Ana Pauker Robert Levy, 2001-03-22 In her own day Ana Pauker was named The Most Powerful Woman in the World by Time magazine Today when she is remembered at all she is thought of as the puppet of Soviet communism in Romania blindly enforcing the most brutal and repressive Stalinist regime Robert Levy's new biography changes the picture dramatically revealing a woman of remarkable strength dominated by conflict and contradiction far more than by dogmatism Telling the story of Pauker's youth in an increasingly anti-Semitic environment her commitment to a revolutionary career and her rise in the Romanian Communist movement Levy makes no attempt to whitewash Pauker's life and actions but rather explores every contour of the complicated persona he found expressed in masses of newly accessible archival documents

hardening grip of Soviet domination under Brezhnev to the collapse of communism and its aftermath Bulent Gokay provides the essential introduction to Eastern Europe in the last quarter of the twentieth century The Soviet invasion of Czechoslovakia in 1968 spelt the end of reformist communism and the tightening of Soviet control throughout Eastern Europe In spite of this several countries within the Soviet Bloc managed to retain varying degrees of independence over the next two decades Focusing on the struggle towards economic and social modernisation in the region and the competing influences of East and West in a dangerous Cold War Bulent Gokay shows how individual circumstances and diverse national characteristics made a uniform application of the Soviet model impossible and charts the growing resistance to domination and the momentous events which finally toppled Soviet power in the region *My Second University* Stanciu Stroia,Dan L.

Orthodoxy and the Cold War L. Leustean,2008-12-10 Explores the dynamics between Orthodoxy and politics in Romania providing an accessible narrative on church state relations from the establishment of the

state in 1859 to the rise of Ceau escu in 1965 The book argues that Romanian national communism had an ally in a strong Church and analyzes religious diplomacy with actors in the West **The Traditions of Invention** Alex

Drace-Francis,2013-07-15 Literary and cultural images once considered marginal to the main currents of political and institutional development in southeastern Europe have been accorded much greater importance by scholars in recent years In this volume Alex Drace Francis brings together over fifteen years of work on the topic of representations of Romania and Romanians Crossing the East West divide the book studies both external images of the country and people and domestically generated representations of Europe and the West It draws on material in a wide range of languages and offers a long term view providing a nuanced and historically grounded contribution to the lively debates over Balkanism Orientalism and identities in Romania and in Europe as a whole **One Europe, Many Nations** James B. Minahan,2000-07-30 Dominating

world politics since 1945 the Cold War created a fragile peace while suppressing national groups in the Cold War s most dangerous theater Europe Today with the collapse of Communism the European Continent is again overshadowed by the specter of radical nationalism as it was at the beginning of the century Focusing on the many possible conflicts that dot the European landscape this book is the first to address the Europeans as distinct national groups not as nation states and national minorities It is an essential guide to the national groups populating the so called Old World groups that continue to dominate world headlines and present the world community with some of its most intractable conflicts While other recent reference books on Europe approach the subject of nations and nationalism from the perspective of the European Union and the nation state this book addresses the post Cold War nationalist resurgence by focusing on the most basic element of any nationalism the nation It includes entries on nearly 150 groups surveying these groups from the earliest period of their national histories to the dawn of the 21st century In short essays highlighting the political social economic and historical evolution of peoples claiming a distinct identity in an increasingly integrated continent the book provides both up to date information and historical background on the European national groups that are currently making the news and those that will produce future headlines *The European Union* , The A to Z of Moldova Andrei Brezianu,Vlad Spânu,2010-05-26

The Republic of Moldova claims a European lineage reaching back in time long before its 14th century accession to statehood In the 15th century it managed against all odds to avoid being conquered by Islam and albeit an intermittent vassal after 1485 it maintained its autonomy and was never turned into a province of the Ottoman Empire After this period however Moldova would not be so fortunate as it altered between Russian Romanian and Soviet control until it finally gained its independence in 1991 from the Soviet Union The A to Z of Moldova through its chronology introduction appendixes maps bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions and significant political economic social and cultural aspects traces the history of this small but densely populated country providing a compass for the direction it is heading **Foreign Aid and State Building in Interwar Romania** Doina Anca

Cretu, 2024-12-10 The decades following World War I were a period of political social and economic transformation for Central and Eastern Europe This book considers the role of foreign aid in Romania between 1918 and 1940 offering a new history of the interrelation between state building and nongovernmental humanitarianism and philanthropy in the interwar period Doina Anca Cretu argues that Romania was a laboratory for transnational intervention as various state builders actively pursued accessed and often instrumentalized American assistance in order to accelerate reconstructive and modernizing projects after World War I At its core this is a study of how local views ambitions and practical agendas framed trajectories of humanitarian and philanthropic endeavors in postimperial Central and Eastern Europe Conversely it is a reflection on the ways that architects and practitioners of foreign aid sought to transfer notions of democracy civilization and modernity within shifting local and national contexts in the aftermath of the war and after the collapse of European empires At the intersection of the history of interwar Europe and international philanthropy and humanitarianism this book s innovative and explicitly transnational approach provides a new framework for understanding the contours of European nationalism in the twentieth century **The Balkans: Nationalism, War, and the Great Powers, 1804-2012** Misha Glenny, 2012-09-05 From the bestselling author of *McMafia* and *DarkMarket* comes this unique and lively history of Balkan geopolitics since the early nineteenth century which gives readers the essential historical background to more than one hundred years of events in this war torn area No other book covers the entire region or offers such profound insights into the roots of Balkan violence or explains so vividly the origins of modern Serbia Croatia Bosnia Greece Bulgaria Romania and Albania Now updated to include the fall of Slobodan Milosevic the capture of all indicted war criminals from the Yugoslav wars and each state s quest for legitimacy in the European Union *The Balkans* explores the often catastrophic relationship between the Balkans and the Great Powers raising some disturbing questions about Western intervention *The Balkans* D. Hupchick, 2002-01-11 The tragedies of Bosnia and Kosovo are often explained away as the unchangeable legacy of centuries old hatreds In this richly detailed expertly balanced chronicle of the Balkans across fifteen centuries Hupchick sets a complicated record straight Organized around the three great civilizations of the region Western European Orthodox Christian and Muslim this is a much needed guide to the political social cultural and religious threads of Balkan history with a clear convincing account of the reasons for nationalist violence and terror **A Concise History of Romania** Keith Hitchins, 2014-02-20 A comprehensive and engaging new history charting Romania s development over 2000 years from its establishment to the present day The Balkans Mark Biondich, 2011-02-17 The Balkans has long been a place of encounter among different peoples religions and civilizations resulting in a rich cultural tapestry and mosaic of nationalities But it has also been burdened by a traumatic post colonial experience The transition from traditional multinational empires to modern nation states has been accompanied by large scale political violence that has resulted in the deaths of hundreds of thousands and the permanent displacement of millions more Mark Biondich examines the origins of these conflicts while treating the

region as an integral part of modern European history shaped by much the same forces and intellectual impulses It reminds us that political violence and ethnic cleansing have scarcely been unique to the Balkans As Biondich shows the political violence that has bedevilled the region since the late nineteenth century stemmed from modernity and the ideology of integral nationalism employed by states that were dominated by democratizing or authoritarian nationalizing elites committed to national homogeneity Throughout this period the Balkan proponents of democratic governance civil society and multiculturalism were progressively marginalized The history of revolution war political violence and ethnic cleansing in the modern Balkans is above all the story of this tragic marginalization
