# Michael Bakunin Roots Of Apocalypse

**Mark Leier**

## **Michael Bakunin Roots Of Apocalypse:**

**Michael Bakunin** Arthur P. Mendel,1981      **Mikhail Bakunin** Paul McLaughlin,2002 McLaughlin is concerned not so much with an explication of Bakunin s anarchist position as such as with the basic philosophy which underpins it He focuses on two central components a negative dialectic or revolutionary logic and a naturalist ontology a naturalistic account of the structure of being or reality Bakunin scholarship he notes falls into two camps Marxist and liberal Both he says tend to be hostile McLaughlin discredits one by one the analyses published usually as part of a work on Marx et al by Francis Wheen schoolboy wit idiocy of tone poverty of content George Lichtheim completely misreads Bakunin and Oxbridge scholar Aileen Kelly personality assassination perverse slanderous while upholding Eric Voegelin Perhaps this book will spark a small revolution of its own Scholars interested in Bakunin have had few resources available in English and none of them until now presented a credible study of the man s philosophy      Bakunin: Statism and Anarchy Michael Bakunin,1990-11-30 Statism and Anarchy is a complete English translation of the last work by the great Russian anarchist Michael Bakunin written in 1873 Then he assails the Marxist alternative predicting that a dictatorship of the proletariat will in fact be a dictatorship over the proletariat and will produce a new class of socialist rulers Instead he outlines his vision of an anarchist society and identifies the social forces he believes will achieve an anarchist revolution Statism and Anarchy had an immediate influence on the to the people movement of Russian populism and Bakunin s ideas inspired significant anarchist movements in Spain Italy Russia and elsewhere In a lucid introduction Marshall Shatz locates Bakunin in his immediate historical and intellectual context and assesses the impact of his ideas on the wider development of European radical thought A guide to further reading and chronology of events are also appended as aids to students encountering Bakunin s thought for the first time

Bakunin Mark Leier,2011-01-04 The spellbinding story of both the man and the theory Bakunin chronicles one of the most notorious radicals in history Mikhail Bakunin the founder of anarchism here revealed as a practical moral philosophy rooted in a critique of wealth and power Mark Leier corrects many of the popular misconceptions about Bakunin and his ideas offering a fresh interpretation of his life and thoughts Bakunin is an insightful read for all those who wish to better understand the fundamental basis of modern radical movements      **Bakunin: Statism and Anarchy** Mikhail

Aleksandrovich Bakunin,1990-11-30 Statism and Anarchy is a complete English translation of the last work by the great Russian anarchist Michael Bakunin written in 1873 Then he assails the Marxist alternative predicting that a dictatorship of the proletariat will in fact be a dictatorship over the proletariat and will produce a new class of socialist rulers Instead he outlines his vision of an anarchist society and identifies the social forces he believes will achieve an anarchist revolution Statism and Anarchy had an immediate influence on the to the people movement of Russian populism and Bakunin s ideas inspired significant anarchist movements in Spain Italy Russia and elsewhere In a lucid introduction Marshall Shatz locates Bakunin in his immediate historical and intellectual context and assesses the impact of his ideas on the wider development of

European radical thought A guide to further reading and chronology of events are also appended as aids to students encountering Bakunin's thought for the first time

*Vision and Violence* Arthur P. Mendel, 1999 Arthur P. Mendel argues that throughout history man has worried about the Apocalypse a phenomenon that has changed from God to reason to history and then to nature He calls for a more modest and humane philosophy with regard to the Earth

Across the Revolutionary Divide Theodore R. Weeks, 2011-06-24 Across the Revolutionary Divide Russia and the USSR 1861-1945 offers a broad interpretive account of Russian history from the emancipation of the serfs to the end of World War II Provides a coherent overview of Russia's development from 1861 through to 1945 Reflects the latest scholarship by taking a thematic approach to Russian history and bridging the revolutionary divide of 1917 Covers political economic cultural and everyday life issues during a period of major changes in Russian history Addresses throughout the diversity of national groups cultures and religions in the Russian Empire and USSR Shows how the radical policies adopted after 1917 both changed Russia and perpetuated an economic and political rigidity that continues to influence modern society

**The Drama of Russian Political History** Aleksandr Valentinovich Obolonskiĭ, 2003 In his introduction Alexander Obolonsky notes that Russian history and life are full of paradoxes most of them rather sad Why he asks have the Russians who have not only been endowed by nature with enormous natural human and intellectual resources but who have also developed a great literary and scientific heritage and made significant contributions to world civilization proved unable to arrange the conditions of their own existence to realize their great potential What fundamental deficiency he wonders made this great anomaly possible Alexander Obolonsky has undertaken the formidable task of reinterpreting Russian history from the Time of Troubles and the reign of Ivan the Terrible to perestroika glasnost and the dismantling of the Soviet system under Gorbachev and Yeltsin He seeks to understand the present and assess the social trends that will shape the future through a careful reconsideration of Russia's past In his sweeping analyses of historical trends Obolonsky structures his analytic narrative around two opposed concepts a system centered understanding of social existence in which individuals are viewed as cogs functioning for the sake of the whole and a liberal person centered paradigm in which society seeks to promote the development of the individual Obolonsky distrusts all monistic explanations from Marxism and geopolitics to scientific and technological models He prefers to utilize a variety of variables ethical economic sociopsychological cultural to explain Russian history presenting its course as a long term and ongoing struggle between two competing models of life Obolonsky is neither a determinist nor a romantic In his thought provoking and historically grounded analysis he challenges standard interpretations regarding Russia the USSR the role of political leaders and the Russian people Far from satisfied with Russia's past Obolonsky worries that Russia's future will be tainted by the persistence of an anti individualist mentality and attitudes shaped by centuries of autocratic rule and by a conservative mass consciousness rooted in Russian experience Students of Russian history politics and culture and also those interested in the broader issues of twentieth century society will find this informative magnum

opus of a senior Russian scholar insightful and thought provoking A History Of Russia Volume 2 Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

**Ruminations: Selected Philosophical, Historical, and Ideological Papers, Volume 1, Part 2. The Finite** Eric v.d. Luft,2020-09-13 Since the 1970s I have pursued three separate but overlapping and sometimes simultaneous careers 1 philosopher writer teacher historian of the long nineteenth century 1789 1914 2 editor translator photographer publisher biographer encyclopedist 3 cataloging librarian rare books and special collections librarian historian of medicine Somehow these three vocations have garnered me some acclaim even an entry in Who's Who in America Each of them has resulted in some published or presented works Because these works have been scattered in a wide variety of venues some of which have gone out of print or have otherwise become generally unavailable and of course with the oral presentations being gone as soon as they are given I have thought it wise to select epitomize and bring them together in one place here Thus what follows in these volumes is what I consider to be the most important of my shorter works All translations are my own unless otherwise indicated

**Anarchist Ideology and the Working-Class Movement in Spain, 1868-1898** George R. Esenwein,2023-11-15 This book delves into the rich history of Spanish anarchism tracing its development from its early roots in the late 19th century through the Spanish Civil War Often viewed through a lens of revolution violence and rural rebellion Spanish anarchism has long captivated historians and students of European history While much focus has been placed on the period from 1936 1939 this work turns its attention to the often overlooked earlier stages particularly the late 19th century By examining this complex movement the book challenges long standing interpretations that frame Spanish anarchism as merely a millenarian or pre political ideology offering instead a nuanced understanding of its evolution and ideological framework Drawing on both historical and ideological perspectives this study breaks new ground by questioning the prevailing millenarian thesis and providing a closer look at the intellectual and political dimensions of the movement From the influence of figures like Bakunin and the rise of syndicalism to the profound shifts in strategy and tactics within the anarchist movement the book explores how anarchism carved out a unique space in Spain's political landscape This comprehensive approach highlights the diversity of anarchism's adherents from landless laborers to middle class intellectuals and its lasting impact on Spain's political history This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 *Russia and Western*

*Civilization* Russell Bova, 2015-02-12 This volume introduces readers to an age old question that has perplexed both Russians and Westerners Is Russia the eastern flank of Europe Or is it really the heartland of another civilization In exploring this question the authors present a sweeping survey of cultural religious political and economic developments in Russia especially over the nineteenth and twentieth centuries Based on the inter disciplinary Russian studies program at Dickinson College this splendid collection will complement many curricula The text features highlight boxes and selected illustrations Each chapter ends with a glossary study questions and a reading list      **Political Economy from Below** Rob

Knowles, 2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However the tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy      *Garibaldi's Radical Legacy* Enrico Acciai, 2020-11-29

Between the two world wars thousands of European antifascists were pushed to act by the political circumstances of the time In that context the Spanish Civil War and the armed resistances during the Second World War involved particularly large numbers of transnational fighters The need to fight fascism wherever it presented itself was undoubtedly the main motivation behind these fighters decision to mobilise Despite all this however not enough attention has been paid to the fact that some of these volunteers felt they were the last exponents of a tradition of armed volunteering which in their case originated in the nineteenth century The capacity of war volunteering to endure and persist over time has rarely been investigated in historiography The aim of this book is to reconstruct the radical and transnational tradition of war volunteering connected to Giuseppe Garibaldi's legacy in Southern Europe between the unification of Italy 1861 and the end of the Second World War 1945 This book seeks to provide a comprehensive analysis of the long term interconnected and radical dimensions of the so called Garibaldinism      **War in Heaven/Heaven on Earth** Stephen D. O'Leary, Geln S. McGhee, 2014-12-18 The apocalypse

is a motif that lies behind many religious beliefs and practices War in Heaven Heaven on Earth theorizes the apocalyptic as it has arisen in a variety of religious traditions from Native American religion to Islam in Northern Nigeria and new terrorist movements Millennial theory and history are explored from the perspective of social psychology sociology and post modern philosophy The volume is unique in applying an analysis of millennial themes to a comparative study of religion      **Red Flag**

**Wounded** Ronald Suny, 2020-08-25 Red Flag Wounded brings together essays covering the controversies and debates over the fraught history of the Soviet Union from the revolution to its disintegration Those monumental years were marked not

only by violence mass killing and the brutal overturning of a peasant society but also by the modernisation and industrialisation of the largest country in the world the victory over fascism and the slow recovery of society after the nightmare of Stalinism Ronald Grigor Suny is one of the most prominent experts on the revolution the fate of the non Russian peoples of the Soviet empire and the twists and turns of Western historiography of the Soviet experience As a biographer of Stalin and a long time commentator on Russian and Soviet affairs he brings novel insights to a history that has been misunderstood and deliberately distorted in the public sphere For a fresh look at a story that affects our world today this is the place to begin

Anarchism and Authority Paul McLaughlin,2016-04-15 Examining the political theory of anarchism from a philosophical and historical perspective Paul McLaughlin relates anarchism to the fundamental ethical and political problem of authority The book pays particular attention to the authority of the state and the anarchist rejection of all traditional claims made for the legitimacy of state authority the author both explaining and defending the central tenets of the anarchist critique of the state The founding works of anarchist thought by Godwin Proudhon and Stirner are explored and anarchism is examined in its historical context including the influence of such events as the Enlightenment and the French Revolution on anarchist thought Finally the major theoretical developments of anarchism from the late nineteenth century to the present are summarized and evaluated This book is both a highly readable account of the development of anarchist thinking and a lucid and well reasoned defence of the anarchist philosophy

Anarchism and Authority Mr Paul McLaughlin,2012-10-01 Examining the political theory of anarchism from a philosophical and historical perspective Paul McLaughlin relates anarchism to the fundamental ethical and political problem of authority The book pays particular attention to the authority of the state and the anarchist rejection of all traditional claims made for the legitimacy of state authority the author both explaining and defending the central tenets of the anarchist critique of the state The founding works of anarchist thought by Godwin Proudhon and Stirner are explored and anarchism is examined in its historical context including the influence of such events as the Enlightenment and the French Revolution on anarchist thought Finally the major theoretical developments of anarchism from the late nineteenth century to the present are summarized and evaluated This book is both a highly readable account of the development of anarchist thinking and a lucid and well reasoned defence of the anarchist philosophy

*Russia in the Age of Alexander II, Tolstoy and Dostoevsky* Walter Moss,2002 Russia in the Age of Alexander II Tolstoy and Dostoevsky is both history and story incorporating in its analysis of Alexander II s turbulent reign the lives and ideas of the period s great writers thinkers and revolutionaries who made this the Golden Age of Russian literature and thought In his combination of considerable biographical material with the presentation of the main ideas of the era s chief writers and thinkers Walter G Moss has written a history that is of interest not only to scholars and students of the period but also to more general readers

**The New Hegelians** Douglas Moggach,2006-03-27 The period leading up to the Revolutions of 1848 was a seminal moment in the history of political thought demarcating the ideological currents and

defining the problems of freedom and social cohesion which are among the key issues of modern politics This 2006 anthology offers research on Hegel s followers in the 1830s and 1840s With essays by philosophers political scientists and historians from Europe and North America it pays special attention to questions of state power the economy poverty and labour as well as to ideas on freedom The book examines the political and social thought of Eduard Gans Ludwig Feuerbach Max Stirner Bruno and Edgar Bauer the young Engels and Marx It places them in the context of Hegel s philosophy the Enlightenment Kant the French Revolution industrialization and urban poverty It also views Marx and Engels in relation to their contemporaries and interlocutors in the Hegelian school

### **Michael Bakunin Roots Of Apocalypse Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Michael Bakunin Roots Of Apocalypse PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and

empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Michael Bakunin Roots Of Apocalypse PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Michael Bakunin Roots Of Apocalypse free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
