Mechanical Mauro F. Guillén, 2020-11-10 The dream of scientific management was a rationalized machine world where life would approach the perfection of an assembly line But since its early twentieth century peak this dream has come to seem a dehumanizing nightmare Henry Ford's assembly lines turned out a quarter of a million cars in 1914 but all of them were black Forgotten has been the unparalleled new aesthetic beauty once seen in the ideas of Ford and scientific management pioneer Frederick Winslow Taylor In *The Taylorized Beauty of the Mechanical* Mauro Guillén recovers this history and retells the story of the emergence of modernist architecture as a romance with the ideas of scientific management one that permanently reshaped the profession of architecture Modernist architecture's pioneers Guillén shows found in scientific management the promise of a new functional machine like and beautiful architecture and the prospect of a new role for the architect as technical professional and social reformer Taylor and Ford had a signal influence on Bauhaus founder Walter Gropius and on Le Corbusier and his *Towards a New Architecture* the most important manifesto of modernist architecture Architects were so enamored with the ideas of scientific management that they adopted them even when there was no functional advantage to do so Not a traditional architectural history but rather a sociological study of the profession of architecture during its early modernist period *The Taylorized Beauty of the Mechanical* provides a new understanding of the degree to which modernist architecture emerged from a tradition of engineering and industrial management *Film,*

Architecture and Spatial Imagination Renée Tobe, 2016-08-25 Films use architecture as visual shorthand to tell viewers everything they need to know about the characters in a short amount of time Illustrated by a diverse range of films from different eras and cultures this book investigates the reciprocity between film and architecture Using a phenomenological approach it describes how we the viewers can learn how to read architecture and design in film in order to see the many inherent messages Architecture's representational capacity contributes to the plausibility or reality possible in film The book provides an ontological understanding that clarifies and stabilizes the reciprocity of the actual world and a filmic world of illusion and human imagination thereby shedding light on both film and architecture *The Oxford Dictionary of*
