My Soul Is Rested Movement Days In The Deep South Remembered:

My Soul Is Rested Howell Raines, 1983-09-29 A superb oral history The Washington Post Book World So touching so exhilarating no book for a long time has left me so moved or so happy The New York Times Book Review The almost unfathomable courage and the undying faith that propelled the Civil Rights Movement are brilliantly captured in these moving personal recollections Here are the voices of leaders and followers of ordinary people who became extraordinary in the face of turmoil and violence From the Montgomery Bus Boycott in 1956 to the death of Martin Luther King Jr in 1968 these are the people who fought the epic battle Rosa Parks Andrew Young Ralph Abernathy Hosea Williams Fannie Lou Hamer and others both black and white who participated in sit ins Freedom Rides voter drives and campaigns for school and university integration Here too are voices from the Down Home Resistance that supported George Wallace Bull Connor and the traditions of the Old South voices that conjure up the frightening terrain on which the battle was fought *My Soul Is Rested* is a powerful document of social and political history as well as a magnificent tribute to those who made history happen

Black, White, and Southern David Goldfield, 1991-01-01 In *Black White and Southern* David R Goldfield shows how the struggles of black southerners to lift the barriers that had historically separated them from their white counterparts not only brought about the demise of white supremacy but did so without destroying the South's unique culture Indeed it is Goldfield's contention that the civil rights crusade has strengthened the South's cultural heritage making it possible for black southerners to embrace their region unfettered by fear and frustration and for whites to leave behind decades of guilt and condemnation In support of his analysis Goldfield presents a sweeping examination of the evolution of southern race relations over the past fifty years He provides moving accounts of the major moments of the civil rights era and he looks at more recent efforts by blacks to achieve economic and class parity This history of the crusade for black equality is in the end the story of the South itself and of the powerful forces of redemption that Goldfield attests are still working to shape the future of the region

The Three Roosevelts James MacGregor Burns, Susan Dunn, 2001 Examines the lives of American leaders Theodore Franklin and Eleanor Roosevelt looking at how they emerged from lives of privilege to become the instigators of progressive change in the United States and considering their impact on the political and moral landscape of the country

Sweet Land of Liberty? Robert Cook, 2013-12-16 A powerful and moving account of the campaign for civil rights in modern America Robert Cook is concerned less with charismatic leaders like Martin Luther King and more with the ordinary men and women who were mobilised by the grass roots activities of civil rights workers and community leaders He begins with the development of segregation in the late nineteenth century but his main focus is on the continuing struggle this century It is a dramatic story of many achievements even if in many respects it is also a record of unfinished business

Writing Southern Politics Robert P. Steed, Laurence W. Moreland, 2021-12-14 Scholars journalists writers and

pundits have long regarded the South as the nation's most politically distinctive region. Its culture, history, and social and economic institutions have fostered unique political ideas that intrigue observers and have had profound political consequences for the nation's citizens, politicians, and policymakers. *Writing Southern Politics* is the most comprehensive review of the large body of post-World War II literature on southern politics. Since the publication of V. O. Key Jr.'s landmark work *Southern Politics in State and Nation* (1949), scholars have produced an astounding number of books, monographs, professional journal articles, and research papers addressing elements of continuity and change in southern politics. The contributors to this book sort through the literature, identifying major themes, examining areas of scholarly disagreement, and making the key dimensions and contours of the region's politics understandable. Individually, the essays in this volume identify and clarify the key writing and research in selected subfields of southern politics, including religion, race, women, and political parties. Collectively, the essays identify and discuss the major components of and trends in southern politics over the past half century. The contributors, some of the foremost scholars in the field, have been heavily involved in researching and writing about southern politics during the past three decades and have observed the development of many of the research projects that form the foundation of southern political literature. In many instances, their own writings are included in the body of literature they discuss, bringing unique skills, research, and perspectives to their original essays. In addition to reviewing existing literature, *Writing Southern Politics* also includes suggestions for a future research agenda. Not all aspects of the region's dramatic fifty-year transformation have been fully explored, and the continuation of this development ensures new avenues to examine. The discussion of past research and writing is an invaluable tool for understanding the trends in southern politics over the past half century. By examining these trends and developing an agenda for future research, the authors provide a roadmap for identifying the changes that will likely shape the region over the next half century.

A Companion to American Women's History Nancy A. Hewitt, 2008-04-15 This collection of twenty-four original essays by leading scholars in American women's history highlights the most recent important scholarship on the key debates and future directions of this popular and contemporary field. Covers the breadth of American Women's history, including the colonial, family, marriage, health, sexuality, education, immigration, work, consumer culture, and feminism. Surveys and evaluates the best scholarship on every important era and topic. Includes expanded bibliography of titles to guide further research.

Down to the Crossroads Aram Goudsouzian, 2024-07-02 A nuanced and engaging look at what was one of the last major marches of the civil rights movement. *Wall Street Journal* In 1962, James Meredith became a civil rights hero when he enrolled as the first African American student at the University of Mississippi. Four years later, he would make the news again when he reentered Mississippi on foot. His plan was to walk from Memphis to Jackson, leading a March Against Fear that would promote black voter registration and defy the entrenched racism of the region. But on the march's second day, he was shot by a mysterious gunman, a moment captured in a harrowing and now iconic photograph. What followed was one of the central dramas of the

civil rights era With Meredith in the hospital the leading figures of the civil rights movement flew to Mississippi to carry on his effort They quickly found themselves confronting southern law enforcement officials local activists and one another In the span of only three weeks Martin Luther King Jr narrowly escaped a vicious mob attack protesters were teargassed by state police Lyndon Johnson refused to intervene and the charismatic young activist Stokely Carmichael first led the chant that would define a new kind of civil rights movement Black Power Aram Goudsouzian's *Down to the Crossroads* is the story of the last great march of the King era and the first great showdown of the turbulent years that followed Depicting rural demonstrators' courage and the impassioned debates among movement leaders Goudsouzian reveals the legacy of an event that would both integrate African Americans into the political system and inspire even bolder protests against it Full of drama and contemporary resonances this book is civil rights history at its best An estimably well researched and pitch perfect work of history Goudsouzian's well written book is a model of authoritative and jargon free scholarship The Washington Post Compelling prose and exciting storytelling This book is a must read for anyone curious about the sixties and about the roots of the political movement that elected Barack Obama president Henry Louis Gates Jr Alphonse Fletcher University Professor and director of the Hutchins Center for African and African American Research Harvard University

A Different Day Greta de Jong, 2003-04-03 Examining African Americans' struggles for freedom and justice in rural Louisiana during the Jim Crow and civil rights eras Greta de Jong illuminates the connections between the informal strategies of resistance that black people pursued in the early twentieth century and the mass protests that emerged in the 1950s and 1960s Using evidence drawn from oral histories and a wide range of other sources she demonstrates that rural African Americans were politically aware and active long before civil rights organizers arrived in the region in the 1960s to encourage voter registration and demonstrations against segregation De Jong explores the numerous often subtle methods African Americans used to resist oppression within the confines of the Jim Crow system Such everyday forms of resistance included developing strategies for educating black children creating strong community institutions and fighting back against white violence In the wake of the economic changes that swept the South during and after World War II these activities became more open and organized culminating in voter registration drives and other protests conducted in cooperation with civil rights workers Deeply researched and accessibly written *A Different Day* spotlights the ordinary heroes of the freedom struggle and offers a new perspective on black activism throughout the twentieth century *Let the People Decide* J. Todd Moya, 2004 *Let the People Decide* Black Freedom and White Resistance Movements in Sunflower County Mississippi 1945-1986
