other but as the familiar reflection of the United States own regional racial class and political inequalities *American Art Deco* Carla Breeze,2003 Art Deco architecture flourished in large cities and small towns throughout America in the 1920s and 1930s The style is now captured in over 500 color photos of 75 lavish and innovatively designed buildings across the country that have been preserved both outside and in giving the full scope of this beloved exciting style **Mexico at the World's Fairs** Mauricio Tenorio-Trillo,1996-01-01 Cosmopolitan approach frames the issue within a more international setting than is common in works about a single Latin American country Recommended Handbook of Latin American Studies v 58
