International Law and the Investigation of Transnational Crimes Yurika Ishii, 2025-10-14. Obtaining information and evidence abroad remains the main challenge in suppressing transnational crimes. Law enforcement mechanisms, however, have evolved with the globalization of markets and the digitization of information. Situated at the intersection of public international law, domestic law and transnational crime, *International Law and the Investigation of Transnational Crimes* examines the methods that states use to investigate transnational crimes. This book argues that obtaining evidence abroad today relies primarily on the consent of other states and private entities such as financial institutions and communication service providers. The first part explains the importance and the boundaries of conventional cross-border criminal investigation. The second part explores administrative cross-border investigations encompassing various practice areas including antitrust, securities, tax, information law and financial law. It also examines non-criminal forms of cooperation in addressing foreign bribery and terrorism. The third part examines the direct cooperation with the investigating government and a foreign private entity, namely financial institutions and communication service providers. Thought-provoking and pioneering, *International Law and the Investigation of Transnational Crimes* challenges the conventional understanding of international cooperation in criminal matters and provides new insights by exploring the interplay between international and domestic law.

Congress and the Nation 2013-2016, Volume XIV David Hosansky, 2019-10-29. Chronicling the polarized partisan environment during the President Barack Obama's second term, *Congress and the Nation 2013-2016 Vol XIV* is the most authoritative reference on congressional lawmaking and trends during the 113th and 114th Congresses. The newest edition in this award-winning series documents the most fiercely debated issues during this period, including the unprecedented federal government shutdown, the strike down of the Defense of Marriage Act as unconstitutional, the end of the filibuster for most executive and judicial branch nominees, changes to the Dodd-Frank Act, Israeli Prime Minister Netanyahu and Pope Francis address joint sessions, Sexual Assault Survivors Rights Act passed, overhauling rape kit processing and

establishment of victim bill of rights SPACE Act passed allowing commercial exploration of space No other source guides readers seamlessly through the policy output of the national legislature with the breadth depth and authority of Congress and the Nation This is a landmark series is a must have reference for all academic libraries and meets the needs of the full spectrum of users from lower level undergraduates through researchers and faculty *The Election Laws of the State of Ohio and of the United States of America* Ohio,1924
