Han in the Upper Left, 2016-05-15 This in depth look at one of the fastest growing immigrant groups in the Pacific Northwest provides a much needed overview of the Korean American experience as well as moving personal anecdotes Graphs offer information about Korean immigration patterns over time while black and white portraits reveal the people behind the statistics The Korean American Historical Society is a nonprofit organization founded in 1985 to enrich the collective memory of Korean Americans by collecting maintaining and transmitting their stories (Mis)Reading Different Cultures Yukari Takimoto Amos, Daniel Miles Amos, 2018-06-29 Teachers selection of the literature they use in instruction frequently depends on how they interpret in other words whether or not they accurately take in the authors perspectives This point presents a particular challenge in the selection of international literature International literature reflects a country s and a region s unique cultural values and practices and is usually not written for people outside the country of origin Therefore it is possible that readers in other countries may not understand be aware of those values and misinterpret the stories Since Asian and the Western countries including the U S hold maximum sociocultural differences and the perceived cultural distance has remained significantly wide reading and interpreting literature from Asia can present tremendous challenges to Americans The book addresses the challenges teachers face when interpreting and teaching with international children s literature from Asia The book engages readers with comprehensive coverage on theories concepts pitfalls and applications when endeavoring to use international children s literature from Asia in classrooms The book should be used to teach how interpretations worldviews vary by cultures and how power influences such interpretations worldviews Strategies and frameworks will be provided relating to how teachers can be more culturally conscious of their own biases and develop culturally authentic interpretations **Proceedings of ... National Convention of the American Legion** American Legion. Annual National Convention, 2001 *To See the Wizard* Laurie Ousley, 2021-02-19 To See the Wizard Politics and the Literature of Childhood takes its central premise as the title indicates from L Frank Baum s The Wonderful Wizard of Oz Upon their return to The Emerald City after killing the Wicked Witch of the West the task the Wizard assigned them Dorothy the Tin Woodman Scarecrow and Lion learn that the wizard is a humbug merely a man from Nebraska manipulating them and the citizens of both the Emerald City and of Oz from behind a screen Yet they all continue to believe in the powers they know he does not have still insisting he grant their wishes The image of the man behind the screen and the reader s continued pursuit of the Wizard is a powerful one that has at its core an issue central to the study of children s literature the relationship between the adult writer and the child reader As Jack Zipes Perry Nodelman Daniel Hade Jacqueline Rose and many others point out before the literature for children and young adults actually reaches these intended readers it has been mediated by many and diverse cultural social political psychological and economic forces These forces occasionally work purposefully in an attempt to consciously socialize or empower training the reader into a particular identity or way of viewing

the world by one who considers him or herself an advocate for children Obviously these wizards acting in literature can be the writers themselves but they can also be the publishers corporations school boards teachers librarians literary critics and parents and these advocates can be conservative progressive or any gradation in between It is the purpose of this volume to interrogate the politics and the political powers at work in literature for children and young adults Childhood is an important site of political debate and children often the victims or beneficiaries of adult uses of power one would be hard pressed to find a category of literature more contested than that written for children and adolescents Peter Hunt writes in his introduction to *Understanding Children's Literature* that children's books are overtly important educationally and commercially with consequences across the culture from language to politics most adults and almost certainly the vast majority in positions of power and influence read children's books as children and it is inconceivable that the ideologies permeating those books had no influence on their development If there were a question about the central position literature for children and young adults has in political contests one needs to look no further than the myriad struggles surrounding censorship Mark I West observes for instance Throughout the history of children's literature the people who have tried to censor children's books for all their ideological differences share a rather romantic view about the power of books They believe or at least they profess to believe that books are such a major influence in the formation of children's values and attitudes that adults need to monitor every word that children read Because childhood and young adulthood are the sites of political debate for issues ranging from civil rights and racism to the construction and definition of the family indoctrinating children into or subverting national and religious ideologies the literature of childhood bears consciously political analysis asking how socialization works how children and young adults learn of social cultural and political expectations as well as how literature can propose means of fighting those structures To *See the Wizard Politics and the Literature of Childhood* intends to offer analysis of the political content and context of literature written for and about children and young adults The essays included in *To See the Wizard* analyze nineteenth and twentieth century literature from America Britain Australia the Caribbean and Sri Lanka that is for and about children and adolescents The essays address issues of racial and national identity and representation poverty and class mobility gender sexuality and power and the uses of literature in the healing of trauma and the construction of an authentic self

Korean War, 1950-1951 I. F. Stone, 2014-09-16 A great journalist raises troubling questions about the forgotten war in this courageous controversial book with a new introduction by Bruce Cumings The Baltimore Sun Much about the Korean War is still hidden and much will long remain hidden I believe I have succeeded in throwing new light on its origins From the author's preface In 1945 US troops arrived in Korea for what would become America's longest lasting conflict While history books claim without equivocation that the war lasted from 1950 to 1953 those who have actually served there know better By closely analyzing US intelligence before June 25 1950 the war's official start and the actions of key players like John Foster Dulles General Douglas MacArthur and Chiang Kai shek the great investigative reporter I F Stone demolishes the official story of America's forgotten war by shedding new light on the tangled sequence of events that led to it The Hidden History of the Korean War was first published in 1952 during the Korean War and then republished during the Vietnam War In the 1990s documents from the former Soviet archives became available further illuminating this controversial period in history

Voices of the Lost Children of Greece Mary Cardaras, 2023-01-10 Voices of the Lost Children of Greece is a collection of essays from Greek born adoptees in the 1950s after two consecutive wars that ravaged the country Never before has this group of adoptees come together to write their stories and share their closely held feelings While many of the adoptees have similar experiences and while they may share some common thoughts about their adoptions their stories are vastly different some harrowing others remarkable The collection will illustrate the impact of adoption itself over years no matter if children were displaced from their parents and country as infants or as youngsters The book will shed light on adoption from many disciplinary angles including sociological psychological and anthropological It will also put these adoptions into a larger historical context The book is further enhanced by Greek born adoptee academic poet and writer Dr Andrew Mossin who writes the Foreword by Dr Gonda Van Steen a preeminent modern Greek scholar who pens the first chapter about the history of such adoptions and in the final chapter by Dr Eirini Papadaki who has written extensively about the women of Greece and

adoption to bring readers a current assessment of adoption practices in Greece today Ties That Bind Hannah Kim,

Mansfield-Richardson,2014-06-23 Asian Americans are the fastest growing minority in the United States comprising nearly 3 percent of the population yet they are rarely given coverage in the U S media as this book demonstrates This book written by an 11 year reporter of The Washington Post who is now an Associate Dean at Ithaca College is broad in scope and studies the relationship between mass media and this important minority including 1 examines the scope and type of coverage afforded Asian Americans in mainstream newspapers through a content analysis of twenty leading newspapers for the year March 1 1994 to February 28 1995 2 examines the opinions of Asian Americans who work in print radio and television media both in mainstream media and specialized Asian American media through a survey asking their negative and positive experiences on the job as related to their ethnicity and their opinions on how well the media cover Asian Americans and 3 an historical examination of Asian Americans and media treatment of Asian Americans and specialized publications serving Asian Americans No other book has looked at media coverage of Asian Americans as in depth as this fascinating account of how attitudes towards Asian Americans are shaped in America through questionable coverage of this diverse segment of the population *More Christ, More Me* Eunice Lee,2021-10-15 Sometimes the beliefs about God we take for granted need to be left behind As a young adult a conflict with her parents forced Eunice Lee to confront and choose between two incompatible beliefs On the one hand obedience to God had always been synonymous with obedience to her parents But on the other God s authority was supreme and now she felt God guiding her to act contrary to her parents wishes This collision left Eunice confused depressed and questioning what she knew about God She fell into toxic exhausting cycles while serving in the church unable to understand why doing everything right left her depleted and guilt ridden Where was the abundant life God had promised Little did she know how much her paradigm for faithful Christian living came from influences inconsistent with the voice of God even within the church Slowly eventually God led Eunice toward a more robust theology She deconstructed faulty old narratives and built new ones that propelled her toward a healthier self more balanced relationships and a freeing faith one more closely aligned with God s intentions Eunice offers her story because she believes that God wants this for you too

Investigation of Korean-American Relations United States. Congress. House. Committee on International Relations. Subcommittee on International Organizations,1978 *Withdrawal of U.S. Troops from Korea?* George Stanley McGovern,Richard Giles Stilwell,1977 **Life Mapping as Cultural Legacy** I-Chun Wang,Mary Theis,2021-01-15 This volume celebrates a fascinating variety of nonfiction known as life writing This genre resonates quintessentially with the core of the humanities in its profoundly individual ways of fusing narrators with their narrative subjects The book brings together scholars from around the world to explore the personal mapping of such narrators in the context of their cultural legacies The hybrid fusions themselves form several subgenres that complement

each other as they affirm human dignity and values and our need for human connection felt at all times but especially during times of globally met threats The ever expanding forms of hybridography here along with testimonies diaries letters and journals bear witness to how individuals have contrived to overcome their own traumatic sources of pain and suffering to discover joy and how to further map their pathways forward The narratives not only communicate important information and aesthetic beauty needed to prolong troubled lives due to social anxiety or mental illness but also challenge sociocultural issues involving stigma migration racial discrimination and persecution human trafficking and ecological concerns Global in scope personal in focus and historically and culturally contextualized the analyses provided here once again illustrate how much we have to learn from each other [The Peculiar Group: A Chronicle of Koreans in America](#) Pasquale De

The Practice of Freedom Richard J. White,Simon Springer,Marcelo Lopes de Souza,2016-09-29 The last two decades have seen a re birth of practices and principles that connect with the soul of left libertarianism although they may not explicitly engage with the anarchist tradition From practices of mapping and land use planning to local protests and transnational social movements this book explores a variety of case studies that trace the influences of and affinities between anarchist and geographic practice The chapters explore the vast possibilities of inventive exploratory libertarian practices from contemporary and historic contexts around the globe They examine the ways in which various spatial practices have been compatible with left libertarian principles and explore the extent to which anarchists neo anarchists and

libertarian autonomists have animated these waves of protest and forms of resistance In an age that is desperately in need of critical new directions this volume shows that a serious re turn toward anarchist thought and practice can challenge and inspire geographers to travel beyond their traditional frontiers of geographical praxis

Interpreting American Military History at Museums and Historic Sites Marc K. Blackburn, 2016-04-08 Across the country museums and historic sites welcome visitors into a world long gone but fundamental to America today Military history in particular is etched into our country s culture and the public s imagination The trouble though for museums and historical sites lies in continuing to make it both accessible and relevant to today s audiences Through *Interpreting American Military History at Museums and Historic Sites* Marc K Blackburn tackles the difficult task of helping those institutions charged with the care of sites collections and stories that relate to our past relatable while still maintaining the dignity and reverence of their rich history Looking at the various components of American military history such as battles and famous figures Blackburn provides alternatives to the traditional museum experience The 21st century is a culmination of the past and it is more important than ever to remember and learn from the triumphs and failures and this guide provides and explains those strategies for making our stories and collections relevant to modern audiences This books acts as a primer for those unfamiliar with academic trends of the last forty years Historiography of American military history like that of other sub fields shifts as new information surfaces or as perspectives change Blackburn modernizes this area through new interpretative methods as well as through case studies of museums and historic sites that have created programs interpretive media outreach strategies and mission goals updated to meet the needs of today s patrons Armed with these strategies historic institutions will have the foundation to provide compelling relevant and engaging experiences for the 21st century audience
