Durch diese scheinliche Abwermung und Reinerung des Leibes, wird die

innerlichen Feuers, so durch das andere physische Feuer aufgewarmet und
erwecket wird. Darf also der Leiberer anders und weiser nichts thun, als
daß er, neben Abwermung des Feuers, Gott um seinen Segen und Beschützen
bittet.

The Secret Doctrine of the Rosicrucians William Walker Atkinson, The student of the history of occultism and the esoteric teachings and even the average reader of current books and magazines finds many references to The Rosicrucians a supposed ancient secret society devoted to the study of occult doctrines and the manifestation of occult powers But when such person seeks to obtain detailed information concerning this supposed ancient order he finds himself baffled and defeated Before acknowledging the futility of the quest however he usually investigates one or more so called orders having as a part of their title the word Rosicrucian only to find himself invited to join such order upon the payment of a fee or fees ranging from a small amount in some cases to quite large amounts in others each order claiming to be the only original order and asserting that all the others are base imitators This book will give you all the insights on this secret order

The Secret Doctrine of the Rosicrucians Magus Incognito,2000 The Rosicrucians are a mystical organization that has been around for centuries The legendary founder was Christian Rosenkreuz whose last name means rosy cross used as their logo Rosenkreuz is actually an archetype or symbol for this mystical order He was considered a hidden master for the group who received and transmitted ancient knowledge This knowledge can improve ones life when combined with the modern world Reveals many of their deeper secrets

The Real History of the Rosicrucians Arthur Edward Waite,2005-01-01 Three derivations are offered of the name Rosicrucian The first which is certainly the most obvious deduces it from the ostensible founder of the order Christian Rosenkreuze I shall show however that the history of this personage is evidently mythical or allegorical and therefore this explanation merely cakes the inquiry a step backward to the question What is the etymology of Rosenkreuze The second derivation proposed is from the Latin words Ros dew and Crux cross This has been countenanced by Mosheim who is followed by Ree s Encyclop dia and other publications The argument in its favour may be fairly represented by the following quotation Of all natural bodies dew was deemed the most powerful dissolvent of gold and the cross in chemical language was equivalent to light because the figure of

a cross exhibits at the same time the three letters of which the word lux or light is compounded Now lux is called the seed or menstruum of the red dragon or in other words that gross and corporeal light which when properly digested and modified produces gold Hence it follows if this etymology be admitted that a Rosicrucian philosopher is one who by the intervention and assistance of the dew seeks for light or in other words the substance called the Philosopher s Stone This opinion exaggerates the importance attributed to the dew of the alchemists The universal dissolvent has figured under various names of which ros is by no means most general the comprehensive Lexicon Alchymi does not mention it According to Gaston le Doux in his Dictionnaire Herm tique Dew simply so called signifies Mercury Dew of the Philosophers is the matter of the stone when under the manipulation of the artist and chiefly during its circulations in the philosophical egg The White and Celestial Dew of the Wise is the philosophical stone perfected to the White Mosheim derived his opinion from Peter Gassendi 2 and from a writer in Eusebius Renandot s Conferences Publiques 3 who confesses that he knew nothing whatsoever of the Rosicrucians till the task of speaking on the subject was imposed on him by the Bureau d Adresse He says Dew the most powerful dissolvent of gold which is to be found among natural and non corrosive substances is nothing else but light coagulated and rendered corporeal when it is artistically concocted and digested in its own vessel during a suitable period it is the true menstruum of the Red Dragon i e of gold the true matter of the Philosophers The society desiring to bequeath to posterity the ineffaceable sign of this secret caused them to adopt the name Fr res de la Roz e Cuite The mystic triad of the Society F R C has been accordingly interpreted Fratres Roris Cocti the Brotherhood of the Concocted or Exalted Dew but the explanation has little probability in itself Several chemists says Pernetz in his Dictionnaire Mytho Herm tique have regarded the dew of May and September as the matter of the Magnum Opus influenced doubtless by the opinion of various authors that dew was the reservoir of the universal spirit of Nature But when we seriously study the texts of the true philosophers wherein they make reference to dew we are soon convinced that they only speak of it by a similitude and that theirs is metallic that is it is the mercurial water sublimated into vapour within the vase and precipitated at the bottom in the form of fine rain Thus when they write of the dew of the month of May they are referring to that of their philosophic Spring which is governed by the gemini of the alchemical Zodiack which differs from the ordinary astronomical Zodiack Philalethes has positively said that their dew is their mercurial water rising from putrefaction
