Season In Between:

The Season Between October Poetry: Udaya R. Tennakoon, he Season Between invites the reader into a reflective landscape where poetry haibun and meditative prose gather like leaves along the quiet edge of autumn In this intimate collection Udaya R Tennakoon observes the fragile spaces between moments between warmth and cold belonging and distance presence and memory These poems unfold slowly like mist lifting from a morning field or rain softly touching a window Through delicate language and attentive silence the work becomes a journal of the mind and heart moving through seasonal and emotional change With influences of Japanese form and philosophical stillness this book holds both personal and universal breath the weight of untold stories the tenderness of relationships the quiet of solitude the questions that arrive when the world pauses Each piece offers a moment to dwell to feel to return to one s inner landscape A book for the season between seasons where transformation is subtle time turns gently and the smallest detail can hold the largest truth

Furst,1998 Although there are many books on the mechanics of doctor patient interaction none has previously confronted the philosophical and psychological issues of power and trust that bind these figures One consequence of their changed relationship Furst asserts has been the decrease of interest in patients as individuals In this time of impersonal HMOs and spiraling health care costs she hopes that doctors and patients can learn from the past and eventually find a mutually beneficial balance of power that will see medicine as both a science and an art and will recognize human understanding as an integral element of healing
