servants who worked on their estates including Mary's family Michael proposed to Mary over and over again She was forced to say no for fear of shaming his reputation It was shameful and unthinkable for Mary to be an unwed mother let alone have her own choice for whom she wanted to marry

Palmer Jules Michelet,1860 **Ancient Marbles in Naples in the Eighteenth Century** Eloisa Dodero,2019-09-16 In *Ancient Marbles in Naples in the Eighteenth Century* Eloisa Dodero aims at documenting the history of numerous private collections formed in Naples during the 18th century with particular concern for the Neapolitan marbles and the circumstances of their dispersal Research has thus made it possible to formulate a synthesis of the collecting dynamics of Naples in the 18th century to define the interest of the great European collectors especially British in the antiquities of the city and its territory and to draw up a catalogue which for the first time brings together the nucleus of sculptures reported in the Neapolitan collections or coming from irregular excavations most of which shared the destiny of dispersal in some cases here traced in definitive fashion **The Yearning for Relief** Klaas van Walraven,2013-02-05 The Sawaba movement and its rebellion in Niger are a totally neglected subject Klaas van Walraven traces this story from a social history perspective placing an entire generation of activists removed from the official record back into mainstream Nigerien history Representing a genuine social movement Sawaba formed Niger's first autonomous government under French suzerainty Overthrown by the Gaullists and persecuted it attempted a comeback with a guerrilla campaign 1960-1966 which ended in failure and led to the movement's destruction *The Yearning for Relief* based on numerous interviews with survivors and a vast range of archival sources including France's secret service is essential reading for the reappraisal of Niger's history and the role of militant nationalist movements in the decolonisation of French West Africa **Re-Viewing Thomas Holcroft, 1745-1809** A.A. Markley,2016-04-08 Thomas Holcroft was a central figure of the 1790s whose texts played an important role in the transition toward Romanticism In this the first essay collection devoted to his life and work the contributors reassess Holcroft's contributions to a remarkable range of literary genres drama poetry fiction autobiography political philosophy and to the project of revolutionary reform in the late eighteenth century The self-educated son of a cobbler Holcroft transformed himself into a popular playwright influential reformist novelist and controversial political radical But his work is not important merely because he himself was a remarkable character but rather because he was a hinge figure between laboring Britons and the dissenting intelligentsia between Enlightenment traditions and developing Romantic concerns and between the world of self-made hack writers and that of established critics Enhanced by an updated and corrected chronology of Holcroft's life and work key images and a full bibliography of published scholarship this volume makes way for more concerted and focused scholarship and teaching on Holcroft Taken together the essays in this collection situate Holcroft's self-fashioning as a member of London's literati his central role among the London radical reformers and intelligentsia and his theatrical innovations within ongoing explorations of the late eighteenth century
