings of a Chinese writer and an English one Yao avoids a direct comparison between East and West that could further enforce binaries Instead she uses the comparison to develop an idea of cosmopolitanism that shows how the writers are in conversation with their own culture and with each

other Both D H Lawrence and Eileen Chang wrote stories that are influenced by but sometimes stand in opposition to their own cultures They offer alternative understandings of societies dealing with modernism and cultural globalization Their stories deal with emotional pain caused by the restrictions of local politics and economics and address common themes of incestuous love sexual love adulterous love and utopian love By analyzing their writing Yao demonstrates that the concept of love as a social and political force can cross cultural boundaries and traditions to become a basis for human meaning the key to a cosmopolitan vision

D. H. Lawrence's Language of Sacred Experience C. Burack,2005-11-20 This book demonstrates how D H Lawrence s prophetic ambitions impelled him to create novels that would radically transform the consciousness of his readers Charles Burack argues that Lawrence s major novels beginning with *The Rainbow* are structured as religious initiation rites that attempt to break down the reader s normative mindset and to evoke new numinous experiences of self and world Through careful analysis of narrative structure literary technique and sacred discourses Burack shows that Lawrence tries to initiate the reader into his own version of religious vitalism Unlike most initiations that conclude with powerful affirmations Lawrence s novels generally end with an attempt to subvert the formation of new religious dogmas and to encourage sacred erotic exploration

The Consciousness of D.H. Lawrence Daniel J. Schneider, 1986. This biography of Lawrence is unlike any other in its focus on the essential character of the artist and in its synthesis of the facts of his life and thought. D.H. Lawrence and Germany Carl Krockel, 2007-01-01. D.H. Lawrence has suffered criticism for the emotional excess of his language and for a suspected leaning towards right-wing politics. This book contextualises his style and political values in German culture, especially its Romantic tradition, which has been subjected to the same criticism as himself. In his writing, Lawrence struggles between opposing German cultural elements from the eighteenth century onwards to dramatise the conflicts in Modern European culture and history in the first half of the Twentieth century. The book demonstrates how his failures are integral to his achievements and how the self-contradictory nature of his art is actually its saving grace. This volume surveys the whole span of Lawrence's career; it is intended for both students and teachers of the author and for those interested in the cross-cultural relations of European Modernism. Previous studies have tended to outline references in Lawrence's work to Germany without focusing on the historical, cultural, and ideological issues at stake. These issues are the subject of this book.
