Understanding Love Timo Purjo, 2025-08-18 This book is a true voyage of exploration across the sea of love approaching the theme through a logotherapeutic and philosophical perspective The author PhD Timo Purjo examines love as the highest value a fundamental spiritual capacity and the deepest meaning of human existence It leads the reader from foundational philosophical principles to concrete life situations in which love is expressed as an attitude a responsibility a decision and a calling It draws upon Viktor Frankl s anthropological understanding of the human person placing emphasis on the role of the will to meaning self transcendence and responsibility in realizing authentic love The author reflects on love not just as a feeling but as a value that gives direction and purpose to human life Through philosophical analysis drawing on the insights of M Scheler K Jaspers E Fromm and other important thinkers Purjo connects the logotherapeutic understanding of meaning with fundamental questions about the nature of love the challenges it faces and its potential for growth Building upon Frankl s concept of WILL TO MEANING as the cornerstone of logotherapy Purjo expands the framework by guiding the reader toward a conscious and empowered WILL TO LOVE The practical dimension of love is also explored as love in interpersonal relationships in professional settings love directed toward imperfection love in suffering and loss and love for non human beings and nature The book includes personal stories that testify to love as a genuine and vital force in life What makes this book truly unique is that the author does not write from the position of someone who knows what love is but rather as someone who searches learns and shares with the reader what he has discovered along the way More than a theoretical exploration this book is an invitation to pause reflect and re examine the ways in which love shapes our decisions our relationships and our sense of purpose It encourages the reader to engage in the courageous act of loving not as a fleeting emotion but as an enduring orientation toward the good the true and the

meaningful Through this lens love becomes not only a personal experience but an existential commitment a spiritual path and a shared human journey Understanding Love is a deeply personal yet universal book philosophical yet warm academically grounded yet accessible to anyone seeking a deeper understanding of love in their own life **Love's Knowledge** Martha C. Nussbaum,1990-11-15 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements **Understanding Love** Susan Wolf,Christopher Grau,2014-02 A unique and interdisciplinary collection in which scholars from Philosophy join those from Film Studies English and Comparative Literature to explore the nature and limits of love through in depth reflection on particular works of literature and film *Marzipan Bananas* Ed Ewart,2018-10-09 We never outgrow our appreciation for a good story especially if it's true All of these stories are true in three important ways First they happened just as I have written them Second each is a snapshot of a teachable moment in my life that tattooed itself into me got under my skin and has colored who I am today Finally these stories are true because they resonate with the oldest and truest stories I know Thousands of years ago some grandpas began writing down their true stories of life and faith for their grandchildren Their Bible stories are older and better than my stories but mine are a kind of modern day footnote to theirs In spite of the thousands of years between us the authors of Scripture and I believe that God speaks to us in our daily experiences It is this grandfather's privilege and joy to learn from what He has said and to pass it on **Love Life for Every Married Couple** Ed Wheat,Gloria Okes Perkins,1980 This book details the process of rediscovering the joy of marriage through practical counsel involving communication and an understanding of each other in our sexual make up **The Routledge Handbook of Love in Philosophy** Adrienne M. Martin,2019-01-15 The Routledge Handbook of Love in Philosophy collects 39 original chapters from prominent philosophers on the nature meaning value and predicaments of love presented in a unique framework that highlights the rich variety of methods and traditions used to engage with these subjects This volume is structured around important realms of human life and activity each of which receives its own section I Family and Friendship II Romance and

Sex III Politics and Society IV Animals Nature and the Environment V Art Faith and Meaning VI Rationality and Morality VII Traditions Historical and Contemporary This last section includes chapters treating love as a subject in both Western and non Western philosophical traditions The contributions all appearing in print here for the first time are written to be accessible and compelling to non philosophers and philosophers alike and the volume as a whole encourages professional philosophers teachers students and lay readers to rethink standard constructions of philosophical canons 10 Ways to Say "I Love You" Josh McDowell,2015-02-01 To have and to hold from this day forward to love and to cherish That s where all the romance novels end but it s not the end of your love story The wedding vows are just the beginning of your marriage You ve made the choice to be with your spouse To maintain a healthy relationship you ll need to keep making wise choices from this day forward Author and speaker Josh McDowell has been learning that lesson for more than 40 years and now he shares the insightful practical choices that make a marriage thrive Learn the power of choosing to make your spiritual life a priority resolve conflicts quickly keep your love life fresh master the art of communication become a great listener This straightforward concise resource will teach you how to love and cherish your spouse You ll never regret investing in your marriage **If You Love Me, You Will ...** Michael Gonzales,2019-02-01 If You Love Me You Will examines how the Bible defines love and applies that understanding to human behavior and especially to Christians Author Michael Gonzales shares true stories from his life to illustrate the theme of love and provide examples that all of us can appreciate and relate to Those who have been confused by the world s definition of love will find much illumination for their relationships with God those around them and even themselves Men and women alike will benefit from the principles contained in If You Love Me You Will for the good of all their relationships **The Rationality of Love** Hichem Naar,2022-10-03 Love has been the subject of much fascination It is indeed one of those things which elude us in many ways The long lasting disagreement over love s nature is unsurprising In light of this a piecemeal approach to love is in order Instead of asking what love is down the line we might need to investigate its various features and its connection to other things The Rationality of Love addresses the question whether love belongs paradoxically enough to the realm of reason whether love belongs to the class of responses such as belief and action that admit of norms of justification and rationality Are there normative reasons to love someone Can it be an appropriate or fitting response to an individual Can it be rational Or is love like perceptual experiences sensations and urges the sort of thing we just have and for which we cannot be rationally criticizable Hichem Naar provides a sustained defense of the rationality of love There are reasons to love others reasons provided by the unique value of each individual This will in turn rule out popular accounts of love which deny love s rationality and vindicate those accounts that make room for it Drawing on various domains of philosophical inquiry such as the philosophy of mind the philosophy of normativity and epistemology Naar provides a careful assessment of the various positions in the debate over reasons for love and develops his own answer to the normative question about love Safe Haven Marriage Thomas Nelson Publishers,Archibald Hart,Sharon
