AN OX LOOKS AT MAN

They are more delicate even than shrubs and they run
and run from one side to the other, always forgetting
something. Surely they lack I don't know what
basic ingredient, though they present themselves
as noble or serious, at times. Oh, terribly serious,
even tragic. Poor things, one would say that they hear
neither the song of air nor the secrets of hay;
likewise they seem not to see what is visible
and common to each of us, in space. And they are sad,
and in the wake of sadness they come to cruelty.
All their expression lives in their eyes—and loses itself
to a simple lowering of lids, to a shadow.
And since there is little of the mountain about them—
nothing in the hair or in the terribly fragile limbs
but coldness and secrecy—it is impossible for them
to settle themselves into forms that are calm, lasting,
and necessary. They have, perhaps, a kind
of melancholy grace (one minute) and with this they allow
themselves to forget the problems and translucent
inner emptiness that make them so poor and so lacking
when it comes to uttering silly and painful sounds: desire, love, jealousy
(what do we know?)—sounds that scatter and fall in the field
like troubled stones and burn the herbs and the water,
and after this it is hard to keep chewing away at our truth.

Roberson,1980 **To Make a Poem** Alberta Turner,1992-04 A poem comes from the same human need as a prayer a curse a lullaby and a keen How can emotion use language to satisfy its most urgent need and how can it share and prolong that satisfaction by putting it into poems that will satisfy the same need in others The answer can be learned and the skill taught Unlike many other textbooks this one has

no teaching manual and Alberta Turner does not expect those who use it to agree with her interpretations Each principled is illustrated with detailed analysis of several poems but it is up to the teachers and students to decide whether it has succeeded or failed Poetic tastes can't be legislated they have to creep by underground runners Although a poem never illustrates only one poetic principle at a time this book has focused on each separately Since the book is intended to be used by beginning poets the principles are sequenced from simpler to more complex As courses in writing poetry range from two week enrichment programs to full semester college workshops the book is arranged so that the course can be shortened or lengthened This book will work best for flexible imaginative teachers of flexible imaginative students A Collegiate Press book

Contemporary Narrative Poem Steven P. Schneider, 2012-12-15 Over the past thirty years narrative poems have made a comeback against the lyric approach to poetry that has dominated the past century. Drawing on a decade of conferences and critical seminars on the topic, *The Contemporary Narrative Poem* examines this resurgence of narrative and the cultural and literary forces motivating it. Gathering ten essays from poet critics who write from a wide range of perspectives and address a wide range of works, the collection transcends narrow conceptions of narrative, antinarrative, and metanarrative. The authors ask several questions: What formal strategies do recent narrative poems take? What social, cultural, and epistemological issues are raised in such poems? How do contemporary narrative poems differ from modernist narrative poems? In what ways has history been incorporated into the recent narrative poetry? How have poets used the lyric within narrative poems? How do experimental poets redefine narrative itself through their work? And what role does consciousness play in the contemporary narrative poem? The answers they supply will engage every poet and student of poetry. A New Zen for Women Perle

Besserman, 2025-10-16 Perle Besserman's adventures in a Japanese Zen monastery provide the groundwork for this lively, heartwarming narrative of a woman's life in Zen. Engaging in cross-cultural dialogues with nuns and laywomen in India, China, Japan, and more, Besserman dispels the notion that women had nothing to do with the founding and sustaining of Zen. She shows how women continue to transform traditional Zen in new and creative ways, integrating the practice of meditation into their lives. Both informative and entertaining, *A New Zen for Women* offers a new look at Western women encountering Zen.

As Shakespeare did with English, Dogen utterly transformed the language of Zen, using it in novel and extraordinarily beautiful ways to point to everything important in religious life. *Dogen's Extensive Record* is the first ever complete and scholarly translation of this monumental work into English. This edition contains extensive and detailed research and annotation by scholar-translator and Zen teacher Taigen Dan Leighton, as well as forewords by the 18th-century poet-monk Ryokan and Tenshin Reb Anderson, former abbot of the San Francisco Zen Center, plus introductory essays from Dogen scholar Steven Heine and the prominent American Zen master John Daido Loori.
