Women Artists of the Harlem Renaissance Amy Helene Kirschke, 2014-08-04 Women artists of the Harlem Renaissance dealt with issues that

were unique to both their gender and their race They experienced racial prejudice which limited their ability to obtain training and to be taken seriously as working artists They also encountered prevailing sexism often an even more serious barrier Including seventy two black and white illustrations this book chronicles the challenges of women artists who are in some cases unknown to the general public and places their achievements in the artistic and cultural context of early twentieth century America Contributors to this first book on the women artists of the Harlem Renaissance proclaim the legacy of Edmonia Lewis Meta Vaux Warrick Fuller Augusta Savage Selma Burke Elizabeth Prophet Lois Maillou Jones Elizabeth Catlett and many other painters sculptors and printmakers In a time of more rigid gender roles women artists faced the added struggle of raising families and attempting to gain support and encouragement from their often reluctant spouses in order to pursue their art They also confronted the challenge of convincing their fellow male artists that they too should be seen as important contributors to the artistic innovation of the era

African Americans on the Great Plains Bruce A. Glasrud,2009-01-01 Until recently histories of the American West gave little evidence of the presence let alone importance of African Americans in the unfolding of the western frontier There might have been a mention of Estevan slavery or the Dred Scott decision but the rich and varied experience of African Americans on the Great Plains went largely unnoted This book the first of its kind supplies that critical missing chapter in American history

Women and Migration Deborah Willis,Ellyn Toscano,Kalia Brooks Nelson,2019-03-08 The

essays in this book chart how women's profound and turbulent experiences of migration have been articulated in writing, photography, art, and film. As a whole, the volume gives an impression of a wide range of migratory events from women's perspectives, covering the Caribbean Diaspora, refugees, and slavery through the various lenses of politics, war, love, and family. The contributors, which include academics and artists, offer both personal and critical points of view on the artistic and historical repositories of these experiences. Selfies, motherhood, violence, and Hollywood all feature in this substantial treasure trove of women's joy and suffering, disaster and delight, place, memory, and identity. This collection appeals to artists and scholars of the humanities, particularly within the social sciences, though there is much to recommend it to creatives seeking inspiration or counsel on the issue of migratory experiences.
