Love For An Enemy

Saint Thomas Aquinas

Love For An Enemy:

'Love Your Enemies' John Piper, 1979 *Love for the Enemy* Matthew Dilger, 2017-02-27 Love for the Enemy is a story about a young man's journey in life. The stories told explain the reasoning behind the decision made but then explain biblically as to why the decision made was against what God wanted. It brings awareness to the truth about God's love and his forgiveness and helps us understand what God wants for us in our everyday lives. It shows us how we all battle with our inner feelings of lust and oftentimes lose. With Love for the Enemy we can identify with the stories told and appreciate the honesty of the writer.

On Love and Charity Saint Thomas Aquinas, 2008-07 Among the great works of Thomas Aquinas the Commentary on the Sentences of Peter Lombard has suffered almost total neglect among translators. Such neglect is surprising considering that the massive Commentary more than 4 000 pages in the last printed edition is not only Aquinas's first systematic engagement with all the philosophical and theological topics on which he expended his energy over the span of a short career but is also characterized by an exuberance and elaborateness seldom found in his subsequent writings. Although Chenu had already drawn attention decades ago to the importance of studying this youthful tour de force for a fuller understanding of Thomas's more mature work the Commentary on the Sentences has remained a closed book for many modern students of Thomistic and medieval thought because of its relative inaccessibility in English or in Latin. The present volume containing all the major texts on love and charity makes available what is by far the most extensive translation ever to be made from the Commentary with the added benefit that the better part of the translation is based on the as yet unpublished critical edition of the Leonine Commission. The collection of texts from all four books has a tight thematic coherence that makes it invaluable to students of Thomas's moral philosophy, moral theology and philosophical theology. In addition the inclusion of parallel texts from Aquinas's first Parisian Commentary as well as from his second Roman attempt at a commentary the recently rediscovered *Lectura Romana* makes this edition all the more valuable for those who wish to track the internal development of Thomas's thinking on these matters. The new availability of so many rich passages from the Commentary on the Sentences will encourage and facilitate use of a magnificent resource that deserves to be better known. The printed volume is supplemented by a web based document containing a fuller introduction, webnotes and a bibliography. To reach this supplementary information [click here](#).

ABOUT THE TRANSLATORS Peter A Kwasniewski is associate professor of philosophy and theology at Wyoming Catholic College and editor of *Wisdom's Apprentice: Thomistic Essays in Honor of Lawrence Dewan O P*. Thomas Bolin O S B is a monk at the Monastero di San Benedetto in Norcia, Italy. Joseph Bolin is adjunct professor of philosophy at the International Theological Institute in Garmisch Austria and adjunct instructor of Latin for the Austrian Program of the Franciscan University of Steubenville.

PRAISE FOR THE BOOK The present volume contains by far the most extensive English translation from the *Scriptum* to date. The translators of *On Love and Charity* have aimed to give a translation which is neither too literal nor too liberal, trying to find the golden mean between an unintelligibly Latinised or an

enjoyable but unfaithful English version This impressive volume will be of a great help for those wishing to study Aquinas and the issue of love in more depth B Toth Ephemerides Theologicae Lovanienses **Love Your Enemies** Sharon

17th and 18th century sources van Elferen describes the history and development of baroque poetic and musical love discourses from Sch tz s early works through Buxtehude s cantatas and Bach s cantatas and Passions This long and multilayered discursive history of these compositions considers the love poetry of Petrarch European reception of petrarchan imagery and traditions its effect on the madrigal in Germany and the role of Catholic medieval mystics in baroque Lutheranism Van Elferen shows that Bach s compositional technique based on the emotional characteristics of text and music rather than on the depiction of single words allows the musical expression of mystical love to correspond closely to contemporary literary and theological conceptions of this affect
